

Nebraska WAIT CLAIMS HIS ELECTION Secretary of State Declares He Will Win by Hair. LEGISLATIVE FIGHT WARMS UP "Doc" Tanner of South Omaha Said to Be Casting About for Support as Secretary of the Upper Chamber.

(From a Staff Correspondent.) LINCOLN, Nov. 10.—(Special.)—It may take the official count to settle the question who has been elected secretary of state. Both Mr. Wait and Mr. Pool claim the place by a small majority. Mr. Pool has not the exact figures to show his majority, but claims when all the counties are in it will be sufficient to land.

On the other hand, with four counties to hear from and which gave Mr. Wait 23 majority four years ago when the two contested for the office, Pool is behind thirty-five votes. These counties are Arthur, Blaine, Loup and Wheeler.

Official returns are coming in fairly fast, but it is likely to be several days before the last one appears. Indications point to a pretty fight for the important legislative positions. In addition to those mentioned for president of the senate, the name of Senator Phil Kohl of Wayne appears to meet with a great deal of favor. Senator Kohl is not an orator of the Bryan class by any means, but he is a tireless worker and has many friends among the lawmakers.

"Doc" Tanner of South Omaha is said to be casting his eyes longingly toward the job of secretary of the senate. However, another newspaper man, Editor D. A. Gell of the Grand Island Free Press, is also in the fight for the same place and both have claims which will make them worthy of consideration.

Gentel in Prison Again. Henry Gentel, sent to the Nebraska penitentiary from Douglas county for forgery for a term of five years and paroled after having served less than a year, has just been sentenced to serve seven years in the Wisconsin penitentiary for a like offense.

Gentel was paroled to Omaha parties at the request of a prominent Omaha, who believed that the man had been sufficiently punished, but soon after being given his liberty disappeared, and nothing had been heard of him until notice of his incarceration in the Wisconsin prison appeared.

Hall to Vymore. Adjutant General Hall will go to Wymore tomorrow to look up the proposition of reorganization of the company of guards at that place. The town has just erected a new armory building and the business men are anxious that steps be taken to reorganize the company and promise their support if the right kind of a company is formed.

Sunday Ball a Go. Lincoln will have Sunday base ball at "Tigers' Roost," the downtown park, the proposition which was submitted to the people having been declared carried by the assistant city attorney in his report to the city commission last night.

There has been a great deal of controversy over the matter, opponents of the proposition having declared that the proposition had to have a majority of all votes cast at the election. The city attorney decides that a majority of all votes cast for or against the proposition will govern in this case, declaring that the words closing the act, "for the purpose," makes the election a special election when a proposition is voted on at a regular election. This gives the proposition a majority of 23.

Kennard Recounts Stories of Olden Days (From a Staff Correspondent.) LINCOLN, Nov. 11.—(Special.)—J. P. Kennard of Lincoln, 87 years old and the first secretary of state of Nebraska, called at the state house this morning and congratulated Governor Morehead on his election.

Besides being the first secretary of state of Nebraska, Mr. Kennard was a delegate to the first convention held by the republican party, called at Indianapolis. With Colonel J. H. Freeman, recording clerk of the executive office, Mr. Kennard went over old times, much to the edification of those standing around. Both men were delegates to the first state republican convention, which was held in Plattsmouth in 1857.

"I had the pleasure of voting for you for the republican nomination for secretary of state," said Colonel Freeman. "Yes, I remember the convention very well," replied Mr. Kennard, "and I also recall the one the democrats held at Nebraska City at the same time. Our convention at Plattsmouth passed a resolution favorable to state organization, while the one at Nebraska City passed one against state organization."

"I also remember very well an editorial which appeared in the Omaha Republican soon after the action was taken to locate the state capital at Lincoln. I often think of it and wonder what kind of an editorial that editor would write now if he was alive. He said that the state capital had been located in the sand hills, where there was nothing but coyotes and Indians, and on the edge of the Great American Desert, in a God forsaken locality where the foot of man would never tread."

BAKERS TALKING BREAD AND NOT FIXING PRICE (From a Staff Correspondent.) LINCOLN, Nov. 10.—(Special Telegram.)—The Master Bakers' Association of Nebraska is in session here, the first meeting being held this afternoon. About 100 are present. They were welcomed by Mayor Zehrung and the response was by Senator George F. Woods of Fremont.

T. F. Naughton of Omaha is one of the busy men about the association, and says that the association is working on the proposition of making satisfactory bread and is not figuring on the price.

