Child Badly Hurt By Fall in Hotel

East 8-year-old son of H. R. De Lae, a commission merchant of Chicago, is in Omaha General hospital suffering a compound fracture of the arm as the result of a fall at the Hotel Sanford last night. Little hope was held early this morning for his recovery. The boy was playing on the railing of the stairs on the third floor and slipping in some unknown manner plunged to the tiled flooring of the rotunda, thirty-five feet below. Dr. H. M. Fringsheim, who lives at the hotel, gave the boy immediate attention and had him removed to the hospital. The injured boy was here on a visit with his father, who is connected with Clay, Robinson & Co., commission merchants, with a branch office in South Omaha.

HIGH SCHOOL CLASS OF 1916 ELECTS OFFICERS FOR YEAR

The class of 1916 of the high school met Tuesday afternoon at Central High school to elect officers. The meeting was presided over by a faculty member and the officers were elected on one ballot. Ralph Powell was elected president by a large majority over Harry Caldwell and Fred Walrath. He is a member of the T. K. Gertrude Matson had an easy race with three opponents for the position of vice president. Elizabeth Sturdevant was elected secretary by a unanimous vote. Brook Vanece was elected treasurer over three opponents. The sergeants-at-arms are Robert Patton and Ruth Leeder. The class teachers are Miss Laura Bridge, J. F. Woolery and E. J. Wotowa. The election of the members of the student council will take place in the near future.

BULL MOOSE CANDIDATES TALK TO COMMERCIAL CLUB

The progressive legislative candidates are to be given an opportunity to appear before the Commercial club at a noon meeting to show themselves and speak three minutes apiece as the republicans and democrats did. This was decided at a joint meeting of the executive committee and the board of directors of the club following the request of Nathan Merriam that the progressives be given this equal chance with the other parties. The date for the progressive appearance was not set, but the committee decided to extend the invitation and let the date be arranged later.

See Want Ads Produce Results

Ebbetts Willing to Mix. President Ebbetts of the Brooklyn National league club, has not formally answered the challenge of the Brooklyn Federal club to play a Brooklyn city series, but he has told the reporters that even though he would be willing to play such a series, he could not get the sanction of the National Commission. If the Brooklyn Federal team were in organized base ball, President Ebbetts said he would be glad to accept the challenge.

Take Salts to Flush Kidneys

Eat less meat if you feel Backache or Bladder troubles you—Salts is fine for Kidneys. Meat forms uric acid which excites and overworks the kidneys in their efforts to filter it from the system. Regular intake of meat makes the kidneys occasionally. You must relieve them like you relieve your bowels, removing all the acids, waste and poisons, else you feel a dull misery in the kidney region, sharp pains in the back or sick headache, dizziness, your stomach sour, tongue is coated and when the weather is bad you have rheumatic twinges. The urine is cloudy, full of sediment; the channels often get irritated, obliging you to get up two or three times during the night. To neutralize these irritating acids and flush out the body's urinous waste get about four ounces of Jad Salts from any pharmacy; take a tablespoonful in a glass of water before breakfast for a few days and your kidneys will then act fine and bladder disorders disappear. This famous salt is made from the acid of grapes and lemon juice, combined with lithia, and has been used for generations to clean and stimulate sluggish kidneys and stop bladder irritation. Jad Salts is inexpensive; harmless and makes a delightful effervescent lithia-water drink which millions of men and women take now and then, thus avoiding serious kidney and bladder disease.—Advertisement.

FRENCH BLOW UP GERMAN FORCE

Gauls Forced to Abandon Important Post for the Thirteenth Time.

THREE BATTALIONS WIPED OUT

Nine French battalions wiped out in retreat. Retreat Explode After Troops Take Possession—Bayonet Battle in Thick Fog.

FROM THE BATTLE FRONT (via Paris), Oct. 21.—The German invaders are meeting a vigorous resistance in their effort to shorten their lines and rest their right wing farther southwestward upon the English channel. Much of the fighting is being done in the obscurity of fog.

