War Summary The renewed assaults of the Germans which have led in the last

few days to the most violent fighting of the war, still are progressing with fury almost unparalleled, but there have been no changes of importance at any point along the 300 mile line of battle. Official

reports yesterday from Berlin and Paris agree that the deadlock still prevailed. Here and there minor advantages have been won, but in the main the positions are being held on both sides with dogged tenacity, notwithstanding the cnormous sacrifice of life.

The confidence of Germans as to the ultimate result is reflected in the words of Emperor William:

"Under all circumstances the enemy will be beaten." he said, in addressing one of his regiments.

Berlin states officially that the situation is regarded as the most favorable for some time, although it gives no new details of the righting. The French statement is equally hopeful in tone. The allies are said to have made slight progress at various points, including

the blood sonked field; of Flanders, in the vicinity of Dixmude. On the center and right of the allied lines assaults of the German are

said to have been repulsed. The German and Austrian forces in the east, compelled to retire before the Russian advance, have taken up new positions and a renewal of general fighting impends. Austrian successes on the Russian left flank are claimed in

Berlin. Apparently Turkey is now definitely involved in the general war. What the allies describe as the "last chance" for Turkey to keep out of the struggle by disavowing responsibility for the acts of its Black Sea fleet, has not been accepted, and the British government today handed his passports to the Turkish ambassador, following similar action by Russia. Meantime the Turkish fleet continues its acts of aggression. The Goeben and Breslau, German cruisers acquired by Turkey, and

LONDON, Nov. 2 .- The grand vizier of Turkey has apologized for recent events in the Black sea.

The text of the Turkish apology was not announced. It had been intimated during that day that Great Britain was delaying hostilities walting for eleventh-hour amends from the Porte.

That this would be forthcoming was seriously doubted. Nevertheless, in the absence of a formal declaration of war, all hope had not been abandoned, even though the British press treated the situation as beyond repair.

MEXICO CITY, Nov. 2 .- A dispatch received here from Aguas Callentes says General Eulatio Gutierrez was elected provisional president of Mexico shortly after midnight last night. The election is for a period of twenty days only.

The Aguas Callentes convention voted to meet in Mexica City later.

General Gutierrez has been prominently identifed with the Mexican revolutionary movement that resulted in the expulsion of General Huerta from the republic. He is a close friend of General Carranza and rose with Carranza against Huerta in Carranza's native state of Coahlula. Commenting today on the action of the

Aguas Callentes convention, Foreign Minister Fabela sold:

"The high officers of this government believe that this convention had no right to name a successor to General Carranza. If General Villa and General Zapata refuxe to leave the country, with Carranza, we will have war. The only way to guarantee peace is for these three chieftains to leave the field.
