

CARRANZA QUILTS AS MEXICO CHIEF

Places Resignation Before Delegates in General Conference of Southern Leaders.

QUESTION FIERCELY DEBATED

Desultory Fighting on All Sides of Naco Marks Opening of Attack on Town by Maytorena.

BULLETIN.

MEXICO CITY, Oct. 4.—Shortly before midnight tonight the delegates to the general conference of southern chiefs rejected by an almost unanimous vote the resignation of General Venustiano Carranza as first chief of the constitutionalists.

A commission was sent to the national palace to ask General Carranza to accept once more supreme power.

MEXICO CITY, Oct. 4.—General Venustiano Carranza placed his resignation as first chief of the constitutionalists before the delegates to the general conference of southern chiefs shortly before 8 o'clock tonight. From that time until a late hour tonight the question of whether the resignation should be accepted was fiercely debated with no immediate prospects of a vote.

Orators opposed to the acceptance of General Carranza's withdrawal were repeatedly cheered by delegates and spectators. A motion was made that the first chief be informed that it would be impossible to accept his patriotic act of abandonment, but the hours passed without a vote being taken on the motion owing to the turmoil in the chamber.

Fighting at Naco. NACO, Sonora, Mexico, Oct. 3.—Desultory fighting on all sides of the town marked the opening tonight of the attack by Governor Maytorena's Villista forces on General Benjamín Hill's troops which have been encamped here for a week.

Although both sides are using machine guns, Maytorena's troops seem to have some heavier pieces of artillery than the defenders of the town. American troops patrolled the international boundary and turned back wounded men who sought refuge at the medical attention in Naco, Ariz.

Yaquis Give Warning. Maytorena's troops have been reported as advancing on Naco, Sonora, for two or three days. Bands of Yaquis coming down the arroyos just before dark tonight gave warning that the battle was about to begin.

Hill's forces were defeated last by Maytorena's forces at Santa Barbara, east of here, in an encounter in which a round 100 men were killed or severely wounded.

The German batteries which had been supporting the infantry attack were silenced by Russian artillery. The enemy then retired for a distance of eight miles, pursued by Cosacka, who crossed the river by means of the pontoon bridge which the Germans had built.

Advance on Transylvania. A correspondent of the Exchange Telegraph company at Rome says a dispatch had been received from Bucharest saying that after occupying the principal cities of Bukovina (a crown land of Austria-Hungary), the Russians have begun an advance on Transylvania, Austria, hoping to defeat this serious menace, has concentrated in the west Carpathians several army corps, and a big battle is imminent.

Announcement of Staff. PETROGRAD, Oct. 4.—The following official announcement from the general staff has been issued: "The battle at Augustov continued to develop with extreme ferocity on October 2. The enemy relaxed his positions to the north of Lake Yuki, carrying out furious attacks on the side of Ratchki and Borzhmene, in an effort to occupy the western roads leading out of the Augustov forest."

"On the road to Lods and Schilichki the first division of the German cavalry attempted to check the offensive tactics of the Russian cavalry. "The engagement took place at dusk, but the squadrons of the enemy were put to flight and completely dispersed, sustaining heavy losses. They carried along in their rout the infantry which was protecting them."

"The Russian troops have occupied Razerod, Kalvary and Mariampol, all in Russian Poland. "Insufficient engagements have taken place in the neighborhood of Kielce, on the right bank of the Vistula."

"In the Carpathians the Russian troops repulsed near Mikolitsch an Austrian detachment, which lost its cannon and mitrailleuses."

Your Sick Child Is Constipated! Look At Tongue

When cross, irritable, feverish, stomach sour, breath bad or has stomach-ache, diarrhoea, sore throat, full of cold, give a teaspoonful of "California Syrup of Figs" and in a few hours all the constipated poison, undigested food and sour bile gently moves out of its little bowels without gripping, and you have a well, playful child again.

Mother can rest easy after giving this harmless "fruit laxative," because it never fails to cleanse the little one's liver and bowels and sweeten the stomach and they thereby have the pleasant taste. Full directions for babies, children of all ages and for grown-ups printed on each bottle.

promises to fill all the garages this week. Over 1,000 rooms are now listed at the free information bureau, 3519 Howard street, along with garage and other information for the service of visitors. Two large signs are hung at the depot, directing newcomers to the bureau, and every possible help is prepared for the accommodation of the throngs.

