

A hot fire that lasts is the test of fuel. **Vulcan Coke** lasts as long—weight for weight as the best Anthracite. A large part of the coal you put in your stove or furnace goes to make smoke, soot, clinkers and bad smelling gases, all of which cost you as much per ton as the heat portion of your coal and yet are absolute waste. **Vulcan Coke** is 90% carbon—it does not burn out grates because the impurities have been removed. You get it in the same sizes you are accustomed to in hard coal—you can control your fire more easily because it responds to the draft more quickly and more surely. You would gladly pay \$1.00 a ton more for coal if you could get the qualities of **Vulcan** by doing so. But just for good measure **Vulcan** cuts over a dollar a ton off your fuel bill.

FOR THAT "RUN-DOWN" "TIRED" CONDITION

Make Yourself Feel "Fine-as-a-Fiddle" With Famous Rheumalax

If the severe strains of business and social life are beginning to tell on you and you are in a run-down condition, give your internal system a bath.

This is easily done by simply dissolving a little Rheumalax in a glass of water, and you have a delightful carbonated drink that cleans out the stomach and intestines, eliminates toxins and poisons, and leaves the intestinal canal clean and sweet.

If you are bothered with constipation, headaches, yellow skin, coated tongue, bad breath, indigestion, biliousness, neuritis or rheumatism, Rheumalax will fix you up in short order.

Rheumalax acts quickly and gently on the bowels, liver and kidneys without griping or nausea. It is a uric acid solvent as well as a saline laxative.

Rheumalax contains no calomel or other injurious drugs. Ask your druggist for about five ounces. If they haven't Rheumalax, communicate with the famous Rheumalax Company, Minneapolis, Minn., and they will see that you are supplied.

NEW BANKS PRECLUDE PANIC

Federal Reserve Institutions Big Boon, Says Senator Owen.

MEANS MUCH MORE ELASTICITY
Issuing Currency on Good Security Will Relieve Any Temporary Stress that May Arise from Time to Time.

"A financial panic in this country in the future is absolutely impossible and unthinkable," said United States Senator Robert L. Owen, author of the Owen-Glass currency bill which created the twelve reserve banks, in his talk to the Commercial club at a public affairs luncheon Tuesday Senator Owen came to Omaha to deliver a lecture at the Auditorium this evening as the fourth number of the Redpath series there. He was introduced at the Commercial club by Senator G. M. Hitchcock.

Senator Owen explained the working of the currency law in a brief talk, and gave some interesting comparisons which are the results of a close study of banking systems abroad. He pointed out that the Imperial Bank of Germany has long operated on a system that permits it to issue currency on good commercial paper, "and that principle," he continued, "is a source of strength in the German system in its present great crisis."

"The currency law," he said, "has made the reserves of the twelve reserve banks mobile instead of fixed and rigid. Now they can be used and are thus available for commerce. The new law puts the power of the people of the United States behind our banking system and therefore behind commerce, behind manufacture, behind the jobber, the retailer and every other line of legitimate production."

"These twelve reserve banks begin operation on November 16. They will be the most gigantic clearing houses the world has ever seen. The Kansas City reserve bank estimates now that it will handle an average of 300,000 items a day. They will give independence to the banks of the district for the money banks will always be able to obtain from them whatever credit they are entitled to. A bank of Omaha for example can go there with notes secured by corn, wheat, manufactured goods or other products, and can get United States notes issued on this paper in whatever quantity desired. And the result is we are going to have stable business in the United States."

International "Y" Secretary Talks on Foreign Work Needs

Arthur Hugh, international student secretary for the Young Men's Christian association in China, spoke to some sixty Young Men's Christian association members at the Commercial club at noon. He is in America doing summer work in the financial interest of the association. He said that with the present war situation in Europe, involving the colonies and also so large a proportion of the world, it is rapidly devolving on the United States to support the foreign missionary work. Commenting on the war situation further, he declared that if Japan should become involved to such an extent as to involve China in any way, the war would immediately center about a struggle among European nations for territory in the Orient, or a struggle for the division of Chinese territory.

Ghost Stories About Sarpy Crossing Joke

Publication of stories about an alleged ghost haunting the Sarpy crossing on the Union Pacific's Lane cut-off and scaring train crews, has prompted George Gray, 322 Blondo street, to write Sheriff Felix McShane. Gray declares that every case he has ever heard of proved to be other than ghosts upon investigation. One case, he writes, was found to be a white calf instead of a ghost. He says he would like to help investigate the Sarpy crossing case with the sheriff's men. The latter laugh at the report and declare it probably due to some woman, perhaps demented, walking along the right-of-way at night, or picking up coal.

MANY PETTY LARCENY CASES IN POLICE COURT

Police court was almost entirely occupied with cases of petty larceny, brought in by local department stores and railroads.

