DRY AMENDMENT IS YOTED DOWN

Hobson Resolution for National Prohibition Fails of Two-Thirds Majority in Lower House

SIXTY-ONE SHORT OF WINNING

Hundred Fourteen Demos, Sixty-Seven Regular and Four Independent G. O. P.'s in the Aye Column. Deputies.

WASHINGTON, Dec. 23 .- The Hobson resolution to submit a constitutional amendment for national prohibition to the state legislatures was defeated in the house last night 197 members voting for and 189 against it. An affirmative vote of two-thirds was required to adopt the resolution.

Party lines were wiped out in the struggle. Democratic Leader Underwood and Republican Leader Mann fought shoulder to shoulder at the head of the forces opposing the resolution. And when the vote came, of the 197 standing for the resolution, 114 were democrats, sixty-seven were republicans and eleven were progressives and four were independent re publicans.

Show Regret and Joy.

Immediately after announcement of the vote, the house adjourned, the crowde which had packed the galleries throughout the prolonged debate, dispersing with mingled expressions of regret and jubilation.

Prohibition leaders declared that the majority for the resolution had fulfilled their expectations as they had not hoped two-thirds vote. Whether a for a similar resolution pending in the senate submitted by Senator Sheppard of Texas would reach a vote in the senate at this session was not certain tonight. Administration leaders were inclined to believe, however, that it would not, in view of the action of the house.

Notwithstanding repeated public assertions that many members of the house would try to dodge a record vote on the issue, the roll call disclosed a heavy at tendance, larger than the average throughout the session. On the final vote 386 votes were recorded. To have carried the resolution would have required 258 affirmative votes. It thus failed by sixty-one votes.

NEW YORK, Dec. 22 .- The existence of an alleged conspiracy in New Orleans to blow up a French or English passenger ship on the sea by placing an infernal machine in its cargo before it should sail from New York was known twelve days ago to Paul Faguet, general agent of the French line, according to an announcement made here today. A small army of detectives was employed to prevent the "fruition of the scheme. Every bit of baggage and cargo going into the French line ships was closely examined and the proper authorities, Mr. Faguet said, were promptly notified. It was believed here that this notification was what resulted in the arrest of four men in New Orleans last night.

Gnard Strengthened.

The Cunard line and the International Mercantile Marine lines have strengthened their forces of guards. No visitors may go to any of their docks, and when vessels leave no one is allowed aboard who is unknown to officials. Passengers have to furnish proofs of their identity before they are permitted to go aboard All baggage is scrutinized carefully, and the cargo is thoroughly inspected before it is taken on

To prevent the possibility of an aitempt by longshoremen to place abourd explosives or to damage the ships, squad of detectives disguised as longshoremen have been working for weeks with real longshoremen on the docks.