Heard on the Highway. Cushion-footed camels with ugly faces prove to be quite docile and like to be petted. They are not so tame as a jack is immeasurable. There is also a baby camel with an elephant's appetite.

Some folks have got so accustomed to the push-and-puller street cars that when they enter the carnival gates, they try to push their tickets into the tops of the trolleys.

A regular wine press has been erected near the main entrance, and folks can see big malaga grapes made into sweet wine on the main street. An old-fashioned cider press also does a big business.

Regardless of the record breaking attendance, sidewalks experienced this year than ever before. The big crowd consisted of the whole town and its own members, and passed the time without resorting to any rough work.

The out-of-town element is much in evidence. Many have a more fun than the Omahans, to whom the carnival seems a never ceasing novelty. In fact the home talent is more demonstrative, although the country visitors are far from slow in the heat of the small confetti engagements.

The thrill producers such as the Ferris wheel, the organ, the shooting gallery, are taxed to the last notch during the evenings, and many an individual succeeds in capturing one of the big baubles that are proving so popular with everybody.

Among the lunch and refreshment booths on the highway are two run by the municipal leagues of Benson and Florence. In front of the both of the Letter Carriers auxiliary, well known mail men with megaphones deliver male invitations to sample tempting pastry and coffee made by the city.

Omaha has into a few freaks of its own, according to Charles H. Armstrong, who runs several pits shows on the Plaza. He says he has been offered a number of oddities and freaks, both human and animal, since the carnival opened in Omaha. However, he has no intention of accepting any of them.

"I want a thin husband with a fat pocketbook," says Mildred Smith, the skeleton dancer. She is seven feet tall, weighs eighty-five pounds and is 2 years of age. It is said that she is the only prepossessing tall girl in the show business.

Cowboy Jim, our regular little mayor, was an interested visitor at Malifornia. Frank's wild west. After seeing the larrikin and shooting stunts, he decided that he has no monopoly on the western stuff. The Arabian dancing horses are a feature of the performance, which alone would make it worth seeing.

It is rumored that like Haroun-al-Raschid of old, the new king mingles with his subjects in the guise of a common troickler, and partakes of the plebian pleasures of the city. He this as it may, the old king could well enjoy himself in Omaha and do honor to his position in life, and though all the monarchs of Ak-Bar-Ben were to combine their reigns of years, they would find it hard to duplicate such funmaking as prevails at the present festival.

The Arabian dancing horses are a feature of the performance, which alone would make it worth seeing.

One of the day booths is the lunch counter run by the women of the Lutheran Church Aid society. They serve delicious coffee, pies, sandwiches and soft drinks, and apply the proceeds to church work.

Among the military effects on the grounds each evening is a bombardment of red fire directed by General Grouch from behind smold glass fortifications.

R. NOT AGAINST STATE PROHIBITION IN OREGON

PORTLAND, Ore., Oct. 4.—Colonel Theodore Roosevelt sent a message today to William E. Johnson of the Anti-Saloon league here, denouncing as untrue reports that he had declared against state-wide prohibition, which is an issue in Oregon this year. The message reads:

"I am informed that my name is being used by certain unscrupulous and other organizations against the cause of temperance, and that statements purporting to come from me are quoted to give the impression that I have declared against state-wide prohibition in other states where the issue is up in this election. I have made no statements of any kind or sort to warrant such use of my name. Where I have spoken at all on the subject it has been with reference to the special needs of the state on which I spoke and the utterances which I have made are public and accessible to every one."

SUFFRAGISTS' PARADE AT FALLS CITY SUCCESS

FALLS CITY, Neb., Oct. 4.—(Special Telegram.)—The largest suffrage parade ever given in southeast Nebraska was a feature of yesterday's festival, the success of which was largely due to the efforts of Mrs. P. T. McGarr. Sixty-five floats and cars of the drum corps from the national soldiers' home of Leavenworth, the Falls City military and carnival bands, old soldiers and federated trades were in line. Floral autos and floats represented: "Enfranchised States," "Nebraska Next," "The World's Peace," "The Woman's Christian Temperance union clubs, lodges, schools, business houses and industries of all kinds. The four days' festival has been patronized by immense crowds.

JAPAN REPLIES TO CHINA

Declares Justified in Taking Possession of Railway.

ROAD IS PRACTICALLY GERMAN

Can't Be Regarded as Neutral Property, and Seizure of It Therefore Is Perfectly Proper on Part of Nippon.