Women of Sedentary Habits. Women who get but little exercise are likely to be troubled with constipation and indigestion and will find Chamberlain's Tablets highly beneficial. Not so good as a three or four-mile walk every day, but very much better than allowing the bowels to remain idle, a constipated condition, which is a disagreeable and pleasant to take and most agreeable in effect. Believe Me I Eat Everything

For I Know a Stuart's Dyspepsia Tablet Will Digest Any Meal At Any Time.

How often do we see men who can not eat and how often do we hear other men boasting of their abilities to eat.

The secret of all health is digestion. The secret of digestion is the juices which are supplied by the body to separate the ingredients needed from those that are of no use to the system.

The Fastest—"Your appetite disappears. You eat like a giant sloth." The Optimist—"Believe me, I give my body what it tells me to give it, and whether it be midnight or dawn I always obey appetite and then I eat a Stuart's Dyspepsia Tablet."

When a heavy meal has been eaten the entire body is called upon to furnish the digestive organs with forces to take care of it. The more the strain the weaker become the forces to take care of the next meal as well.

A Stuart's Dyspepsia Tablet aids Nature in Nature's own way. These little tablets are filled with the very ingredients and essences so useful to every normal and perfect stomach.

One quart of water of a Stuart's Dyspepsia Tablet will digest 3,000 times its weight in food. Think if you can what a big help this means to a depleted digestion. Other ingredients aid in building up the digestive juices and blood. The stomach and intestines have their duties lightened and thus irritation, sourness and raw linings are permitted to be cured by the system naturally, quickly, harmoniously.

Thousands of dyspeptics and stomach sufferers would be glad to tell you what Stuart's Dyspepsia Tablets have done for them. This is what makes these tablets sold in every drug store in this country at 25 cents.

To anyone wishing a free trial of these tablets please address F. A. Stuart Co., 150 Stuart Bldg., Marshall, Mich., and a small sample package will be mailed free.

Famous Swimmer Is Almost Left Behind In Middle of Ocean

SAN FRANCISCO, Nov. 10.—Duke Kahanamoku, the world's champion short distance swimmer, on his way home to Honolulu, after a series of exhibitions on the Pacific coast, came near being left alone in the middle of the Pacific in unwitting punishment for a daring bit of foolery. Passengers on the Steamer Wilhelmina, which arrived from Honolulu today, brought this story.

Kahanamoku sailed from here November 4 on the Matsena of the same line as the Wilhelmina. Four days out from San Francisco the two ships passed each other and stopped to transfer a stow-away caught aboard the outbound Matsena.

While they lay to Kahanamoku leaped overboard and began showing off his prowess as a swimmer to the other passengers. Before the officers knew he was overboard the two vessels began to get under way again in opposite directions. Passengers raised a clamor and a boat was lowered and sent back after him.

Omaha High Still Without Game for Thanksgiving Day

All the high school football fans are waiting for word from one of the Chicago schools settling a date for Thanksgiving. The school that had been scheduled at the beginning of the year was Lane Tech, but that school has dissolved its team. As soon as he had found this to be true Mr. Reed got into correspondence with six of the other Chicago high schools and up to this time has received answers from four of them saying that they had open dates for that day and all that remains now is to select one of the four strongest.

Three of those that answered are Crane Tech, Bowen and Marshall, and of these Crane Tech is thought to be the strongest and the likely one.

and the likely one the Omaha High team will meet on Thanksgiving.

Governors Plan to Remove Some of Halts to Business

MADISON, Wis., Nov. 10.—Problems connected with the regulation of corporations so that while complying with the laws of one state they are not discouraged by different laws from doing business in another state were brought up for solution before the seventh annual governors' conference which opened a five-day session here today.

The executives of more than half the states, many former governors and governors-elect were present when Governor Francis E. McGovern of Wisconsin called the meeting to order. The response to the welcome extended by Governor McGovern, Mayor Kayser and President Van Hise of the University of Wisconsin, was delivered by Governor Carey of Wyoming.

While the question of making uniform state laws long has been under consideration at the conferences, the delegates declared that finally definite plans were nearing completion for removing what was called a discouragement to business.

HAD COUGH SINCE CHILDHOOD

Mrs. Wm. Hohmann, 2764 Lincoln Ave., Chicago, Ill., writes: "I suffered with catarrh of bronchial tubes and had a terrible cough ever since a child. 'I would sit up in bed with pillows propped up behind me, but still the cough would not let me sleep. 'I thought and every body else that I had consumption. 'I am well now and cured of a chronic cough and sore throat. I cannot tell you how grateful I am, and I cannot thank Peruna enough. It has cured where doctors have failed and I talk Peruna wherever I go, recommend it to everybody. People who think they have consumption better give it a trial."