John Hogan and Albert Hall, arrested by Detective Finn of the Brandeis stores, were given thirty days each for the theft of shirts from the "Togery" on Douglas street, where Finn followed them from his own store.

Henry Sullivan, 18, a car washer at the Buick Auto company, drew a twenty-five-day sentence for trying to get away with a watch at Townsend's gun store without paying for it.

James Casey was given thirty days for trying to take a jewelry box at Burgess-Nash's.

Barney Smith was sentenced to twenty days in jail for taking coal from the Missouri Pacific.

YOUNG COUPLE ENCOUNTER OBSTACLES IN MARRYING

Thomas Cherkoff and Mary Lane of South Omaha are going to be married in spite of hindrances which have appeared to check their plans. First, Miss Lane tried to get a marriage license Saturday afternoon while Cherkoff was working. She found the clerk's office closed, so the wedding was postponed. Then Mrs. Lotie Hanrahan went to the clerk's office in the court house Monday noon and secured the license while both bride and groom were at work. But upon leaving the court house with the document she lost it and searched the streets for some time before it was found. Now the young couple finally have the coveted license and will be married in spite of the delays. They will be at 311 North Twenty-seventh street, South Omaha, Aaron Lane of South Omaha is the bride's father.

ONLY NEW THINGS FOR WAR REFUGEES IN EUROPE

Miss Jessie Millard, president of the Franco-Belgian Relief association, has heard from Maxel Boardman, head of the Red Cross workers in the United States, to the effect that only new clothing and hospital materials are being accepted for the sufferers in Europe. Second-hand clothes will not be accepted for transportation.

OLD AND NEW WAY

The Hyomet Remedy for Catarrh, Colds and Croup a Most Valuable Discovery.

The discovery of Hyomet (pronounced High-ome) has made a wonderful change in the treatment of catarrh, head colds, and similar ailments affecting the nose and throat—you simply breathe a medicated air.

Until a few years ago the remedies generally used for these diseases were nauseating drugs, which, when poured into the stomach, usually upset the digestion.

Hyomet is a combination of antiseptic oils that mix with the air you breathe so that the health-giving medication must go directly to the sore, raw, inflamed lining of the nose, throat and bronchial tubes. It almost immediately stops the disagreeable nasal discharges, quickly relieves difficult breathing—helps and strengthens the delicate tissues.

You breathe Hyomet using a small inhaler that comes with each complete outfit. It is not expensive, and can be had from any drug store.

The strongest evidence of its curative value for catarrh, head colds, asthma, etc., is that your well-known druggist, Sherman & McConnell Drug Co., sell every package under a guarantee to return your money if you are not satisfied. Do not delay treatment another day for Hyomet is not only safe, but pleasant to use, and nothing to pay if not cured.—Advertisement.

PLAN TO MERGE TWO OMAHAS
Bill to Consolidate Two Cities in the Coming Legislature.

WILL MAKE EIGHT DISTRICTS
Entire Boundary Would Be So Divided that Each is to Have Representative in Government of Whole.

A bill to merge South Omaha with Omaha, changing the commission form of government to insure South Omaha's representation in the city council, will be introduced in the legislature this winter.

Mayor James C. Dahlgren, who has conferred with legislative representatives about the proposition, said: "A bill will be introduced, and in my opinion there will be little opposition from South Omaha. We will arrange it so that the commission form will be changed to insure South Omaha's representation in the council."

"South Omaha officials will not be legislated out of office. The commission form election, if the bill passes, will be postponed from July until some time in the fall, when the South Omaha contingent could put up a candidate."

"The plan is to district the merged cities into eight districts and elect a representative from each district, the candidates to be voted on at large."

Mayor Dahlgren says the bill will be drafted to make the merger lawful when passed by the legislature, and that a vote of the people of South Omaha will not be necessary.

TWO NEGROES ARRESTED FOR BREAKING INTO FLAT

George Droughan and Will Young, both colored, were arrested for breaking into the flat of H. C. Strehlow, Strehlow apartments, when they attempted to cash a check made out to Mr. Strehlow. The check was for \$35 and was drawn by N. Leslie Dick in favor of Mr. Strehlow. When the latter's home was entered by burglars his overcoat, which contained the check, was stolen.

The negroes were taken to the Brandeis store trying to get money on the paper when officers nabbed them.

ORDINANCE TO MAKE ALL VEHICLES CARRY LIGHTS

Vehicles of all classes will be compelled to carry lights at night as "safety signals." If an ordinance introduced by Police Commissioner A. C. Kugel is passed by the council, the ordinance also provides for slower speeds in congested districts.

"The ordinance will probably be amended," said Commissioner Kugel. "The mayor objects to making all drivers of all sorts of vehicles equip their rigs with lights. He believes it would work a hardship on many of the poorer people."
