

Nebraska NOT AIMED AT HORSEMEN

Bostrom Says Registration Board Trying to do Right Thing.

SEEKING TO IMPROVE STANDARD

Millford Man Probably Fatally Injured When Automobile Col. lides With Buggy Wheel.

(From a Staff Correspondent.)
LINCOLN, Oct. 28.—(Special.)—Dr. A. Bostrom, head of the stallion registration department, denies that there is any effort on the part of himself or the made by men who are unable to put tallion registration board to make it hard for any breeder of horses to do business in Nebraska and says that the whole agitation against the board is across certain things which the strict rules of the board prohibit them from doing. The stallion registration law was enacted, according to Dr. Bostrom, to protect the farmers of Nebraska from being imposed upon by breeders of horses who were not careful in their buying and who frequently brought unsound and diseased horses into the state.

The law had a tendency to hold that sort of fellows down and prohibit the unsound horses of states which had a defective law or no law at all from being shipped into Nebraska. In the mind of the doctor no one is raising any fuss or objection to the law who owns sound animals, or do people object seriously to the examination when their animals are found unsound who really want to do a business which will bear investigation.

Hurt in Auto Accident.
As a result of a collision of an automobile with a buggy just west of the city limits Charles H. Bates of Millford was probably fatally injured last night and L. E. Daniels of the same town slightly injured. The two men had just left Lincoln and in attempting to pass a horse and buggy driving in the same direction the automobile collided with the rear wheel of the buggy and turned turtle.

Mr. Bates, who was driving the auto, was thrown from his seat and sustained severe injuries to the head and his chest was crushed. Mr. Daniels was thrown under the car, but was more fortunate. The buggy was being driven by Jacob Strechecker, accompanied by his son and daughter. The former was thrown from the buggy several feet, while the daughter was also thrown out. The son was thrown entirely over the horse's head. The horse was knocked down and injured so that he had to be killed.

Mr. Bates is manager of the Shogro Litha company at Millford, having been with the company about two years.

Fights With Bartender.
T. L. McLaughlin, a Havelock saloon keeper, who has been in severe financial troubles for some time, got into a fight with his bartender last night, from which he had borrowed some money, and as a result of the altercation is very badly injured. The bartender, J. J. McNeil, came to Lincoln this morning and pleaded guilty to assault before Justice Love and paid a fine of \$5 and costs, but it is said that as soon as McLaughlin is able to appear McNeil will be again arrested on a more serious charge.

North Platte Will Have New Hospital
NORTH PLATTE, Neb., Oct. 28.—(Special.)—The Good Samaritan hospital has just been organized in this city, the organization being under the auspices of the Episcopal church of this city. Dean Boyker will be chairman of the executive committee and general manager. All other hospitals now being conducted in this city will be closed with the exception of the homopathic hospital.

Notes from Beatrice.
BEATRICE, Neb., Oct. 28.—(Special.)—Farm Demonstrator Liebers is arranging for an excursion party to probably 600 Gage county residents to visit the state farm on November 4. Those desiring to make the trip can have Beatrice in the morning, spend the day at the farm and return home in the evening.

At the opening session of the Mennonite conference Tuesday reports were read and routine business transacted. The speakers at the evening session were Revs. Reinhard Wiebe, Michael Clausen and Gustave Harder.

Emery W. Lyman died suddenly Tuesday at the home of his daughter, Mrs. W. W. Moore, aged 87 years. The body was taken to Holdrege, Neb., for burial.

Two Years for Attacking Child.
YORK, Neb., Oct. 28.—(Special.)—Frank Norris, who was arrested Saturday night and placed in the county jail on the charge of an attempt to assault the 5-year-old daughter of Mr. and Mrs. Claude Richardson, who live near Bluevale, was brought before Judge Corcoran yesterday afternoon and sentenced to two years in the penitentiary.

The New Baby is World's Wonder

Every tiny infant makes life's perspective wider and brighter. And whatever there is to enhance its arrival and to ease and comfort the expectant mother should be given attention. Among the real helpful things is an external abdominal application known as "Mother's Friend." There is scarcely a community but what has its enthusiastic admirer of this splendid emollient. It is so well thought of by women who know that most drug stores throughout the United States carry "Mother's Friend" as one of their staple and reliable remedies. It is applied to the abdominal muscles to relieve the strain on ligaments and tendons.

Those who have used it refer to the ease and comfort experienced during the period of expectancy; they particularly refer to the absence of nausea, often so prevalent as a result of the natural expansion. In a little book are described more fully the many reasons why "Mother's Friend" has been a friend indeed to women with timely hints, suggestions and helps for ready reference. It should be in all homes. "Mother's Friend" may be had of almost any druggist, but if you fail to find it write us direct and also write for book to Bradford Regulator Co., 403 Lamar Bldg., Atlanta, Ga.

Organize Commerce Club at Dorchester

DORCHESTER, Neb., Oct. 28.—(Special.)—A Commercial club with 107 charter members, about half of which number are farmers about here, has been organized at Dorchester.

It is the intention of the club to take up all matters pertaining to the best interests of the town and surrounding country, several special matters being now under consideration, among which are the betterment of roads, construction of a modern hotel building, a municipal ice-house and the improvement of the present telephone exchange and service.

DECREASE IN POPCORN ACREAGE OF NEBRASKA

LINCOLN, Neb., Oct. 28.—(Special.)—Popcorn growers of Nebraska planted 2,062 acres in 1914, according to the reports of the precinct assessors, tabulated by the Nebraska State Board of Agriculture. Last year the acreage was 2,720, the decrease being 758 acres.

