SHEEP—There was a generous run of sheep and lambs on sale for a Thursday, amounting to as many as 11.500 head, against 9.755 a week ago and 4.5% a year ago. Trade was slow and light lower to nambs and fully 106200 off on aged sheep, being just the opposite to yesterday's active and higher market. It was late in the morning before the packers would even go and look at the offerings, and when a movement scaleward did get under way trade was only fairly active at the best time. Most of the lambs consisted of fed westerns and moved at \$2.56, with some medium kinds going at \$2.10. Fat ewes sold largely at \$5.000.65. At the close of last week the range on lambs was \$2.6005.50; consequently today's trade is about steady with last Priday were quotable at \$5.1005.50, compared with \$5.50,056.65 today, thus showing a small advance for the week thus far. The receipts this week have been very good compared with the same time last week.

but fall short of two weeks ago and a year ago. They foot up 30,521 head.
