A Home \$25 to \$40 Down \$25 to \$40 Monthly

It's easy when once you have made up your mind to do it. Den't be so particular that nothing suits. Don't be slivays preparing. There is no such thing as an ideal house in an ideal location at an ideal price, nor an ideal condition of pocket book and mind to be had for any body. Thousands of families make so much "fuss and feathers" about buying a home that they fritter sway all their lime and money trying to find something to exactly suit in every particular and therefore remain discontented renters.

The way to do a thing is to do it, the way to buy a home is to buy it. There is all the difference in the world in living under your own roof. It actually strengthens and increases the earning power of all the workers in the family. What if you do go into debt. A debt for a home is a lucky oblistion. It's uplifting instead of bearing down.

SAUNDERS COMPANY OFFERS Six new thoroughly modern, 5, 6 and 7-room bungalows and cottages, Stylish, Good, Pargains,
