The receipts and an increase of the Big receipts and an increase of the European visible supply caused the brief setback that took place early in wheat The Transatiantic crop summary was also favorable. The effect, however, also favorable in the market upgrade.
Corn and oats, as well as wheat, were governed chiefly by the export demand. Europeans bought 300,000 bushels of corn here, and it was said that more than the considerable here worn now in transit. Exportors to day took 1,000,000 to 1,500,000 bushels of corn advork 1,000,000 to 1,500,000 bushels of corn here in a plach when they tried to cover.
Provisions hardened notioeably as a basis of renewed fear that the Chicago stock yards would be obesed on account of increased peril of the spread of foot and mouth disease. Reserves of provisions in warehouses here were show to be comparatively meager and there was a huge failing of reported in there was a huge failing of reported in the spread of foot and mouth disease. Reserves of provisions in warehouses here were show to be comparatively meager and there was a huge failing of reported in the spread of foot and mouth disease. Reserves of provisions in warehouses here were show to be comparatively meager and there was a huge failing of freported in the spread of foot and mouth disease. The deficit this fis-cal year is \$43,629,743, against a deficit of

The Weather Man Says:---"Mean Temperature for October Above Average" But It's Always Cold in Winter

Last winter many of our tenants thought this building was too warm-but we think it is better to be too warm than not warm enough -one can always open a window.

So it is in many other things-we give more than just enough-that is why our building is well spoken of by al! our tenants.
