S. S. S., the famous blood purifier. It rushes into the blood and in three minutes has traversed the entire circulation. It penetrates to where the blood is made, it washes out those spots and places where stagnation has settled, it cleanses the membranes, drives irritation from the joints, fills the blood stream with antidotal influence and from head to foot creates conditions that make for blood health. There are people in every community who know this to be true. They have used S. S. S. for severe forms of rheumatism, for indoient, ulcerated spots, for eruptive skin diseases, for any and all those bodily conditions caused by blood loaded with impurities. Being a pure product of Nature it can not hurt the stomach and has therefore been the refuge of a host of people misguided in their dilemma by first flying to those dangerous mercurial drugs which have claimed so many unfortunates. If the skin breaks out in a rash, if boils or other eruptions appear, if there are blood risings or any other indications of impure blood get a bottle of S. S. S. at once of any druggist. But beware of substitutes. If in doubt as to your trouble or you wish competent medical advice free, write to the medical department, The Swift Specific Co., 58 Swift Bldg., Atlanta. Ga. This department is known far and wide as one of the greatest of helps to blood sufferers. But don't delay to mot a hottle of S. S. S. today.

## THRILL AT ARMY-NAVY GAME

Middies Anxious to Atone the Last Year's Defeat.

SEASON CLOSES WITH GAME

innual Encounter Will Mark End of the Gridiron Season-Teams in Good Shape and Evenly Matched.

PHILADELPHIA, Pa., Nov. 27.-The foot ball teams of the United States Navy and Military academies close the gridiron season here tomorrow with their annual cervice contest. Always an interesting struggle from both a play and spectacular tandpoint, the game holds promise of unusual thrills this year. The Middles are animated by a desire to atone for the un-expected and overwholming defeat adminstered by the Cadets at New York last continue the success which broke the Navy's triple row of victories just a year

Judging from the records made by the we teams to date the game should prove a fitting climax to the foot ball play of 1914. Both elevens have worked through hard achedules with great credit. The Army has won every one of its eight games, sharing this distinction with but ne of all the castern teams of the season. The caliber of the Cadets' squad is shown by the fact that this arring of victories octo Dame and Springfield.

Middles Not So Impressive. The Middles' record is not quite so ire pressive, containing as it does two defeats registered by the University of Pennsylin and the University of Pittsburgh. In both these games the Navy scored touchdown, however, and rolled up good sized totals in the others. The Sallors' defense has not proved equal to that shown by the West Pointers, for North Carolina and Coiby both ran up double-figure scores, although defeated by the Middles' fast offensive play.

the Birds. The first annual show of the Douglas County Poultry Breeders' association held at Benson during the last week, has been a pronounced success. With two days yet remaining, the attendance is going to be sufficient so that it is probable that the admissions will take care of all expenses and pay off the premiums. The success of the poultry show is largely due to the efforts of the officers, S. E. Munson, president; W. E. Bachr, secretary, and A. D. Riegal, treasurer, who for more than two weeks have given their time to the project, The show closes Sunday night. The entry list is larger than was anticipated when it was decided to give the show, and it gives promise of being so successful financially and as an attraction that it will be made a permanent fall feature to keep up the interest in the raising of good poultry. In the large building on the main street of Benson, in sanitary and attractive coops, more than 700 birds are on display, representing an even 350 entries, with more than fifty exhibitors, all practically chicken fanciers. On exhibition there are varieties of about all the fowls that are known to man. In the chicken line there is everything from the little bantam to the lordly Langshan. Then, there are some birds that are worth big noney, probably the highest class entry being a thoroughbred Rhode Island Red, a cockerel, for which there is a standing offer of \$150.