French marines yesterday gave a good account of themselves. German troops tried a surprise attack on the marines Sunday, but the French force held the field works against superior numbers. The fighting lasted all day and then the German contented themselves with ransacking the position of the marines. A thick fog covered the entire region Monday and the marines, accustomed to such weather conditions, crept toward the German trenches. "No shooting" was the order: "use the bayonet."

Thick Fog Covers Region. The marines got within thirty feet of the trenches before they were seen. Their coming was heralded too late for the defenders, who were bayoneted in the trenches and as they ran. Four hundred German prisoners were taken. One of the places where the French had been most harassed is nearer the elbow of the western line. The important position there had been taken and retaken frequently during the last three weeks. Every time the Germans had been obliged to abandon the position they returned in greater force and pushed back the French by weight of numbers.

The French took the position for the twelfth time and held it ten hours. Then came a shock of the human battering ram and the French actually gave way. The Germans began fortifying the place, but while they were engaged in this task the earth heaved and there was a deafening explosion. The ten hours the French had held the point had been sufficient to mine every rod of the ground. It is estimated that three German battalions were annihilated.

The strength of the German position north of Roye, which facilitated their movements toward Lille, is explained by the fact that they were occupying an unfinished canal extending as far as Roisel. The Germans found in the deep, broad cutting magnificent entrenchments in which they had only to install batteries of artillery.

Ammunition Supply Depleted. Officers of the allies say they have noted that only about 40 per cent of the shells from these guns exploded. They also say that the prodigality of the fire from them apparently has depleted the Germans' supply of ammunition, as the intensity of the fire lately has diminished.

The French artillerymen are so careful in getting their ranges that they waste few shells. In an artillery duel near Arrantieres the Germans fired for half a day into thickets that had been abandoned some time before.

Haller Praises German Purpose in Present War

Notwithstanding many other public meetings and attractions last night, a large audience assembled at the Hammill business college in Council Bluffs, to listen to the address of F. L. Haller on the subject of "Germany and the Germans." It was a representative audience with a perceptibly less number of German-Americans than the ratio might easily have been. Mayor Snyder and nearly all of the members of the council were present. Mr. Haller spoke as a German-American who had in no degree abated his intense love of the fatherland. He characterized Germany's motive in the present war to be not one of aggression, but of defense. He denied emphatically that there was such a thing as a military party in Germany. He said there was only one party, and that was the German party. He said every German loved the Kaiser and the Kaiser loved the Germans, and the Germans was the most united nation on earth today. Mr. Haller will address the Hanscom Park Improvement club at the Windsor school Thursday evening.

PRINCE TO BE GUEST OF REALTY MEN WEDNESDAY

Jack Prince, builder of the Stadium Speedway for motorcycles, who will soon commence building a two-mile board track for auto racing, has been invited by the Omaha Real Estate exchange to be its guest next Wednesday and explain his auto race track project. His company has no stock for sale, but probably will be given the moral support of the real estate men, as well as other local interests. It is recognized that the speed track will give Omaha much favorable publicity when it is completed and put in use. W. H. Green proposed at this week's meeting that Prince be invited to address the exchange and the idea was warmly received.

CIVIC LEAGUE TO ENTERTAIN LEGISLATIVE CANDIDATES

In order that Douglas county members of the next legislature may understand the city planning idea the Civic league has decided to entertain legislative candidates at luncheon at the Commercial club and explain the movement to them. Republican candidates will be dined Friday noon and the other party nominees will be invited next week.

Check Kidney Trouble at Once. There is such ready action in Foley Kidney Pills you feel their healing from the very first dose. Backache, weak, sore kidneys, painful bladder and irregular action disappear with their use. O. Palmer, Green Bay, Wis., says: "My wife is rapidly recovering her health and strength, due solely to Foley Kidney Pills." And W. F. Hutchins, Nicholson, Ga., says: "Just a few doses made me feel better, and now my pains and rheumatism are all gone and I sleep all night long." All dealers everywhere.—Advertisement.

"Jack" Ryder Runs Amuck and Gets in Lots of Trouble

The spirit of militancy was rampant in City Commissioner John J. Ryder yesterday, when, after being embroiled in several violent fights, he was arrested, and tried to stab an innocent taxi driver, whom he mistook for an enemy. The taxi driver, Jack Wolf, and Jule Ahlhaus, also a chauffeur, were badly cut about the arms and legs when they tried to disarm him.

