MUMFORD GOOD DEM WORKER

Choice for Governor's Secretary Bears the Correct Brand.

WAS BOOSTER OF DAHLMAN

Member of Democratic State Committee and Live Worker for the Interest of the Party in His District.

(From a Staff Correspondent.)

LINCOLN, Dec. 8.—(Special.)—The tender of the private secretaryship to Eugene Mumford by Governor Morehead, to take effect when Private Secretary Morrissey assumes the duties of deputy attorney general, has brought on the discussion of the Gage county man stands as a democrat.

One democrat who has filled an important place on the democratic state committee says Mr. Mumford is all right.

Mr. Mumford was a staunch supporter of Mayor James Dahlman in the mayor's winning fight for the democratic nomination for governor in 1910. His appointment cannot be considered as a Bryan choice either.

Mr. Mumford has been a hard worker for democratic success, a member of the state committee from the Gage district and a mighty good fellow. He is about 40 years of age and has a family.

Nebraska Statistics Ready.

Statistical prognosticator George W. Kline of the State Board of Agriculture is feeling pretty good over the fact that Nebraska has outstripped Kansas in its gathering of statistics on grain and other farm products for 1914. Mr. Kline has just received the Kansas advance sheets of the statistics prepared by the Kansas publicity bureau. Nebraska statistics covering the same proportion were out and published months ago, hence the broad smile on the part of Mr. Kline.

Athletic Association.

The Young Men's Athletic association is the name of an Omaha corporation filing articles of incorporation with the secretary of state. The corporation has a capital of \$2,000. Officers are: Walter Wynn, president; Walter L. Seals, vice president; William C. Ray, secretary, and George Watson, treasurer.

Juice for Elevator.

The elevator in the capitol building, which has had an up-and-down existence with frequent hitch-ups between the tips and downs and at times vacations of various lengths because of the unworkable contrivance which sends along the juice, will now be expected to do business at the old stand in a reliable manner, the state board today making a contract with the Lincoln Gas and Electric Light company to furnish power—at least until the legislature gets out of the way. The

Nebraska

board was afraid that the power which has been heretofore received from the penitentiary plant would not be able to pull the members of the legislature to their work this winter.

Highway Improvement.

Definite and practical plans for improving the highways of Nebraska will be discussed at the meeting of the Nebraska Good Roads association in Lincoln, January 19. The meeting will be held at the Lincoln hotel and Representative-elect Dwight S. Dalbey, the president of the association, is arranging the program.

CHIROPRACTORS WILL SEEK LEGISLATIVE RECOGNITION

(From a Staff Correspondent.)

LINCOLN, Neb., Dec. 8.—(Special Telegram.)—Nebraska chiropractors will make an attempt to seek recognition of their profession at the next session of the legislature, according to action taken at a meeting of members of that profession in which nearly every county of the state was represented here today. A committee was appointed to look after the matter and the convention adjourned with the expectation of meeting again soon.

The officers are: H. J. Foster, Hastings, president; J. R. Campbell, Norfolk, secretary; H. W. Kellogg, Harvard, financial secretary, and L. R. Parks, Tecumseh, treasurer.

VETERINARIANS POSTPONE OPENING OF MEETING

(From a Staff Correspondent.)

LINCOLN, Neb., Dec. 8.—(Special Telegram.)—A large number of veterinarians are attending the annual meeting of the Nebraska State Veterinary Medical association here today. Very little was done this afternoon except in a preliminary way, the main part of the program being tomorrow. The motion picture lecture by State Veterinarian Kigin, which was set for this evening, was postponed until tomorrow morning as the doctor was called to Omaha to address the Farmers' Congress. Officers of the Nebraska association are: L. W. McEachran, Geneva; S. W. Alford, Lincoln, and Carl J. Norden, Norfolk. The meetings are being called at the Lindell hotel.

Two Accidents at Palmyra.

AVOCA, Neb., Dec. 8.—(Special.)—Two accidents have recently occurred at the town of Palmyra. The young son of Mrs. Anna Kelly was riding a blind horse when the animal fell, throwing the boy, who alighted on his head. He was rendered unconscious and at last reports still remained in that condition. Mrs. Ellen O'Brien, also of that city, arose quickly from her chair and in so doing fell, striking her arm with enough force to break it.

Father Accidentally Shoots His Own Son

FAIRBURY, Neb., Dec. 8.—(Special Telegram.)—Floyd Catlin, general delivery clerk in the Fairbury postoffice, was accidentally shot while hunting with his father and several friends today.

While trying to shoot a rabbit Mr. Catlin, sr., accidentally shot his own son. He was only thirty yards off and the heavy No. 4 shot penetrated the son's body. One shot entered the temple, another entered the side of his nose and came out the roof of his mouth. Another lodged deeply in his breast. A physician succeeded in removing most of the shot, except the one in the breast. He was taken to Lincoln at noon by his father and a doctor for an X-ray examination.

Catlin is 24 years of age and married and has worked in the postoffice for five years. It is thought his injuries may prove fatal.

Ready-to-Wear Section

Japanese Goods for Gifts. Wonderful flowered and embroidered designs. Amusing what one hears sometimes when the ears are open. One day last week two women were on our second floor. One was attracted by the Jap Quilted Vests, House Robes, Mandarin Coats, Kimonos, etc. She stopped and directed her partner's attention to the beauties. Oh, said Madame Wise, I never buy Japanese wearables. You know, said she, all of these garments are worn by the Japs before they are sent to this country, and they are such dirty beings. Now what rot that was. Whatever the crimes of the little Jap may be, dirtiness is not one of them. As a race they love water and the Caucasian has nothing on the little brown man in that direction. How much more sensible and better informed—one of this season's debutantes. Why in the world don't you tell folks that you have these exquisite works of art? So that's why we are spending our good money—so that you may know. She went into ecstasies over our Pussy Willow Waists—those of Crepe de Chine and velvet, also. And so we want you to know that we have these from \$5.00 to \$25.00.

3 MORE DOLLS

For Our Busy Little Bees

EDITH, MERLE and CATHLENE

Edith is tall and stately and has a charming disposition, so kind and gentle and sweet; that's the way she looks, anyway, and you will think the same when you look into those deep brown eyes of hers. Of course, only one little girl can win Edith, so we are giving Merle and Cathlene as second and third prizes. They are not quite so big and pretty as Edith, but you will be surprised when you see how nice they really are.

These dolls will be given free to the little girls, under 12 years of age, that bring or mail us the largest number of doll's pictures cut out of the Bees and Sunday Bee before 4 p. m., Saturday, December 12.

Edith's picture will be in The Bee every day this week. Cut them all out and ask your friends to save the pictures in their paper for you too. See how many pictures of Edith you can get, and be sure to turn them in to The Bee office before 4 p. m., Saturday, December 12.

If you don't win one of these Dollies perhaps you can get one next week. Only one doll will be given to any one person.

You can see Edith at the

We thought we were through—but just as we were to hand the copy to the adman Miss Coleman called attention to a special lot of Bungalow Aprons. These are made from light and dark Percal—they are full size and extra length. We have sold thousands at a half dollar. Just as an additional coaxer we decided to sell 3 for \$1. Thinking some might want to buy them singly we made the price **33c** each. That is **3 FOR 99c**. They won't last long.

To the people who visit our store Miss Doyle is as well known as the town clock. Being near at hand, she said: "What's the matter with mentioning—" and on she went telling about article after article until we had to call a halt for she would have filled the paper. We compromised—On Men's All Linen Handkerchiefs at **84c** each, 3 for a quarter. Dainty little pocket scissors or for the Kensington **19c** each in a holly box.
