BRIDGE CASES TO COME UP

Whether Dawson County Will Get Structures Depends on Court.

HENRY MYERS GETS STATE JOB

State Auditor Howard Appoints an Omaha Man to Position of Examiner of County Treasurers—Officers Honor Columbus.

(From a Staff Correspondent.)

LINCOLN, Oct. 12.—(Special.)—Whether Dawson county will get two new bridges across the Platte river, one at Lexington and the other at Overton, will depend upon a decision of the district court of Dawson county. James Radcliffe of that county having made application to the court for a restraining order to prevent the contractors from erecting the structures.

Radcliffe sets out in his application for the restraining order that Dawson county has already expended its limit prescribed by law in which a levy can be made for the building of bridges and also that in the letting of the contract only a minority of the county board signed the same. There are seven members of the board and it is claimed that only three signed the contract for the two bridges.

Under the state aid bridge law the state pays one-half of the expense of building bridges across the Platte river and the restraining order State Engineer D. D. Price and the irrigation board of the state are made parties to the suit. Deputy Attorney General George Ayers has come to Lexington today to appear for the state when the case comes up tomorrow.

Myers Given State Place.

State Auditor W. B. Howard this morning appointed Henry F. Myers of Omaha to the position of examiner of county treasurers to fill the vacancy caused by the death of George Fairchild last week. Mr. Myers was for seven years connected with the auditing department of the Union Pacific railway and was two years chairman of the republican county committee of Douglas county and three years its secretary. He began his duties this morning.

Honor to Columbus.

The state house was closed this afternoon, this being Columbus day, a local holiday. Flags were suspended from the state house flag staffs and some of the offices, notably that of the state superintendent, were decorated in like manner.

Kinney on Visit.

H. A. Kinney, formerly president of the Woodbine Normal school at Woodbine, Ia., is visiting his son, who is employed in the valuation department of the State Railway commission, and also with Assistant Attorney General Frank Edgerton, a graduate of the institution.

Richard L. Metcalfe will begin his speech-making for the democratic ticket tomorrow, speaking at Gibson in the evening. Wednesday he will be at Overton, Kearney and Lexington; Thursday at Cozad and Gothenburg; Friday at Marwell and North Platte, and Saturday at Bridgeport, Mitchell and Scott's Bluff. All of the meetings will be held in the afternoon and evening except at Overton, where he will speak at 10:30 in the morning.

Man Killed in Auto Upset Near Stanton; Two Persons Injured

STANTON, Neb., Oct. 12.—(Special Telegram.)—An automobile, driven by Harry Barr, and containing his wife, Mr. and Mrs. Fred Barr, Mr. and Mrs. David Clark and Ed Finkhouse, turned turtle four and a half miles north of here late Saturday night, when the machine missed a bridge over a creek and the car and its occupants were thrown in the ditch. Fred Barr was found dead, his head and chest crushed and his legs broken. David Clark, Barr's father-in-law, was seriously injured, but is expected to recover. He was badly bruised about the head and had a leg broken. He was unconscious nearly all day Sunday. Mrs. Clark had a leg broken. The other three occupants were only slightly injured.

None of the injured seem to know how the accident occurred. It is presumed that Barr, who had only owned the car three weeks, was traveling at a pretty fast clip and failed to make the sharp curve leading on to the bridge. The right wheels only struck the bridge and the car fell over the embankment.

One Man Killed, Three Injured in Boiler Explosion

BEATRICE, Neb., Oct. 12.—(Special Telegram.)—L. Lindberg, aged 56, was killed and three other men injured at 3:30 o'clock this afternoon when the boiler at the asphalt mixing plant of the Ford Asphalt company in the Burlington yards exploded. The injured: Harry Nies, burned about head and face. George Arnt, cut on head. Jerome Sigafos, ash in back and on head. Lindberg was shoveling sand just west of the boiler when it exploded and he was carried a distance of seventy feet. The body was badly mangled. He died en route to a hospital. A box car standing near the boiler was blown to pieces and the force of the explosion shook buildings for several blocks distant.

Bob Christian, plant foreman, and Charles Van Arsdale and F. H. Howey of this city were standing near the boiler when it exploded and barely escaped being killed.

Mr. Christian is unable to give any reason for the accident, which will stop paving operations for the present.

Sheriff of Cherry Catches Man Accused of Shooting Employee

VALENTINE, Neb., Oct. 12.—(Special Telegram.)—Sheriff Rosmeter returned to this city at noon today, having in custody Charles Drifkorn, charged with murder, after an exciting all-night vigil watching trains along the railroad and an automobile trip of forty miles into the country from the county seat.

Drifkorn, when arrested, was desperate and it was only after the sheriff had him covered that he surrendered.

On Sunday morning Victor Thornton, in the employ of Charles Drifkorn, engaged in an altercation with his employer and was leaving the place when Drifkorn, it is said, shot him through the abdomen with a shot gun. Medical attention was summoned and Thornton was removed to the Valentine hospital in an effort to save his life.

The sheriff and county attorney were notified of his impending death late Sunday evening, it being their first knowledge of the crime, and they immediately had a warrant issued and began a search for Drifkorn.

The crime was committed south of the village of Nemzet, in this county.

PAUL KRUEGER'S NEPHEW DETAINED BY GERMANS

LONDON, Oct. 12.—The Rev. Epka de Warr, a nephew of Paul Krueger, and at one time secretary of state for the Transvaal and a general in the Boer army, arrived in London today, after a two months' detention in Westphalia. Mr. DeWarr is a resident of the Boer colony at Hohenward, Tenn., and is an American citizen, but he was held by the Germans as a British subject because he did not have his naturalization papers with him. He appealed to the American embassy in Berlin and was released.

Question of Caring For Refugees Big Problem in Europe

LONDON, Oct. 12.—The question of caring for refugees is becoming more difficult for all the belligerents. Those from Galicia are so numerous in Bohemia that it has been finally decided, it is said, to build a town to hold 2,000 temporary inhabitants. This town will be on the banks of the Elbe, near Chotzen, in France the problem is serious.

The French minister of the interior, Louis J. Malvy, announces that nearly 1,000,000 refugees from Belgium and the north of France are now harbored in different parts of France. All, however, will be cared for.

In Hungary the number of refugees from the Carpathians is increasing daily. Already there are 3,000. It is reported, in Budapest alone.

They are supported by the state. All the French and Irish Catholic ecclesiastics taken prisoners are receiving special treatment, according to the Prussian minister at Rome, who has notified the Vatican that these prisoners have separate quarters where they can freely exercise their religious functions.

Fall of Antwerp Will Prolong the Big War

LONDON, Oct. 12.—The Bordeaux correspondent of the Times has sent the following dispatch:

"In official circles here it is recognized the fall of Antwerp may prolong the war. The Germans are certain to fortify the forts which will become a base for Zeppelin attacks against the British coast. And yet, it is obvious that, under present conditions, the Germans cannot re-occupy the city by way of the Scheldt river.

"News of lively fighting between Ghent and Termonde, Belgium, where the allies repulsed 40,000 Germans, indicates the far northward reach of the allies' lines."
