

Nebraska DEMOS SEE JOBS SLIP AWAY

Split in Party Such that Faithful Are Left in Lurch.

BRYAN'S COMING STIRS THINGS

Belief that His Appearance Now Will Only Make Trouble More Pronounced—Collins Tells What's Happening.

(From a Staff Correspondent.) LINCOLN, Oct. 8.—(Special.)—Democrats in Lincoln are beginning to see the fat job slipping away, slowly but surely. Jobs which have been held by republicans from Nebraska have from time to time been filled by democrats from some other state. Frank W. Collins, who for many years has been holding a good political job in Washington, comes some minus a job, but a democrat from some other state fills his place. He reports also that hundreds of democrats have been appointed to different places in the department in which he labored for many years, but none of them has the Nebraska mark.

"Waiting and watching" has brought much allied glory to the democratic administration policy, but to the anxious and hungry democrat who has been watching the democratic pie counter and waiting for the pie to be shoved across, it has brought nothing but weeping and wailing and gnashing of teeth in Nebraska.

Thompson Coming. W. H. Thompson, the chairman of the democratic state committee, who has no other way to come to Lincoln tonight. Whether he will bring tidings of great joy, or whether he will still be humming "Watch and Wait, My Brother," is not known, and many of the faithful express the feeling that they "don't give a darn," only they put it stronger. The situation in republican circles in the memorable conflict of 1912 is peaches and cream as compared to the feeling which exists among Lancaster democrats at the present moment.

Some are of the opinion that when Dick Metcalfe comes to Nebraska next week and takes up the burden that the troubles of the faithful will melt like the morning dew before the rising sun, while others say, "Bryan has fixed him up with a job and nothing to do in order to save the money," he can't tell us where we must head in. Others are pinning their faith that when Secretary of State Bryan comes home there will be a tumultuous rush for the band wagon, but there is nothing certain about that. Bryan's coming is looked upon by even some of his friends as ill advised, as it will only open up the already acute situation in the Lincoln postoffice fight and split things open further than ever.

Say They'll Keep Busy. It is announced at democratic headquarters that from now on the campaign is to be waged with unabating fury against the common enemy, the republicans, but with such strong democratic war horses as John Gilligan, Felix Newton and many others openly conferring with the enemy, it is likely that the democrats may find themselves savagely attacked from the rear and forced to take to the tall timber in search of shelter.

BABY'S HEAD IN WATERY PIMPLES

Top Almost Solid Eruption. Pimples in Patches. Would Inflammate and Fester. Hair Fell Out in Bunches. Used Cuticura Soap and Ointment. Head Well.

R. R. No. 1, Kyle, Ohio.—"My baby's head when about a year old began to break out with small watery pimples causing her head to itch. She would scratch her head till the blood came causing the top of her head to be in almost a solid eruption. The pimples at first were nearly as large as a pea and in patches which would inflame and fester and when they would come open would leave a kind of wet scales there for a few days. When they dried up it would leave scales on her head that caused her hair to fall out just in great bunches.

"Her head was this way for nearly a month and I had washed her head with different kinds of soap and used different salves but to no success. One day I happened to see Cuticura Soap and also Cuticura Ointment advertised in a paper and I ordered a sample of each. They seemed to help her head so much that I purchased a cake of Cuticura Soap and a box of Cuticura Ointment and in two weeks' time her head was sound and well. Her hair had stopped falling out and was also free from dandruff." (Signed) Mrs. J. L. West, Feb. 29, 1914.

Samples Free by Mail Although Cuticura Soap (2c) and Cuticura Ointment (5c) are sold by druggists and dealers throughout the world, a sample of each with 32-p. Skin Book will be sent free upon request. Address post-card: Cuticura, Dept. T, Boston.

ARE YOU FULL OF URIC ACID?

Health Insurance for Meat Eaters A well known authority states that the blood of every meat eater in America is filled with uric acid, the greatest foe of the kidneys. The kidneys fight uric acid, something they were never meant to do. The result is they become weak from overwork, they get sluggish, the eliminative system of the body is retarded, the blood is filled with uric acid, and it will lead to such fatal diseases as Dropsy and Bright's Disease. Nearly all rheumatism, headaches, liver trouble, nervousness, constipation, dizziness, sleeplessness and bladder disorders come from weak, sluggish kidneys. You can help the kidneys and put them in good working order again by getting from your druggist, under five ounces of Rheumastat, take two spoonfuls in a glass of water before breakfast each morning and in a few days your kidneys will perform their duties in a perfect manner. Rheumastat flushes the clogged kidneys and stimulates them to action. It cleans out the stomach and intestines of all poisonous matter and leaves the intestinal canal clean and sweet. Rheumastat is very inexpensive. It acts quickly without griping or nausea. Delicately and palatably prepared. Rheumastat is prepared by the famous health chemist, Minneapolis, Minn.

NORTHWESTERN BURNING OIL Annual Report Shows to What Extent it Has Replaced Coal.

