**Berlin Reports Inundations Prevent
Operations South of

ATTACKS ON YPRES PROGRESS

**West of Roye Severe Fighting
Takes Place, with Great Losses
on Both Sides.**

AMSTERDAM, Nov. 4 (via London).—
The following official dispatch, issued in
Berlin, has been received here:

"A telegram from general headquarters,
dated November 3 at noon, states that
inundations south of Nieuport prevent
all operations in this part of the country.

"The water in places is as high as a
full-grown man. Our troops have evacu-
ated the inundated districts without loss
of men, horses or guns.

"Our attacks on Ypres are progressing.
More than 2,300 men, mostly English,
have been captured and also several ma-
chine guns.

"West of Roye severe fighting has
taken place with great losses on both
sides, but the situation is unchanged. In
the village fight we lost several hundred
in missing and two cannon. Our attacks
on the Aisne east of Soissons are success-
ful despite obstinate resistance. Our
troops have occupied several strongly
fortified positions beyond Chavonne and
Soupir, capturing more than 1,000 French,
three cannon and four machine guns.

"Near the cathedral in Soissons the
French have posted a heavy battery and
made the steeple an observation post.

Attacks Repulsed.

"Between Verdun and Toul several at-
tacks have been repulsed. Troops of
French soldiers wore German overcoats
and helmets.

"In the Vosges, near Marckinch, a
French attack was repulsed and our
troops began a counter attack.

"In the east the operations are still in
a state of evolution and there has been
no fighting.

"The Russian First Siberian army corps
on November 1 used civilians as breast-
works while destroying a bridge."

variety of touch, and a rather free use
of the tempo rubato.

Mr. Navas was at his best in the second
group, of which the numbers chosen
showed distinctly individual character-
istics, both of the composers themselves
and of the extreme modern school
to which they belong. Personally
the writer enjoyed the Debussy numbers
the best of all, as they were full of the
shimmering half indistinct effects for
which the composer is famous, and
which were ably portrayed by the player.
"Reverie" by Vincent d'Indy, was de-
cidedly unusual, and a number which
would probably need more than one hear-
ing in order to furnish a definite opinion.
"Carlton" by Diapounov, was a most
pretentious number from the modern
Russian, in which many of the unusual
harmonies of this school abounded. At
the close, in place of a Cyril Scott num-
ber Mr. Navas played the grateful
D'Albert "Gavotte," which has already
made itself a favorite in Omaha.

W. H. Koenig, treasurer of Thomas

following an operation at the Methodist
Episcopal hospital. Mrs. Eleanor Koenig,
his mother, arrived here late last night
from Europe.

**Has Fine Action
in the Blood**

**Does Real Work in Cleaning
Body of Impurities.**

It is to the skin that blood impurities
are driven by Nature. And it is in the
skin that S. S. S., the famous blood pur-
ifier, has its most pronounced influence.
For it is here that you see the results.
S. S. S. is none the less effective in the
joints, glands and mucous surfaces in
driving out rheumatism, overcoming boils
and ridding the system of catarrh.
The purely vegetable ingredients in
S. S. S. are naturally assimilated but
they enter the blood as an active medi-
cine and are not destroyed or converted
while at work. It is this peculiar fea-
ture of S. S. S. that makes it so effective.
It stirs into action all the forces of the
body, arouses digestive secretions, stimu-
lates the blood circulation to destroy dis-
eased breeding germs.
Upon entering the blood S. S. S. is
carried throughout your body in about
three minutes. And in a brief time it
has any blood trouble so under control
that it no longer can multiply. Gradu-
ally new flesh is formed in all broken-
down tissues and the skin takes on the
rosy glow of health. Be sure and get a
bottle of S. S. S. today, of any drug-
gist, but avoid all substitutes.
Around the bottle is an illustrated cir-
cular that tells you how to obtain spe-
cial free advice in quickly overcoming
various blood disorders. S. S. S. is pre-
pared only by The Swift Specific Co., 59

Music

Rafael Navas, pianist, of Wichita, Kan.,
furnished the program at the opening
meeting of the Tuesday Morning Musical
club yesterday at the residence of Mrs.
J. M. Danaherty on Thirty-ninth street,
when a goodly percentage of the mem-
bership was present. This is Mr. Navas'
second appearance in Omaha, he having
given a public recital here two or three
years ago, at a local theater.
The program was divided into two
parts, the first devoted to Schumann and
Chopin, and the latter made up of a
number of modern compositions, most of
which were novelties in Omaha. Mr.
Navas prefaced his opening number,
Schumann's "Papillons," by a few brief
remarks concerning them. This was fol-
lowed by the B-flat Scherzo of Chopin,
one of the less familiar Etudes, and the
ever popular "Polonaise opus 53." In
these Mr. Navas displayed considerable
