HOWARD WILL START SUIT

State Auditor to Make Strong Effort to Collect Back Fees.

COUNTIES MUST PAY ARREARS

Ancient Claims for Carriage for Insane to Be Collected from the Various Boards if Court Enters the Order.

(From a Staff Correspondent.)

LINCOLN, Oct. 6.—(Special.)—Suits will be started in supreme court very soon by State Auditor W. B. Howard to compel the payment of amounts due the state from several counties which have so far refused to pay what is due from them on accounts for care of the insane dating back some forty years.

Auditor Howard has been looking up the matter for over a year and when the matter was brought to the attention of some of the counties they promptly paid the amount due or made some arrangements for its future payment. Some counties have refused to pay the amount or at least have paid little attention to the matter. The amounts due aggregated in the principal alone to \$37,500. Interest on this amount in some instances has more than doubled the original sum.

The counties which have not up to date either paid the amount in full or made arrangements to cover the payment in the future are Burr, Boone, Gage, Stanton, Dakota and one or two others.

Fifteen years ago the matter was taken through the courts by Douglas county and that county was compelled to pay \$100,000 on the insane account.

It cannot be said just how much the action of the auditor will bring into the state, but it should amount well up toward \$200,000.

Room at School for Blind.

One state institution in Nebraska is not crowded for room, according to Superintendent Abbott of the School for the Blind at Nebraska City.

"A great misunderstanding prevails as to the kind of children this institution is capable of taking care of and educating," said Mr. Abbott this morning, while waiting to have a conference with the members of the Board of Control.

"The general idea seems to prevail that none but those who are really blind and unable to see at all are the ones eligible to the school. This is a mistake, and I wish there was some way the people could be given to understand that we want the children who are not totally blind," said the superintendent.

"We take in children who can see to some extent, but who cannot see sufficiently to read. Those who are near-sighted to that degree that it is difficult to read, and those also whose eyes are so weak that they cannot read, are just as eligible to the instruction in the school as those who have never seen the light of day."

At the present time there are fifty-one students in the school, and there is room for thirty more. Last year there were sixty-four at the school, and some of them taught the blind language who were only partially blind.

C. Chasick, cashier; and M. C. Killen, assistant cashier.

Picnic in Old Cave.

State Superintendent James E. Delzell took his office forces to the "Robbers' cave" as it is known, just south of Lincoln, near the penitentiary, yesterday evening and a picnic dinner was served in the cave.

MISHAPS TO POP-POP RIDERS

Charley Suddeth and Fleckenstein Narrowly Escape Injury.

FLECK SUFFERS BAD SPILL

Engine Ties Up, Throwing Him, While Suddeth, Only by Presence of Mind, Prevents Fall When Tire Blows.

Two narrow escapes from fatalities marked the day's racing at the Stadium Speedway yesterday afternoon. The first mishap occurred to Charley Suddeth, the lad who injured himself in a spill the first day of racing over a week ago. Suddeth blew a tire when hitting the track at ninety-five miles an hour and it was only by remarkable alertness and strength of grip that he held his machine upright on the track and slid home on the rim to safety. In the last race, the free-for-all, Larry Fleckenstein was dumped when his engine tied up on him and locked his wheels. Larry was thrown from the wheel and he and his machine landed on the runway in a heap. Fleck was uninjured and his leather protected him from splinters.

Lewis Vies with McNeil.

Henry Lewis and J. A. McNeil split honors on the day's racing, each winning three firsts. In the six-mile race Lewis was apparently out of the running when his cylinders misfired, but he picked up and by a quick spurt thrust himself into the lead and held it, coming home a winner by several feet.

Two dead heats featured in two races for second place. In a four-mile tilt Morty Graves and Fleckenstein crossed the chalk abreast and in the free-for-all Roy Miller and Dave Kinzie duplicated the feat.

Tex Richards waltzed home with three seconds and Dave Kinzie copped two thirds in addition to his tie for second.

Week Races Cancelled.

It has been decided to cancel the races the remainder of this week owing to the Ak-Sar-Ben and the fact that the machines and riders find it hard to work each day. It burns the engines and the strain affects the riders. The races will be continued again next Saturday and Sunday. Several new riders are expected to arrive in the meantime.

Summary:

First race, four miles: Henry Lewis first, Tex Richards second, Time: 2:44. Second race, three miles: J. A. McNeil first, Larry Fleckenstein second, Morty Graves third, Time: 1:55. Third race, five miles: Henry Lewis first, Tex Richards second, Dave Kinzie third, Time: 3:29. Fourth race, four miles: J. A. McNeil

Seeley and Duncan Are Back in Coyote Foot Ball Squad

VERMILION, Oct. 6.—(Special.)—Abe Seeley and Big Duncan, leading aspirants for guard, who were kept out of the state game Saturday, one from scholarship, the other from physical difficulties, were out in suits last night, the first time for a week. Both had practically overcome their troubles. Quigley was also reported up and ran the scrubs from quarter.

Ex-Captain Charlie Brown hove in Saturday for the state game, and last night took his place as assistant coach, and will devote this week to remedying the weak spot in the center-line for the Nebraska conflict Saturday.

All the men except McCormick and Brown, the ends, came through Saturday's game in fine shape physically, and these men will not be seriously incapacitated. In deference to sore muscles and bruises, Coach Cortright devoted the evening to signal work, punting and racing the men about the quarter-mile oval.

DILLON GETS DECISION OVER PUEBLO FIREMAN

KANSAS CITY, Mo., Oct. 5.—After ten fast rounds, Jack Dillon, heavyweight of Indianapolis, was awarded the referee's decision over Jim Flynn, the Pueblo fireman, here last night. The match was one of hard hitting from the outset, both men landing telling blows. The men apparently were about evenly matched in fighting, but Dillon placed more blows than the Colorado fighter. There were no knockdowns and no round was dis-

Split Double Bill.

NEW YORK, Oct. 6.—New York and Philadelphia wound up the National league season today by dividing a double header. The ex-champions easily won the first game by a score of 5 to 1, while the visitors took the second, 3 to 0. McGraw used all his youngsters in the two games. They held up well behind Ritter's splendid pitching in the first game, but fell to pieces in the second game, when Philadelphia had no trouble piling up runs.

Keep warm—save vitality!

"The coming of bitter cold makes it necessary to again warn old people and children especially of the importance of preserving the body's vitality by keeping in the heat of the wind. Disease germs flourish when the body is chilled. Exposing yourself unnecessarily to cold puts an extra load upon the heart. Keep the home all over at uniform temperature, particularly avoiding cold, drafty floors which chill the big blood vessels at ankles." That is why health authorities so strongly endorse

IDEAL Boilers and AMERICAN Radiators are used to warm and ventilate the leading hotels, sanitariums and baths at Aix-les-Bains, Nice, the Riviera, Carlsbad, Marienbad, Cairo, Simla, Japan, Florida, Southern California, etc. These facts should point the right heating way to you!

IDEAL Boilers and AMERICAN Radiators are now put in old or new cottages, mansions, stores, schools, churches, etc., without disturbing occupants or tearing up floors or partitions. Their big savings in fuel and absence of repairs soon repay their cost. Will outwear the building. Write, phone or call today for free book, "Ideal Heating."
