MEXICAN CHIEFS DECLARE TRUCE

Carranza and Villa Agree to Suspend Hostilities Until Next Friday.

CONVENTION WILL GET BUSY

In Meantime It is Expected to Ratify or Nullify Election of Gutierrez—Street Railway Men May Strike Again.

MEXICO CITY, Nov. 14.—General Lucio Blanco, one of the commissioners named by the Aguas Calientes peace convention to confer with General Carranza, stated last night that Carranza and Villa had agreed upon a suspension of hostilities until November 20, when the Aguas Calientes convention will reconvene and either ratify or nullify the election of Eulalio Gutierrez as provisional president.

General Pablo Gonzalez is expected to arrive here early today from Aguas Calientes. He will hold a short conference with the contention commissioners, Generals Blanco, Obregon, Huay and Villerojo. After this meeting, General Gonzalez will proceed to Orizaba to confer with General Carranza.

The war department and the four generals representing the Aguas Calientes convention express the belief that there is still hope for a peaceful settlement of the difficulties.

Various labor organizations have called upon the Carranza government to raise the wages of the tramway employees, who have been working under government orders since the national authorities took over the operation of the lines because of a strike. The men have received an increase of 25 per cent in wages under the government operation. An increase of 10 per cent is asked for and affiliated labor organizations say that a general strike will be called if the government does not heed the request.

Gonzalez Will Mediate. EL PASO, Tex., Nov. 14.—Messages today from both the Carranza and Villa officials told of still another attempt to adjust the factional difficulty of the constitutional army before resorting to arms. General Eulalio Gutierrez, named provisional president by the Aguas Calientes convention, and General Pablo Gonzalez, Carranza's principal leader, held a conference yesterday after which Gonzalez left for Cordoba to interview the first chief. The convention has adjourned for ten days. Gonzalez promised to procure Carranza's final answer within two days.

A semi-official report dated yesterday from Aguas Calientes explained the situation as follows: "President Gutierrez returned today after holding a conference with Pablo Gonzalez, who promised to interview Carranza so that he would recognize the convention and give up his office. Gonzalez told Gutierrez that he would send Carranza's answer within two days, and that if Carranza would answer favorably to the convention that he would call all general of his command and give instructions to them to recognize Gutierrez. Gutierrez gave this information personally to the convention at 2:30 o'clock tonight.

The convention agreed to suspend its sessions, and to meet again in ten days, after the occupation of Mexico City by President Gutierrez, on which date the continuation of the provisional president will be ratified. In the meantime a permanent commission composed of twenty-one members of the convention will officiate. They will accompany the president wherever he goes."

Governors Have Not Sufficient Firing Power, Their Wait

MADISON, Wis., Nov. 14.—Complaint that governors as a rule do not have sufficient power to remove subordinate state officers and were therefore subject to adverse criticism because of the acts of underlings was voiced today at the governors conference by Governor Elias A. Ammons of Colorado and other state executives.

Governor Ammons declared that recent industrial difficulties in Colorado ran the state deeply in debt, destroyed much property and cost more than 200 lives—all because other state officers were not amenable to the desires of the governor and defied his orders.

In a general discussion of the subject it was the consensus of opinion that executive limitations impeded efficiency and tended to create situations that embarrassed the state as to its reputation in sister commonwealths.

Governors Joseph M. Carey of Wyoming, William Spry of Utah and R. V. Stewart of Montana protested against what they termed lax methods of regulating shipments of tuberculous cattle.

Secretary Bryan Will Examine the Notes Sent Ecuador. WASHINGTON, Nov. 14.—Secretary Bryan said today he would examine closely the notes recently presented by the British and French ambassadors here to determine whether the United States would use good offices with Ecuador and Colombia to smooth out the difficulties which have arisen between those countries and Great Britain and France over alleged violations of neutrality by the South American states.

PRESIDENT OF THE MENORAH JEWISH SOCIETY.

JACQUES REUR. Jacques Reur, a student at the University of Omaha, has been elected president of the Menorah society, an organization for the study of the propagation of the Jewish race. The society meets weekly at the home of one of its members, where papers and discussions on such subjects are held. The society is open to all people interested in the subject, but especially to high school and college students. The organization is to be affiliated with the national body, which consists of over thirty separate societies. Prominent speakers address the members at each meeting. Reur, besides being president of the society, is also closely related to school affairs at the University of Omaha, where he is business manager of the Gateway, the student publication. Before attending the Omaha school he studied a year at the University of New York.

WARM CLOTHES ARE SENT TO SUFFERERS

Franco-Belgian Relief Association Sends Second Shipment of Over a Thousand Articles.

IS NOT ANTI-SUFFRAGE WORK

Suffragists as well as Antis are Working to Help the Victims of the War in France and Belgium.