Valley county leads in the production of popcorn, in 1913 the acreage was 579, this year 682. Knox county is a close second with 604 acres this year, as against 734 last year. Greeley county planted 261 acres in 1914, 274 acres in 1913. Conditions in these counties, it is said, are ideal and the crop ripens without artificial drying.

NO FIELD CLUB LADY THERE

Improvers Vainly Invite Them to Discuss School Politics. BUT THE MEN DO VERY WELL

President Loomis, Apologist, is Convinced that Somebody, Sometime, Somewhere, Told Him Women Wanted to Talk.

Nary a lady favors iron head of the Urgent invitation to attend the Field Club District Improvement club meeting Tuesday night, albeit flamboyant announcements read that they would be there in numbers to hear school board politics discussed.

"Where did I get the idea that the ladies wanted to attend our meeting?" plaintively queried President F. P. Loomis. "Somebody told me they wanted to come. I heard it somewhere. Some lady suggested it. Who was it? I do not know. Perhaps I should apologize to the club, but really—"

"That's why I came," said W. J. Connell menacingly. "I understood the women would be here and tell what they know about the school board politics and in these days of suffrage—"

"Ahem—m-m. Err—rr."

Subject Not Banned

Still, the subject was not taboo and the men did very well in the discussion of it. W. F. Baxter said the citizen's slate should be elected. His thought conditions on the board warranted a change. There is a certain dissatisfaction with some of the present members, and one of the citizen's slate was put on "as a concession to this sentiment," he declared.

Mr. Connell had not gone into the matter but suggested that there might be two sides to the case. "There usually is," he said, "and it occurs to me that it should not be fostered. I may be incorrect but it seems to me that loyalty is one of the essentials in managing schools as well as other institutions."

Not Political Club

"This is not a political club," continued Mr. Connell. "And naturally each of us will decide the matter himself." And so no endorsements were made.

The newspaper men will please take note that we have not endorsed anybody or any ticket," said President Loomis. "We've just been getting information."

Mr. Baxter commended Member A. C. Kennedy of the present board, who is up for re-election, although not on the citizen slate.

"Mr. Kennedy is a man of many good qualities and has done many things deserving of credit," said Mr. Baxter. "He has many friends, too, but we believe his policy on the board excluded him from the endorsement of the group that brought out this ticket."

Mr. Baxter said he and Mr. Halleck Rose and the others who "grouped the eight candidates on the citizen's ticket," did not pretend to think for all voters, but intended merely to do a public service and help in a way to get able men who would give efficient service as school board members.

This was the first meeting of the club in several weeks. The only business brought up besides the discussion by Mr. Baxter and the impromptu answer by Mr. Connell was the question of whether or not the Field club policeman, maintained at the expense of the residents, could keep walks clear of snow this winter and do other little incidental jobs. Finally it was decided to refer to a committee the matter of hiring a man to shovel snow and allow the policeman to confine his efforts to policing.

The question was raised as to whether the officer is doing his duty. "I believe, with the help of his dog, he is earning his salary. There have been no robberies in the Field club district for it is known we have a policeman. The man's dog found a fellow sleeping in a corner of the park and the man not being able to explain his presence he was sent to the station."

Woman Loses Life, Her Child Its Sight, in an Oil Explosion

BLAIR, Neb., Oct. 28.—(Special Telegram.)—Mrs. Dine Carter, Jr. was so terribly burned by a kerosene explosion at her home in North Blair this morning as to cause her death a few hours later, and her 6-month-old baby was so badly burned that it cannot recover. A. Carter, the woman's husband, was in Burt county at work, and Mrs. Carter and child stayed all night with his sister. Returning to the home, Mrs. Carter emptied coal oil from a can into the cook stove to start a fire. It is supposed that a grate of hot coals had remained from the evening before, causing the explosion.

Cotton Loan Fund Details Announced

WASHINGTON, Oct. 28.—Full details of the plan for a \$100,000,000 loan fund to care for the surplus cotton crop were made public tonight by the Federal Reserve board. The board's outline of the plan was sent to clearing house associations throughout the country. Responses are expected to reach the board before the end of the week and officials were hopeful tonight that the plan would meet with sufficient banking support to make its adoption certain.

The outline differs only in detail from the previous announcement. The fund it shows is to be administered under the direction of a committee to be known as the central committee to be composed of the individual members of the reserve board. Actual administration of the fund will be under a "cotton loan committee," to consist of W. P. G. Harding, member of the board, chairman; Paul M. Warburg of the board, Colonel E. M. House, Austin, Tex.; A. H. Wiggin, New York; James S. Alexander, New York; James B. Forgan, Chicago; Festus J. Wade, St. Louis; Levi L. Rue, Philadelphia and William A. Gaston, Boston.

There are to be two classes of subscriptions to the fund, the first known as "A" to aggregate \$100,000,000 and to be raised among bankers and other persons or corporations and firms in non-cotton producing states. Class "B" subscriptions are to be made by banks or bankers in cotton producing states.

Warmer Weather Coming Eastward

WASHINGTON, Oct. 28.—Assurance that today's touch of winter will be followed immediately by warmer weather generally throughout the country was given tonight by the government forecasters. Warmth was said to be moving eastward in the wake of the biting wind that brought freezing temperatures and killing frosts to the Ohio and the upper and middle Mississippi valleys.

Maine was the only state where temperatures were below freezing tonight. In Greenville, Me., the mercury went down to twenty-two, and at Portland it was thirty.

Tonight's forecast indicated temperatures would be higher Wednesday in the middle and upper Mississippi and the Ohio valleys and would rise slowly Thursday in the northeastern districts and the south.