After being disarmed Ryder was forcibly held by Ahlhaus until friends arrived in an automobile and took him home.

What started the official on his mad career yesterday is not definitely known. At noon he was at Fifteenth and Farnham when Dr. Needham passed in his auto. Ryder shouted at him and Needham stopped. A crowd quickly gathered, listening in awe to Ryder's masterful volleys of profanity.

"You're trying to kill people with your machine," yelled Ryder. "You haven't even got a number on it."

The number was plainly in evidence and the crowd hooted and jeered. "Jap" Tamisea, Creighton athlete, was nearest to Ryder. "Don't you laugh," screamed the official. Tamisea answered by stretching Ryder flat with a blow.

A struggle ensued, and Ryder was worsted. Later he accompanied the detectives to police headquarters in a machine.

At 1 o'clock he again ran amuck in front of the Carlton hotel and tried his prowess out on Detectives Sullivan and Lahey. The officers in quieting him tore his garments to shreds.

At 4 o'clock just as the stores were pouring forth employees and the streets were crowded, Ryder made his climax appearance at Fifteenth and Farnham, yelling that he was going to get the man who knocked him down.

Perhaps Jack Wolf slightly resembles Tamisea, and the commissioner made for him with a knife, but Wolf evaded him and once more the commissioner was downed.

Friends then took him home in an auto.

844 Fines Suspended in the Police Court

Police Judge Charles E. Foster suspended the fines of 844 persons in police court between January 1 and September 30, this year, according to a report made by Clerk Thomas O'Connor to the city council. These suspended fines amounted to \$11,524.

Following are some of the cases of "suspended fines" reported by the clerk: Thirty-four, exceeding speed limit; 22, keepers of disorderly houses; 23, violations of rules of road; 23, abusing women; 24, prostitutes; 27, pimping; 16, petit larceny; 17, assault and battery; 14, short weights on sugar; 27, selling milk below standard; 35, disturbing peace; 15, crap shooting; 7, insulting women on street; 1, abusing mother, and the others for minor offenses.

Health Commissioner R. W. Connell has appealed to the city council for aid in prosecuting the vendors of rotten milk, saying the police judge refuses to convict offenders.

Reserve Bank Expert Son of Omaha Man

Eastern papers note that the arrangements being made for new federal reserve banks are being worked out with the advice of experts, among whom is Andrew A. Benton, an accountant from Marwick, Mitchell, Pest & Co. Mr. Benton being well known in Omaha, where he frequently visits his father, A. A. Benton, in the mortgage brokerage business here. The younger Mr. Benton has been in conference with the reserve board in Washington for several weeks, formulating the rules and systems to govern in the banks when opened, and in their interchange with one another.

CHARITIES COMMITTEE CONSIDERS MUNICIPAL FARM

At a meeting of the charities committee of the Commercial club, further consideration was given the proposed bill to be introduced in the next legislature, providing for a municipal farm, workhouse, or similar scheme, desired to handle the problem of idle or lazy men who annually flock to the city and become a burden for lack of proper facilities for letting them earn their living.

BUSH & WIND ARE LOW BIDDERS FOR NEW GYM

Bush & Wind, contractors, were low bidders for the contract of erecting the new home for the Bohemian Catholic Gymnasium and Benevolent Sokol No. 1 at Thirteenth and Pine streets. The building company of the society will meet next Monday evening. Rudolph Cleborad is secretary of the company. J. M. Nachtigal is architect of the building, which will cost about \$20,000.

FONTENELLE FINANCES ARE IN GOOD CONDITION

Financial affairs of the Douglas Hotel company, owners of the new Fontenelle, were found to be in satisfactory shape at a meeting of the directors. The work on the new structure is progressing rapidly and it is expected will be entirely completed by the time planned for the opening in February, 1915.

POLES FORCED TO DIG THE TRENCHES

Germans Force Inhabitants of Country to Work on Defenses Against Russians.

