The attendance at the 1913 series played between New York and Philadelphia was 151,000. The series of the previous season when New York and Boston clubs ensaged an eight game struggle before the Boston Americans finally defeated the New York Nationals set attendance figures at 251,901, which stands as the record today. It is not likely that this quarter of a million mark will be reached in the coming series since neither the Boston no: Philadelphia parks can accomodate the world's series throngs that can find seats and standing room at the New York Polo grounds. It is expected that should the 150,000 marks. If this proves correct the nission assumed charge of the annual inter-league championship, will approach close to 1,500,000, since the aggregate total

but there were twelve series played within the period mentioned, the total number of games being eighty, and it has. been estimated that the average attendance at these games approximated 3,00) Assuming the estimate, as made by former players and officers, to be correct, it would add another 240,005 to the known total attendance of the series to date and bring the aggregate figures within striking distance of 2,000,000 for the twenty-two series played since 1884.

Although neither Boston nor Philadelphia approach New York in the matter of record crowds in these series, both cities have for years furnished large throngs whenever the National or American league clubs were contenders for World's championship bonors. In almost all cases in recent years the size of the crowds have been governed by the park capacities. It is for this reason that New York shows larger average attendance than the two cities that will be represented this year, with 32,017 for twelve games, covering the series of 1904-11-12-13. Boston shows an average of 22,389 spectators for nine games played there in the series of 1903 and 1912. Philadelphia,

"Spike" Shannon, tackle last year on the Creighton varsity squad, appeared in a suit Monday afternoon for the first time this year. Shannon returned Saturday from his home in New Jersey and entered the law department of Creighton. His return will add experience and about 216 pounds to the Creighton line. Shannon's two 17-year-old brothers were recently drafted by the Boston Red Sox from a college team at Orange, N. J. The first secret practice of the year has been held and a number of trick plays taught the men. Grand Island college will be here next Saturday and will attempt to stop the pet formations.
