HE Minneapolis Symphony orchestra is scheduled to appear in Omaha Friday evening, February 19. For the first time in the history of musical circles here an Omaha pianist will be heard with it. Miss Frances Nash, daughter of Mrs. E. W. Nash, will make her first public appearance in concert at this event. Miss Nash was to have made her debut in concert in Dresden this fall. The orchestra and hall were engaged for this event, but all such plans were destroyed by the war, and she returned home only a few weeks ago. It is possible that Miss Nash will include in her program here two of the larger Chopin concertos, the same as was used in her professional program abroad. Miss Nash was engaged to play with the Thomas orchestra a year ago, but plans for continuing her musical studies abroad interfered.

Flour Prices Up Under the Higher Prices of Wheat

Following the raise in wheat, the price of flour has advanced over 2 cents in the last week. Flour is now selling wholesale at prices ranging from 24.50 and the retail price has jumped to 27.50 and 28.50 a sack. A week ago it sold at 25.50 a sack retail. Local produce men ascribe the cause to the wild manipulation of wheat speculators who are forcing quotations up on the exchanges.

DISCUSS PUBLIC WAREHOUSE

Frank G. Odell Tells Economic League Plan is Full of Opportunity for Speculators.

The public warehouse as a general proposition was again threshed out last night when the Economic League met together at the court house to hear Frank G. Odell discuss the subject. There were two sides to the subject and the members found both sides. Odell said he did not wish to be regarded as against a warehouse as a general proposition, but, he said, "I am not in favor of any old warehouse bill. There are things to be guarded against."

MAY WORK TO PUBLIC GOOD

The public warehouse as a general proposition was again threshed out last night when the Economic League met together at the court house to hear Frank G. Odell discuss the subject. There were two sides to the subject and the members found both sides. Odell said he did not wish to be regarded as against a warehouse as a general proposition, but, he said, "I am not in favor of any old warehouse bill. There are things to be guarded against."

Abuses in Marketing. "The abuses in grain marketing led to the demand for public warehouses," he said. "But the public warehouse has not been sufficient to correct the evils of a grain business. The owner or operator of the warehouse should be performing a public function and should be impartial, affording an equal opportunity to all to store their grain. But by devices operated in defiance of the law, creating a public warehouseman, he has become a competitor of every legitimate trader in grain and with special advantages which renders competition practically impossible."

Prices in Kansas. Tom Tibbles quoted General Test at length in favor of the public warehouse. He said the general had made a study of the subject for years and could show that grain was bought 5 cents a bushel in Nebraska than in Kansas because Nebraska has no public warehouses. C. Vincent answered him by saying that the difference in the price of grain in Kansas City and Omaha is the difference in the price of freight. "A law creating a public warehouse in Nebraska," he said, "is about as important as a law for Nebraska regulating the business of oyster dressing or the operation of cotton gins."

La-Grippe and Colds

In La-Grippe and Colds, Anti-kamnia (A-K) Tablets are unexcelled, as they stop the pain, soothe the nerves, and bring the rest so greatly needed by nature to restore the system to health. Physicians have used these tablets for over twenty years, in the treatment of colds, fevers and grippe, and have found no other remedy more useful in these conditions. Anti-kamnia Tablets are an inexpensive, so pleasant to take, so satisfactory in their results, and so useful in all conditions where there is pain, that A-K Tablets should always be kept in the house for the time of necessity. Many of our ablest physicians obtain perfect results in the grippe and colds, by cleansing the system with Epson salts or "Aetoids," a very good cathartic, putting the patient on a limited diet, and administering one A-K tablet every two or three hours. This treatment will usually break up the worst case in a day or two, while in milder cases, ease and comfort are obtained immediately. These tablets are also unexcelled for Neuralgia, Rheumatic Pains, the Pains of Women, Indigestion and Insomnia. All druggists have them. Genuine A-K Tablets bear the K mark.

THE TRUTH ABOUT CATARRH

A Germ Disease That Can Be Stopped by Killing Germs Which Cause It.

A good many claims are made for this and that remedy for Catarrh and doubtless if you are a sufferer from this disease, you have yourself tried many of them and received no permanent benefit. The fact remains however, that there is a way to get rid of catarrh forever and certainly the method most likely to succeed and to cure where all else has failed is one that your own druggist has so much faith in that he will sell it to you on a positive guarantee of success or money back.

That's exactly the way that Sherman & McConnell Drug Co., and many other leading druggists in this vicinity are selling Hyomel, the great Catarrh germ-killer, a wonderful medicated but pleasant smelling air which you breathe into your nose, throat and lungs through a small inhaling device that druggists furnish with it. Hyomel is made from the pure healing oil of Eucalyptus, combined with other powerful germicidal ingredients and it not only clears up the head and air passages and heals the sore, swollen inflamed membranes of your nose and throat, but it destroys the germ itself. Its penetrating air is absolute and positive death to every catarrh germ in your system. It destroys the germ utterly and when the germs go the disease and all its disagreeable symptoms stop. If you have Catarrh breathe Hyomel. It's the only sensible thing to do and you gain nothing and lose much by waiting. Don't trust to memory. Cut this out of the paper and take it into your druggist the very next time you pass his store. Insist on getting the complete outfit which includes the free rubber inhaler as it is very necessary to use this inhaler to get best results. Sherman & McConnell Drug Co.