THEY EXTEND LONG DISTANCE

Cour's Columns Have Advanced as Far as Skierswiecie, Forty Miles on Railroad South-west of Warsaw.

(Copyright, 1914, by Press Publishing Co.) PETROGRAD, Oct. 21.—(Special Cablegram to New York World and Omaha Bee.)—The Russian troops have now advanced as far as Skierswiecie, forty miles on the railroad southwest of Warsaw. This town is an important railroad center, lines direct to Thorn, Brest, and Königsberg, in Germany, all uniting there. The fact that they are now operating the railroad at this point indicates that the German forces have been driven back again, and it is reported that they are now back to the line of the River Buzura, an affluent of the Vistula that turns westward about ten miles north of Skierswiecie.

The German columns that advanced in concentric directions against Warsaw have now all been halted at varying distances from the capital. The severe fighting in the region west of Warsaw represents several different successes.

That the Germans plan to fight a prolonged defensive campaign in the west of Poland is believed from the elaborate system of entrenchment which they have constructed behind the point of the fighting lines. The male population of the country has been commanded by the Germans to dig these trenches, which extend for many miles south of the Vistula.

While the Germans are on the defensive in the Warsaw region great bodies of Austrian troops under German command are being hurled against the Russian position south of and around Przemysl, in the hope of weakening the Russian offensive in Poland.

INDIAN LANDS TO BE SOLD AT AUCTION SOON

Northwestern headquarters here are advised that on November 2 the United States will sell 11,000 acres of the Shoshone Indian reservation at auction. The land is in the neighborhood of Fort Washkie, Wyo., along the Big and Little Wind rivers, is rolling and considerable of it is fertile. The terms are half cash and the balance in one and two years.

A year ago the government sought to sell the Shoshone land at auction, but on the date of sale there were not more than half a dozen bids, consequently the sale was a failure.

LOCAL WIRELESS STATIONS UNDER CHICAGO REGULATION

A report of the radio communication laws of the United States have been received by Cadet Taylor. Among the new rulings is the establishment of Nebraska and Wyoming under the jurisdiction of the Chicago station. All miscellaneous or infractions of wireless law must be reported in this immediate vicinity to the United States attorney.

SOUTH OMAHA INSPECTOR IS RESTRAINED BY SEARS

A temporary restraining order directed against John Parks, building inspector of South Omaha, forbidding him to interfere with two frame buildings at Thirty-third and R streets, South Omaha, was signed by District Judge Sears. Roy W. Townsend, their owner, alleges that they were unjustly condemned.

Greatest Event in Woman's Life

All human experience looks back to motherhood as the wonder of wonders. The patience, the fortitude, the sublime faith during the period of expectancy are second only to the mother's love bestowed upon the most helpless but most marvellous creation—a baby.

Women are quick to learn from each other those helpful agencies that aid to comfort, to conserve their nervous energy and yet are perfectly safe to use and among those they recommend "Mother's Friend."

It is entirely an external application designed to lubricate the broad, flat muscles and skin that protect the abdomen. It has been in favorable use for nearly half a century and is known to mothers in almost every settled community in the United States who highly recommend it. You will find it on sale in drug stores. "Mother's Friend" is utterly harmless, contains no deadening drugs and yet its influence in the skin and tissues beneath the skin is very beneficial, very soothing and a wonderful help. The muscles expand naturally and are not subjected to unnecessary surface strain.

Get a bottle of "Mother's Friend" today at any drug store and write to us our instructive little book to mothers. Address: Bradford Regulator Co., 413 Lamar Bldg., Atlanta, Ga.

KENNEDY THINKS SUFFRAGE MOST IMPORTANT ISSUE

At the noon meeting of the Rotary club Former Congressman John L. Kennedy was the headliner with a talk on the constitutional amendments and kindred propositions to be voted on at the coming election. Mr. Kennedy passed them all by in quick succession, reserving the suffrage amendment to the last, which he insisted was by far the most important, and for whose adoption he pleaded. John M. Hogan was in charge of the ceremonies, and it was announced that the meeting next Wednesday evening would be in the nature of a Hall-lower party.
