## Lambert Wants to Carry Up the Dollar Case for the City

William C. Lambert, assistant city at-  
torney, appeared before the city commis-  
sioners sitting in council and asked that  
the attorney's office be advised to take  
the dollar case to the United States  
supreme court. Mr. Lambert believes the  
city has a case and would be accorded  
judgment by the higher court, and also  
that, due to the clearness of the supreme  
court docket, the case would come up  
within a year's time. The commissioners  
made no decision, as two were absent  
from the meeting, and the matter will be  
taken up at the meeting next Monday.

## BACON & ULLERN TAKE ANDREWS TRACTOR AGENCY

A new farm tractor has entered the  
field. It is called the Andrews' tractor  
and is of the small type, but while being  
a little machine it is declared to be abso-  
lutely qualified for practical work. Bacon  
& Ullern have opened the Andrews' Agency  
at 3518 Farnam street and from  
the interest already manifested, they are  
well on their way to success in their  
venture.

The Andrews' tractor is very different  
from the ordinary tractor which is gen-  
erally very large and to a certain extent  
cumbersome. Large tractors are also  
quite expensive, while the Andrews' is of  
very reasonable price. It is a low affair,  
of simple construction and with a speed  
of four miles an hour. The engine is  
four cylinder, has no valve, no intricate  
lubricating system, is air cooled and has  
a high tension magneto with special dis-  
tributor.

## ASSASSINS ARE INDICTED

Death of Archduke and Duchess of  
Austria-Hungary Officially Fixed.

## TWENTY-TWO ARE IMPLICATED

Gavreto Princip and a List of Ac-  
complices Are Named in the  
Plot and Are Charged  
with High Treason.

LONDON, Oct. 13.—(U. S. A. M.)—Reuters  
company has received a dispatch from  
Sarajevo, Bosnia, saying the indictment  
against Gavreto Princip, the assassin of  
Archduke Francis Ferdinand and his  
wife, together with twenty-one of his ac-  
complices, has been read there.

The men are charged with high treason.  
Three other persons have been charged  
with having concealed weapons, with  
which the outrage was perpetrated.  
The indictment deals at length with  
the Serbian society called Narodna Od-  
brana, in Belgrade, which organized the  
conspiracy, with methods by which the  
bombs and weapons were smuggled into  
Bosnia, and related how the conspirators  
at Sarajevo recruited their accomplices,  
distributed their weapons and took their  
places on the street to await the coming  
of the archducal party.

Princip, under examination, admitted  
that with a second bullet he intended to  
kill Field Marshal Oskar Potiorek, the  
governor of Bosnia, but that he used it  
for the archduches.

Finally, the indictment deals with the  
motives of the outrage and depicts the  
irredentist machinations for a Greater  
Serbia in quarters extending as far as the  
royal court.

## Good Eating at Low Cost

We eat far too much meat. We eat  
meat to excess under the mistaken idea  
that it is necessary to nourish our  
bodies, while we continually pass up  
foodstuffs that (weight for weight) con-  
tain more nutriment and cost consider-  
ably less than meat.

Take Faust Macaroni for instance. A  
10c package of this macaroni contains  
as much nutriment as four pounds of  
beef, and has another big advantage,  
too, in that it is much easier digested.  
And consider the many savory, ap-  
petizing dishes that can be made from  
Faust Macaroni. Write for free recipe  
book today. Your grocer sells Faust  
Macaroni—5c and 10c packages. Buy

## Russian Army is Pursued Across the Frontier of Eastern Prussia

LONDON, Oct. 13.—(U. S. A. M.)—Reuters  
Amsterdam correspondent sends the fol-  
lowing German official communication  
concerning events in the eastern theater  
of the war.

"After their expulsion from East Prus-  
sia the Russian armies were pursued  
across the frontier. The center of the  
German operations is now Poland. The  
whole of Poland west of the Vistula is  
now in German possession, the Russians  
occupying only Warsaw.

"The few kilometers lost by the Ger-  
mans in Russian territory near the East  
Prussian frontier were of little impor-  
tance, as it was never intended definitely  
to occupy or govern Suwalki.

"It is not true that the siege of Os-

Cold weather starting is difficult with or-  
dinary gasoline. Fill your tank with Red  
Crown—the "quick starting" gasoline for  
winter use.

Red Crown is a straight distilled, high-  
power gasoline. It atomizes readily at low  
temperatures. It is all heat and power.

# Studebaker Service Saves Time, Worry and Money

## STUDEBAKER BRANCH BUILDING OMAHA

Studebaker has a wonderful organization of dealers,  
operating not only under the Omaha Branch—but all  
over the United States—drive cross country in your  
Studebaker from Canada to Mexico, from Maine to  
California, and you will never be more than a "town  
distant" from Studebaker Service. "Buy it because it  
is a Studebaker" is not an empty phrase.

And Studebaker is continually subdividing its sell-  
ing territory—either under a Branch, a Distributor or  
direct from the factory. It seeks direct representatives  
in every hamlet and township in Nebraska in order that  
its Service may be still more comprehensive. If this  
message should reach a dealer or garage owner in a small  
town where Studebaker does not happen to be represent-  
ed, if there is such a town, he is invited to write to the  
Branch at Omaha now. If he can measure up to the  
Studebaker Service standards he can be assured of a  
permanent and profitable business proposition from  
Studebaker, the oldest, best known, and one of the  
largest manufacturers of motor cars in the world. By  
writing to the Omaha Branch you may obtain Stude-

Economical Service

baker's motor car merchandising book, "How to Make  
Money Selling Motor Cars." And better than this—it is  
well worth your while to take a trip to Omaha to investi-  
gate thoroughly the Home of Studebaker.

## Are You Going to Buy an Automobile?

Then does not Studebaker Service mean much to  
you? As for the Studebaker car, it must be good or  
50,000 people a year would not buy them.

## Are You a Dealer or Garage Owner?

Is there a better, safer Company to represent than  
Studebaker—if you can really get the representation?

You could never hope to get the Stude-  
baker type of service with source of supplies  
a thousand miles away.

You must have the source of supplies, the  
executive headquarters—the Company it-  
self within prompt and convenient driving,  
telephoning and transportation distance—  
within your own state if possible.

## Studebaker has a Factory Branch in Omaha

If necessary complete Studebaker cars could be as-  
sembled in this Branch. Studebaker carries \$1,000,000  
worth of parts in its branches. It maintains a force of  
45 automobile experts under these branches—part of  
the Studebaker factory is literally located in Omaha.
