Republican Platform Pledge on Municipal Ownership

We favor the purchase or construction of a gas plant at the expiration of the present franchise at the option of the voters and empowering the Metropolitan Water District of Omaha to furnish electricity for public and private use.

The Democrats promise no relief from the present exorbitant charges for Electric Light and Gas. The Republicans stand for public ownership and lower rates. This accounts for the orders of the electric light company to its men to vote the straight democratic ticket.

Democratic Platform Pledge on Municipal Ownership

Conscious of the campaign thunder now being made with reference to municipal ownership, we cheerfully point to the fact that the democratic party is entitled to credit for having passed the only charter which gave to the city of Omaha the right of municipal ownership, and the same charter prevented the extension of ANY CORPORATION FRANCHISE EXCEPT BY A VOTE OF THE PEOPLE.

MAKE OMAHA A BETTER PLACE TO LIVE IN

Elect H. C. BROME, County Attorney, and Let's "Clean Up."

AMOS THOMAS, Chairman.
