

By MELLIFICIA Wednesday, October 7, 1914.

ONE of the cablegrams from Brussels states Prince de Choy has been taken for espionage. The news has started quite a number of friends here.

The prince and another friend of high rank visited Omaha last summer inco, but as this was the prince's second visit here and the fact that the distinguished guests had arrived, and the reporters were after the prince for interviews.

The prince had spent a number of weeks in San Jose, Cal., with Judge and Mrs. Lieb, parents of Mrs. Charles D. Armstrong, of Omaha, and on his first visit to Omaha he was their guest. He has also been entertained by Major and Mrs. Hartmann, Miss May Mahoney and Miss Alice Switzer. The latter two were entertained by the prince and other members of the nobility of Belgium while abroad.

The prince, who has traveled extensively to all parts of the globe, has some rather good ideas on international marriage. He said he would never marry an American girl, because the rigid etiquette of the Belgian court made the position of an American not accustomed and brought up with it, too difficult. "But," he said, "having known American girls, I never could marry a European."

The prince's record is rather daring. He was an intimate friend of the late King Leopold and had charge of one of the districts in the Congo rubber trade. Their cruelty to the native who did not bring in sufficient rubber to please the managers, caused considerable scandal in the business world.

Many interesting experiences in America have been related by the prince. Shortly after arriving in this country the Vanderbilts invited him to their summer "cottagè" at Newport. Thinking it was some small place in the country for "roughing it" he neglected to take anything but clothes suitable for morning wear. Imagine his surprise when he saw their Newport home.

"Wearing jewels with shirt waist and tailor suits" also puzzled his highness.

The Croy or Croix family are one of the older families of Europe, and when the sons become of age they are allowed to become citizens of either Germany or Belgium. The prince chose Belgium and his brother chose Germany, and the latter is an officer in the German army.

The duke de Croy, who married Miss Nancy Leishman, daughter of the ambassador to Germany, is a cousin of the prince.

Gathering Figures For Congress With View to Appropriation.

NEED MORE ROOM FOR MAIL

Facilities at Railroad Terminals in Omaha So Cramped with Increasing Business that It Must Be Believed.

Figures are being gathered in Omaha on the postal business of the city with a view to making a showing to congress next winter when an appropriation will be asked for the building of a suitable postoffice terminal at the Union station. Congressman Lobeck has introduced a bill providing for an appropriation of \$500,000 for the erection of such a terminal.

In 1904 the receipts of the Omaha postoffice were \$54,705. This year, which is a decade later, the estimated receipts are \$1,501,000 or more. At this rate another ten years would bring the annual receipts up to over \$3,000,000. The growth is due to the rapid growth of business conditions generally, the parcel post and good management of the office.

Ten years ago a floor space of 9,000 square feet was sufficient to transact all the business of the postoffice, but several branch stations have become necessary since that time. Besides the government has had to rent over 7,000 feet of floor space at the Union and Burlington stations to handle the mails. The railroad mail service could use over 15,000 square feet of space today to properly handle the mails at the stations.

Those interested have found that ground values along Tenth street at the Union station is about \$3 a square foot. Thus it would cost \$11,700 for a site of about 3,900 square feet. The improvements now on the ground would make the whole property cost about \$40,000. Along Eleventh street there is some unimproved land here would cost about \$9,750. The mall would be sent to this terminal and sorted for distribution there.

Botta will superintend the sale.

Sick Children Love Cascarets For the Bowels

Get a 10-cent box now. Most of the ills of childhood are caused by a sour, disordered stomach, sluggish liver and constipated bowels. They catch cold easily, become cross, listless, irritable, feverish, restless, tongue coated, don't eat or sleep well and need a gentle cleansing of the bowels—but don't try to force a nauseating dose of oil into the little one's already sick stomach—it is cruel, needless and old-fashioned. Any child will gladly take Cascarets Candy Cathartic which acts gently—never gripe or produce the slightest uneasiness—though cleanse the little one's system, sweeten the stomach and put the liver and bowels in a pure, healthy condition. Full directions for children and grown-ups in each package. Mothers can rest easy after giving the gentle, thorough laxative which costs only 10 cents a box at any drug store.—Advertisement.