PEKING, China, Oct. 4.—Japan's reply to China's protest against the Japanese occupation of the railway line from Tain-Tau to Tai-Nan was delivered today. Japan says, in effect, that it is planning the complete destruction of the German base at Tain-Tau and so is justified in taking possession of the railway, which constitutes an inseparable portion of the German leased territory in China.

In the first place, the Japanese argued, directly controlled by the German government, based on an imperial charter and has the character of a public property.

In the second place, the railway cannot be regarded as neutral property and Japan's seizure of it does not constitute a violation of China's neutrality. The Chinese proclamation defining the limitations of the war zone does not alter the status of the railway.

Thirdly, it is said that the Chinese government insists that there has been no connection between Tain-Tau and the railway since the Japanese invested Tain-Tau and so Germany is unable to utilize the road, but from a Japanese military standpoint it would be dangerous to leave a section of the railway in the rear of the Japanese forces in the hands of the enemy. Indeed, it would be strategically impossible. The argument concludes with the assertion that instances are not lacking to prove that the Chinese government is unable to restrain the Germans from utilizing the railway for warlike preparations and operations.

Child Born After Death Has Called Mother Mrs. Donahoe

Ten minutes after the death of Mrs. T. A. Donahoe, wife of Attorney Donahoe, 317 California street, a daughter was born to her. When the little one entered the world, life was almost extinct, but Dr. A. E. Mack, the attending physician, was able to save the tiny life by means of artificial respiration and hot baths. It was alive late last night, and Dr. Mack is confident that it will live.

The operation following Mrs. Donahoe's death, known in medical circles as the Caesarian sectional operation, is rarely performed successfully, and is seldom attempted.

Mrs. Donahoe died at 8 o'clock Sunday morning, her heart failing before the direct cause. She was 27 years old and was born in Chicago. Beside her husband, four children survive—Mary Ellen, Thomas, Jr., Elizabeth and the daughter born yesterday.

The funeral will be held Tuesday morning at 8 o'clock in St. Cecilia's cathedral, Fortieth and California streets. Father Harrington having charge, assisted by Father Donohoe of Davenport. A brother-in-law of the deceased, burial will be in Holy Sepulcher.

Will Colling, a brother, formerly decorator with the Brandeis stores and later in business here, but now located in Baltimore, will arrive Monday for the funeral.

Nebraska Suffragists Hold Many Meetings on the Suff Field Day

Saturday's Suffrage Field day in every county in Nebraska. Speakers motored out from the various towns and cities in the state and visited many precincts, holding street meetings and many indoor rallies. Mrs. Z. T. Lindsey, county chairman of Douglas county, directed a number of meetings in and around Omaha.

One party, consisting of John L. Kennedy, Mrs. M. H. Munson, Miss Anna Peterson, Mrs. Elizabeth Sullivan and Mrs. J. D. Richardson, motored out to Washington Saturday afternoon.

They found almost the entire population of the village congregated at an auction sale. Waiting until the auction was over, they took advantage of the large crowd and held a most successful suffrage meeting. From Washington they motored to Arlington, where in the evening another enthusiastic meeting was held.

Rheta Childie Dorr addressed a large crowd in Waterloo in the afternoon, going on by motor for an equally large meeting in the evening at Valley. Mrs. D. C. Craighead held a very successful afternoon meeting in Benson.

The suffragists are making arrangements for a complete pull, not only of Omaha, but of Douglas county, to determine in advance of the election the exact strength of the suffrage cause. In Omaha a house-to-house canvass will be made, more than two hundred women having already volunteered to cover the eighty-six precincts of the city.

OLD SOLDIER IS GIVEN JUDGMENT AGAINST WIDOW

BROKEN BOW, Neb., Oct. 4.—(Special.)—A case attracting considerable attention in district court this week was that of Brewster against Root, in which Elshier Brewster, an old soldier 73 years of age, sought to recover \$586 from Melissa Root, an aged woman living near Callaway, loaned her in 1910. The evidence showed that Brewster had taken a mortgage on the Root farm at the time of the loan. According to the defendant's testimony, the plaintiff, Brewster, fell in love with her and they became engaged, Brewster telling her that as long as they were to be married he would make her a present of the mortgage. Brewster instituted foreclosure proceedings and Mrs. Root retaliated by bringing action for damages in the sum of \$5,000. A number of letters were exhibited by the defense as tending to show the amorous attitude of the plaintiff had assumed toward the defendant. At the conclusion of the argument, Judge Hostetter summed up in short order, dismissing the \$5,000 damage suit and found for the plaintiff.