Over 1,000 articles of warm, practical clothing, such as underwear, shawls, knitted garments, stockings, caps and mittens were sent yesterday by the Franco-Belgian Relief association. The boxes were packed by the Kilpatrick store and will be sent to France and Belgium through the French embassy and Monsieur Jusserand. This is the second shipment made by the local organization, over 700 articles having been sent last Saturday.

Mrs. J. W. Crumpacker has corrected a statement issued from anti-suffrage headquarters to the effect that the anti-suffrage was engaged in the relief work. "The Franco-Belgian Relief association is non-political and non-sectarian," she said.

STANFORD STUDENTS ARE TIED TO TREES ALL NIGHT

BERKELEY, Cal., Nov. 14.—Almost a score of Stanford students, who spent the night tied to trees in the hills back of the University of California, were released at dawn today, when a truce was declared between the warring students of the rival colleges. The men were captured last night, when Stanford students attacked a big concrete letter "G" on a hill overlooking the State university, cut the power wires that illuminated it and gave battle when attacked by a guard of Berkeley men.

FIGHTING FOR FIVE WEEKS

Nephew of Henry Pollock Writes Omaha Man of War Experience.

WOMEN ARE SUFFERING MOST

Resides Having Burden of Toll Upon Them, They Must Live On with Their Loved Ones Killed.

For five weeks Herman Greenwald, nephew of Henry Pollock of Omaha, stood up and fought Russian troops. At the end of the fifth week, the czar's men withdrew and the Austrian soldiers were allowed to sleep more than four hours in the twenty-four, for the first time in a month and a half.

Mr. Pollock received a letter yesterday from his relative which tells a pitiful story of suffering and hardship.

"The women are suffering most," writes Greenwald. "The men stand up in the trenches and fight and are killed and its all over for them, but the women are having their hearts shot out of their

bodies and must endure and go through life horribly maimed. They are doing the work of men everywhere now—tilling fields, working in shops, doing everything."

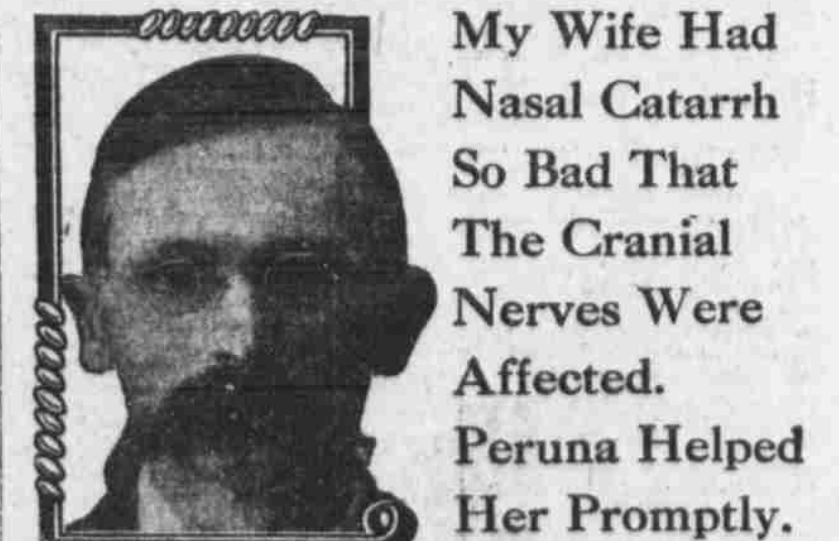

Censorship of mails prevented Greenwald from giving his relative any information about the war, except to tell of the hardships imposed upon everyone.

"Henry, all my life I have been a man of peace. My life has always been devoid of violence."

"Now I must stand up with others like me and shoot death at men just like me on the other side. My God, it's awful to see a man stand up in the prime of life, vigorous, healthy, superb, and then suddenly crumple to earth, his head shot off or a terrible red hole in his body. Did you ever see a man killed. I do not mean to ask if you ever saw a dead man. What I mean is, did you ever see a human being actually receive a death wound? It is awful."

The letter concludes with a few bits of information about other relatives of the Omaha man who are engaged in the war, fighting with the Hungarian troops. So far, none of Mr. Pollock's relatives have been killed, although several of his nephews are now and for several weeks have been under fire.

A Bad Case of Nasal Catarrh

My Wife Had Nasal Catarrh So Bad That The Cranial Nerves Were Affected. Peruna Helped Her Promptly. Mr. Frank W. Harris, Box 23, Basic City, Va., member Lodge No. 13, A. F. & A. M. writes: "I have used Peruna in my family with very satisfactory results, for the last two years. My wife was severely afflicted with nasal catarrh. The nerves of her head and face, called the cranial nerves, were affected. After a course of Peruna she has been greatly relieved. We cannot as a family speak too highly of Peruna and your other remedies. I recommend it to every one whenever I have a chance. I am sure it is a medicine that when once honestly tried will win its way without any other argument. I am willing to answer any letters of inquiry concerning Peruna."