MANY MILLION GALLONS USED

Funeral of George Fairchild, Who Died at Wilber, Will Be Held Saturday Morning at Columbus.

(From a Staff Correspondent.) LINCOLN, Oct. 8.—(Special.)—According to a report filed by the Northwestern railroad with the State Railway commission this morning the operating expenses of the road amounted to \$4,622,426.35 for the fiscal year. The revenue amounted to \$7,015,972.38.

The report regarding the amount of fuel used by locomotives indicates that the Northwestern company has gone into the use of oil extensively as fuel for its locomotives, the report showing that 31,076,871 gallons were used during the year. The coal used amounted to 37,885 tons, while wood amounted to 1230 cords. In the operation of its engines they consumed 1,850,000 miles, making about 15.12 pounds of fuel per mile.

During the year there were sixty-eight employees injured and one killed, twenty-two passengers injured, three postal clerks hurt and twenty-one other people injured and six killed.

Butte Man Declines. J. R. Beatty of Butte, who received the progressive nomination for the state legislature has notified the secretary of state that he declines to be a candidate of that party. He was a candidate for the republican nomination, but was defeated. He says he is a republican and does not care to split up the vote, which might enable a democrat to slip in, therefore, while an admirer of Roosevelt, he cannot accept the nomination.

Sackett on Stump. Harry E. Sackett, progressive candidate for governor, will put in all of next week campaigning in Pierce, Madison, Antelope, Boone, Nance, Platte, Seward and York counties. On Monday night he will speak in Norfolk, Tuesday night in Neligh, Wednesday night in Columbus, Thursday forenoon in Seward and in the afternoon at the fall festival in York. Saturday will be devoted to Lancaster county.

Comes Back on Visit. W. S. Kirkpatrick of Atlanta, Ga., a former Nebraska newspaper man, but now connected with the Hearst syndicate of papers in the east and south, is visiting in Lincoln this week. His home was formerly in Pawnee City. For some time he was connected with the State Journal of this city, but went from here to Montana. Since that time he has been connected with papers at Kansas City, New York and other large cities.

Fight on Hyers' Fall. Several attempts have been made to connect up Sheriff Gus Hyers of Lancaster county with some sort of a deal which would encompass his defeat. Suits have been brought in court on alleged allegations that Gus had not performed the duties of his office according to law, but each time the suits have been dismissed. Now again other suits have been started, but today it is announced that these too have fallen flat because the attorney who brought the cases did not know which court they should be brought in and picked the wrong place.

It is now alleged of reliable authority that the democrats and bull moose candidates for sheriff have framed up a proposition to get the sheriff's goat. One of them is going to work republican dry votes while the other is supposed to pull the republican wet votes away from Hyers. It is figured if they can pull enough away from the sheriff by this combination that one of them can slip through.

Funeral of Fairchild. The funeral of George Fairchild, state examiner of registry, who died at Wilber yesterday, will be held at Columbus Saturday morning at 10 o'clock. Auditor Howard will attend and the office forces will give a floral piece in memory of the loss of their fellow worker. The office of the auditor was closed during the afternoon while the body was passing through the city and the members assisted in the transfer of the casket to the Columbus train. Henry Seybaur accompanied the body from Wilber to Columbus.

Cruise of Stolen Submarine Comes to an Abrupt End

LEIGHORN, Italy, Oct. 8.—The cruise of the Italian built submarine, which disappeared from the Gulf of Spezia some days ago, and later turned up at Ajaccio, Corsica, has come to an end. The French authorities at Ajaccio, who took possession of the vessel, asked Paris what disposition they should make of it. Paris communicated with Rome, Italy, sent a destroyer to get the submarine, and there is every reason to believe that it is now on its way home, under this cover.

This submarine was under the command of a retired naval lieutenant, Angelo Belone, who, leaving a letter in which he said Italian neutrality was a mistake and that it was the duty of every Italian to work individually to bring about Italian intervention in the present war, headed for the open sea. Here, Belone said to his crew that he had been entrusted with a secret mission and that he was on his way to the island of Corsica.

On arriving at Ajaccio, the crew began to suspect that all was not right with the expedition. They voiced their suspicions to the port authorities, who at once took possession of the vessel. All the members of the crew returned to Leighorn today from Corsica and the submarine will be in the hands of its owners in a few days.

Final Consideration of War Revenue Bill Begins in the Senate

WASHINGTON, Oct. 8.—Final consideration of the war revenue bill began in the senate today, when the measure as perfected by the democratic senate caucus was reported favorably by the finance committee.

But a single change was made in the bill, and this will be proposed as an amendment to the tax on cigarette manufacturers. Under the amendment manufacturers making up to 15,000,000 cigarettes a year will pay 12 1/2 cents; those manufacturing from 15,000,000 to 25,000,000, 15 cents; and those manufacturing more than 25,000,000, 18 cents.

