BRYAN SPEAKS FOR GERARD

Secretary Writes Letter Urging Election of Envoy to Berlin. URGES SENDING HIM TO SENATE. Leaders Afraid Adjourning of Congress Not Reached in Time for Members to Get Home to Fix Fences. WASHINGTON, Oct. 8.—Secretary Bryan entered the New York senatorial campaign tonight when he made public a letter declaring himself in favor of the election of Ambassador Gerard as "an endorsement of the policies of the administration." The letter is addressed to Judge John M. Dowers, formerly Judge Gerard's law partner. Its text follows: "As it will not be possible for me to speak to any large proportion of the citizens of your state, I shall commission you to express the deep interest which I feel in the election of Ambassador Gerard to the United States senate. "Judge Gerard has rendered splendid service at Berlin and there is no reason why his success as a diplomatic representative should stand in the way of his promotion in his home state. "We have had nothing but praise from those who have come in contact with him, and, as you know, he has passed through very trying times. Aside from my appreciation of his work in connection with our foreign service I feel sure he would make an excellent representative of the great state of New York in the United States senate, and his election would also be construed as an endorsement of the policies of the administration of the president and as an intention on the part of the people to support him in the foreign program which he has outlined. "Because of legislative tangies in congress, administration leaders today were fearful adjournment would not be reached in time for many members to get home for their final campaigns for re-election. Word went out from the White House, however, that the president was very anxious that the session conclude by the end of next week. "Will Carry Out Plans. Whether congress adjourns or not, cabinet members will carry out their plans for speaking tours. The democratic congressional committee was busy today making final arrangements for these trips, in which leaders of the senate and house will participate. The itinerary of Postmaster General Burleson has not been finally arranged, but he will speak in Cincinnati, October 19 and later will go to Missouri, Kansas, Iowa, South Dakota, and probably to Illinois. Details will be worked out tomorrow by the congressional committee.

OMAHA FEDERATION OF W. C. T. U. DISBANDED

The Omaha federation of the Women's Christian Temperance union became a thing of the past at a meeting Wednesday afternoon at Baright hall. Mrs. George Conell, who has been the president, was unable to retain the office because of the pressure of her duties as state franchise lecturer for the Women's Christian Temperance union and no one was found who would take her place. Some of the members thought that they had too many meetings to attend and that the work of the federation might just as well be transacted by a council of members from the different unions. The vote to disband was unanimous. Mrs. Conell leaves Saturday for a speaking tour through the state and will not return until the end of the month.

PASSENGER AGENTS TO PASS THROUGH OMAHA

Something like 300 traveling passenger agents of the lines east of the Missouri river will arrive in Omaha at 9 o'clock this morning, coming on two special trains, one over the Milwaukee and the other over the Northwestern. They will remain until 9.35, when they will go west over the Union Pacific as sections of the fast mail. The traveling passenger agents enroute west are going to San Francisco, where they will hold their annual meeting. After the meeting they will tour the Pacific coast, visiting the expositions to be held there next year.

The Twenty-Year Test.

"Some twenty years ago I used Chamberlain's Colic, Cholera and Diarrhoea Remedy," writes Geo. W. Brock, publisher of the Enterprise, Aberdeen, Md. "I discovered that it was a quick and safe cure for diarrhoea. Since then no one can sell me anything said to be 'just as good.' During all these years I have used it and it has never disappointed anyone." For sale by all druggists.—Advertisement.

FLOCK OF PELICANS SEE THE BIG FRATERAL PARADE

A flock of a dozen or fifteen pelicans, flying north, evidently induced to return from the south by reports of Ak-Sar-Ban's fine parades, passed over the court house and The Bee building yesterday during the progress of the fraternal parade. Instead of employing their usual compact formation, their interest apparently being concentrated on the unusual sight below them.

DODGEVILLE, Wis., Oct. 8.—Julian Carlton, insane negro chef, who murdered Mamah Borthwick and five others at the "love cottage" of Frank Lloyd Wright, wealthy Chicago architect, died today from poison he took immediately after the tragedy. Carlton, in an insane rage, set fire to the bungalow, which housed Mrs. Borthwick, her two children and three others. He then stationed himself at a window and killed the occupants as they attempted to escape.
