WHAT CAUSES COLDS?

This question and "How to Prevent Colds" is asked a thousand times every day. A cold is really a fever, not always caused by the weather but due to a disordered condition of the blood or lack of important food-elements. In changing seasons fat-foods are essential because they distribute heat by enriching the blood and so render the body better able to withstand the varying elements.

This is the underlying reason why medicinal fats in Scott's Emulsion quickly overcome colds and build strength to prevent more serious sickness. It contains nature's medicinal fats, so skillfully prepared that the blood profits from every drop, and it is free from harmful drugs or alcohol.

Nebraska VEHICLES ON CAR TRACKS

Supreme Court Holds Public Must Get Out of the Way.

JUDGMENT REVERSAL TO STAND

Decision Stands in Gree County, Case Against Automobileist Who Frightened Team, Causing Runaway.

(From a Staff Correspondent.) LINCOLN, Dec. 4.—(Special.)—The supreme court decides in the case of Sam McKennan against the Omaha & Council Bluffs Street Railway company, that "The general public has an equal right with a street car company upon the public streets of a city, but has not at all times the same right upon the track of a street car company. The public has a right to cross or drive upon the street car tracks, but not so as to hinder or interfere with the cars operated thereon."

The case is one for damages, in which the supreme court had once before overruled the judgment of \$3,000 secured by plaintiff against the street car company and a motion is made for rehearing. The court in the main stands by its former opinion and for this reason the application for a rehearing. The main controversy seems to hinge on the rights of the public on a street car track, and the higher court in the syllabus of its opinion holds:

Duty of Motorman. "The motorman of a street car is not necessarily obliged to stop his car when he sees a man driving in a vehicle along the line of railway ahead of the car; but he may continue to run the car in a proper manner until it appears that the driver is in danger and is unaware or heedless of his danger. It is then his duty to use all reasonable care and diligence to avoid a collision. Seeing a man driving along the track, the motorman may assume that he will turn aside and out of the way of the car, but he cannot rest on the assumption so long as to allow his car to reach a point where it would be impossible for him to control his car or give warning in time to prevent injury to the man or vehicle.

"In such a case the motorman in charge of the car should use the care and diligence which an ordinary prudent person would use under the circumstances."

The opinion is by Justice Letton with a partial dissenting opinion by Justice Hamer, who does not exactly agree as to the rights of a vehicle on the car tracks. He holds that the care are for the accommodation of the public, and that a vehicle has no right to use the street car tracks to the inconvenience of the public traveling in the street car.

Dora, Judgment Affirmed.

In an appeal brought by the Omaha & Council Bluffs Street railway to set aside a judgment secured by John J. Dora in the Douglas county district court as the next friend of Francis Thomas Dora, a 7-year-old child, who was permanently injured by falling from a street car at Twenty-fourth and F streets in South Omaha, the court affirms the judgment of the lower court. Suit was brought for \$15,000, but judgment was allowed for but \$1,000.

Judgment Against Autoist.

The court affirms the judgment of the Gree county district court in a case brought on appeal by Henry Uhl et al against a judgment for \$20.50 damages secured by Fritz Schweppe.

The case involves the rights of an automobile on the public road and the warning given when desiring to pass a team going in the same direction.

The plaintiff alleged that the defendant while approaching in automobiles at a speed of fifteen miles an hour at a "numerous unusual and unnecessary noises with their automobiles and other instruments" so much so that his horses became frightened and that when they refused to heed his requests to be careful they ran their machines by at such speed that his horses ran away and he was thrown from his wagon and sustained injuries.

DAMAGE SUIT AGAINST SALOON KEEPERS IS ON

MADISON, Neb., Dec. 4.—(Special.)—The case of Laura E. Forrest against Martin Sporn and others, saloon keepers at Norfolk, entirely occupied the attention of the district court yesterday. Mrs. Forrest is suing to recover damages for injuries sustained by her son, Lawrence Forrest, who was run over when intoxicated and maimed for life by a passenger train on the Minneapolis & Omaha system. Witnesses for the plaintiff are Dr. C. J. Verge, Lawrence B. Hoffman, Fern Glida, Harland Clark, Dr. C. L. Mullong, James Forrest, Lawrence Forrest, Ross Davenport, James McCarthy, Charles Ostendorf and Mollie Wyman; for the defense, George Fox, Dr. C. J. Verge, Elmer Mosley, Dr. A. B. Tashner, Ed. Phillips, Harold Goggs, William E. Phillips, for the prosecution were Dr. Verge, Mullong and Laura E. Forrest, plaintiff, and Lawrence Forrest, son of plaintiff. Attorney for prosecution: Allen, Mapes and Barnhart; for the defense, Reed, Jack Koontzstein.

LEVY FOR RURAL SCHOOLS

Farmers' Congress Committee Incorporates This Plan in Report.

MORE POWER TO THE DISTRICTS

Omaha Meeting Will Discuss Proposition to Provide Higher Instruction for Those Who Live in Country.

CLARKE, Neb., Dec. 4.—(Special.)—The commission appointed by the Farmers' congress to investigate the school situation from the farmers' viewpoint will make its report at the annual meeting of that body in Omaha December 5. This commission was not authorized by the state and, therefore, makes its report only to the body that created it. The congress will hear this report and make their own recommendations to the legislature.

This commission will say in part: "The rural school is the farmer's school and he is entitled to a place in the councils that shape its policies. "His children have an inherent right to receive an equal number of grades of free, public school education as do the children of the people of the towns, nor should they be compelled to leave their home environment to obtain this instruction. "To secure this we favor the union of two or more rural schools into one district, whose board shall possess equal powers and duties as do the boards of any existing high school district. "We favor nonpartisan election of superintendents of public instruction. "We favor a general revision of the state course of study. "Recognizing the state as the natural unit of education, both legislative and administrative, we favor a state levy to be equitably distributed among the districts of the state. "We recommend that no school board shall be estopped by law from providing for the children of school age in their district instruction in any branch or grade provided for in the state course of study." Every person interested in this vital question has an earnest invitation to be present at that meeting and join in the discussion.

WORKS OF ART ARE BURNED

Fire in Hold of Ship Does Damage of Nearly Million.

MANY PAINTINGS ARE CHARRED

Mississippi Soon After It Leaves Havre, but it is Quickly Extinguished.

NEW YORK, Dec. 4.—Paintings and art objects of an estimated value of about \$800,000 were destroyed by fire in the hold of the freight steamer Mississippi, which arrived here on November 27. It became known yesterday when the shipment was examined by customs officials and representatives of insurance companies. The fire started soon after the Mississippi left Havre, but, as it was soon extinguished, the vessel proceeded to this port, and no news of the fire was given out. Crates containing other paintings were not opened, but as they are badly charred, their contents are also expected to be a total loss. The works destroyed were consigned to New York art dealers.

Will Fight Dry Law As Blow at Church

TUCSON, Ariz., Dec. 4.—Blahop Henry Cranjon of the Roman Catholic diocese of Arizona and New Mexico has engaged attorneys to contest the validity of the state prohibition law adopted at the election, November 2. The contest, it was stated today, will be instituted in the name of Rev. Thomas Connelly, pastor of All Saints' church of Tucson. It will be based on the contention that the prohibition measure is unconstitutional, because its provisions would prevent the use of wine in the sacramental ceremony of the mass, and thereby, it is alleged, contravene the fundamental rights of religious organizations.