The committee left to a sub-committee the dispute over the tax on domestic wines, and if a compromise between Pacific coast and central states wine growers is reached it will be presented in the form of an amendment to the bill.

A flood of petitions protesting against the stamp tax on proprietary medicines as adopted by the committee was presented to the senate by Senators Townsend, Chamberlain and Burton, each of whom had a sheaf of telegrams denouncing the proposed tax.

Chairman Simmons of the finance committee summed the opinion that the senate would pass the bill before the end of next week and clear the way for adjournment of congress.

Montenegrins Take Towns in Herzegovina

PARIS, Oct. 8.—A Havas agency dispatch from Cetinae says Montenegrin detachments operating in Herzegovina inflicted heavy losses on the Austrians and occupied important strategic position near Gataiko. After hard fighting the Montenegrins occupied Abiak, Stephen and Kljulich, taking a large number of prisoners and much ammunition. The Montenegrin offensive operations toward Sarajevo are developing favorably. The dispatch stated that an Austrian aeroplane, while seeking to observe the French batteries, was hit with shells and fell into the sea.

Teutons Succeed in Crossing the Nethe After Bloody Battle

LONDON, Oct. 8.—The Germans succeeded in crossing the river Nethe early on Tuesday, according to the Times correspondent in Antwerp. Telegraphing under date of Tuesday night he says: "At 4 o'clock this morning the Germans succeeded in making good their footing on the north side of the river Nethe. Three times during the night small detachments had got across and were driven back or wiped out."

"Two thousand Germans were on this side of the river, I believe, by 6 o'clock this morning and since then they have by all accounts been coming in numbers."

"Presumably Antwerp will now have to submit to a bombardment or perhaps to a siege."

"Two boats leave in the early morning with the last of the English and French colonies and with both the consuls on board. The consuls are going because their usefulness is absolutely at an end. The burgomaster has issued notice that no restriction will be placed on the departure of the civilians, population and great numbers probably will go tonight or tomorrow while the roads to Ghent and Holland are still open."

"Presumably the boats mentioned will be the last to leave, as Antwerp is putting its house in order. We still cling to the hope that the enemy may yet be driven back across the river tonight or tomorrow."

Rain Damage Immediately Repaired By Dresher Bros.

Large Dresher Force Starts In Cleaning and Pressing Rain Soaked Garments a Half Hour After Parade Visitors Are Saturated.

Wednesday night's downpour during the glories of the famous A-Sar-Ben Electrical Parade, is certainly to be deplored. Dresher Brothers, the Cleaners and Dyers, at 2211-2213 Farnam street, are heartily in sympathy with the out-of-town folk who came to be entertained, but who had their clothes ruined by an unrelenting rain. However, Dresher Brothers, like all other up and doing Omahans, want to repair a damage as quick as possible, since it was utterly impossible to avert the damage in the first place. The immense Dresher cleaning establishment opened up last night immediately after the rain soaked participants broke ranks; dozens upon dozens of people left garments with Dresher last night as late as 11 p. m. so that they might "be presentable tomorrow." Bright and early Thursday morning the garments were in perfect shape and the rain soaked people of the night before were happy again. Dresher promise immediate attention to those who suffered from the showers. Their work will be given preference. The Dresher force started in at 5 a. m. today and hundreds of garments will be made presentable and nicely pressed in a matter of hours. If the rain of Wednesday eve put your plumes out of shape Dresher will recur them in a hurry; if your clothes and dresses are all baggy, uncreased and shapeless because of the rain Dresher will put new life and appearance in them in a jiffy; if your gloves need cleaning, your hats need blocking, or if you want mud stains removed from nice clothes, all this will be assured in a hurry at Dresher Bros.' \$57,000 plant. Dresher are among the thousands of Omahans who would have done anything to avert the showers, but what is the will of mere Omahans against the will of the fierce Rain God. Now that so many thousands of garments are out of commission, Dresher will do their utmost to put them into proper shape again as fast as the largest cleaning plant in the west can do it. Phone Trier 345 for a Dresher man; or leave your clothes at Dresher or the Tailors establishment at 1515 Farnam St.; or at the Dresher Dept. in the Brandels Stores.

A delicious cure for constipation, biliousness, sick headache, sour stomach, indigestion, coated tongue, salivaceous taste. "California Syrup of Figs." For the cause of all this distress lies in a torpid liver and sluggish bowels. A table-spoonful tonight means all constipation, poison, waste matter, fermenting food and sour bile, gently moved out of your system by moving without griping. Please, don't think of "California Syrup of Figs" as a physic. Don't think you are drugging yourself or your children, because this delicious fruit laxative can not cause injury. Even a delicate child can take it as safely as a robust man. It is the most harmless, effective stomach, liver and bowel regulator and tonic ever devised. Your only difficulty may be in getting the genuine; so ask your druggist for a 50 cent bottle of "California Syrup of Figs." Say to your druggist, "I want only that made by the California Fig Syrup Company." This city has many counterfeit "fig syrups," so watch out.
