AMES FILLS ITS SCHEDULE

Tradition Plays Part in Arrangement of Playing Dates of Foot Ball Eleven.

WOULD LIKE TO PLAY KANSAS

AMES, Ia., Jan. 12.—(Special.)—Coach Hamilton of Kansas, when he was here last week for two days with the Jayhawk basketball team, said Kansas had signed up with the same schools the Jayhawkers have played for years. Kansas attaches the sentiment of perennial rivalry, out of which grows tradition, to the games with Missouri, Nebraska, Washburn and Drake, and there seems to be no desire for a change to newer foes, he said. He was asked why Ames and Kansas never get together on the gridiron and he guessed that it was because of time-honored tradition.

Director Clyde Williams said he has signed new contracts with Missouri, Nebraska, Iowa and Drake, the games to be played in the order given, Missouri and Nebraska on State field, Iowa at Iowa City and Drake at Des Moines. Games with the Tigers, Cornhuskers, Bulldogs and Hawkeyes date 'way back on the Ames schedule and they hold their places on the roll for 1915. Coe and Cornell, though they are not yet signed up, have been steady enemies of the Cyclones in football and they, one or both, no doubt will be given room on the Ames calendar for the fall. Minnesota at Minneapolis is a permanent fixture.

Nothing new has developed on the new coach proposition, but last Friday the special athletic council committee promised that the selection of at least one of the coaches would take place within the subsequent week. A Cambridge dispatch in a Chicago newspaper Monday said: "Briekley intends to coach in the middle west. While his plans are still unsettled, he says there is little chance that he will locate at either Ohio State university or Ames." The Ames athletic council has verified the Ames' end of the item.

During June, this year, the people of Geneseo, Ill., are to have a home-coming week, and letters received here by former Geneseoites indicate that 1,000 or more of the old-timers will be in attendance. Omaha is the home of two former Geneseoites—Court Carrier of the Milwaukee office and Congressman Lobeck. Both were boys there and some forty years ago they were stars on the town baseball team, Carrier catching and Lobeck playing first base. It has been thirty years since Carrier was in Geneseo. He has written that he will be one of the home-comers.

PREPARE RACING SCHEDULE

Grand Circuit Stewards Add Montreal to Harness Run Loop in Meeting at Detroit.

SEASON OPENS AT CLEVELAND

DETROIT, Mich., Jan. 12.—Pittsburgh and Port Erie will not be active members of the Grand Circuit this year. The stewards of the harness racing organization, in session here today, prepared the 1915 racing schedule and added Montreal to the circuit. The Canadian city was given two race meetings of three days each to fill the gap caused by the withdrawal of Port Erie and Pittsburgh.

The season will open at Cleveland the week of July 19 and will close at Lexington, Ky., the week of October 11. The change which brought Montreal to the circuit was expected, and the allotment of dates was about as predicted. The opening dates of the racing meet follow: July 19, Cleveland; July 26, Detroit; August 1, Kalamazoo; August 5, Grand Rapids, Mich.; August 16, three days, Montreal; August 30, Yonkers, N. Y.; September 6, Hartford, Conn.; September 13, Racine; September 20, Columbus; September 27, Columbus; October 4, Lexington; October 11, Lexington.

The laws governing harness horse meetings in Montreal allow only three days' racing in a week.

Cruiser Karlsruhe is Reported Sunk Off Grenada, West Indies

MONTREAL, Que., Jan. 12.—A detailed description of a naval battle off Grenada, British West Indies, is given in a letter received here today from an eye-witness who asserts that in his opinion the German cruiser Karlsruhe took part and was sunk.

The letter was dated Grenada, December 2 and the writer asserts that after the battle a life buoy came ashore marked "S. M. S. Karlsruhe," together with wreckage and barrels and food-stuffs. He further writes that fishermen had brought the news that they had seen dead bodies floating in the vicinity of the battle, numbers of candles marked "Kaiser Light," boots, helmets and other wreckage.

The letter was made public by the Montreal Gazette and was received by a member of the Gazette staff from one of his friends at Grenada. The letter says: "While at my house on a ridge overlooking the sea north of Grenada, I witnessed a naval engagement, which was undoubtedly carried on between more than two warships. The action lasted, as far as I observed, from 7 o'clock p. m. to 11 p. m. As the darkness increased it was quite apparent when broadside of projectiles exploded within seconds of each other on either side, within a range of four to six miles. I did not hear the explosion of the shells, as the fight was too far away. Nobody in St. Patrick's appeared to have noticed what had happened. Whether the government knew of the engagement or not they certainly censored all news as regards it.

"Six days afterward I was confirmed in my opinion by the fact that Sautiers fishermen fishing in the Carriacou channel brought in news that they had found dead bodies floating in the water, together with numberless candles marked 'Kaiser Light' (a sample of which I send you as a Christmas gift), also boots with feet in them, helmets, pieces of wreckage, etc.

"On my portion of an island called Isle of Rhondre a life buoy came ashore marked 'H. M. S. Karlsruhe,' and besides wreckage and barrels of food stuffs, I am the lucky possessor of an officer's sword which came ashore wrapped up carefully in oilcloth.

"All this confirms my conviction that not only did an engagement occur, but that the dreaded Karlsruhe has been sunk."

Secret Treaty of Porte and Germany Now Made Public

PARIS, Jan. 12.—A news dispatch received here from Dedagatch, Bulgaria, says there has been made public there a synopsis of a treaty recently concluded between Germany and Turkey.

This treaty provides that Germany shall furnish Turkey during the war with munitions, material and the money for the Turkish army, and supply also a sufficient number of German officers and specialists to meet Turkey's requirements. In case of victory Germany agrees to pay Turkey one-fifth of the war indemnity received; in case of defeat Germany will introduce into the peace treaty a clause guaranteeing the integrity of Ottoman territory. Each country agrees not to conclude peace without the other. Turkey, under the terms of this agreement, is bound to make war against Great Britain and Russia. France is not mentioned in the document.

The Bremen is a small German cruiser built ten years ago. It is 341 feet long, 43½ feet beam and has a normal displacement of 3,250 tons. Its complement consists of 285 men.

Constantinople is Short of Food

NEW YORK, Jan. 12.—The closing of the Dardanelles and the shutting off of Turkey from outside commerce has resulted in the people of Constantinople being reduced to the verge of starvation, according to George Tomzayan of Chicago, for the last eight months in charge of an Armenian orphan asylum at Constantinople, who arrived here today on the Greek steamship Athina from Piraeus. "When I left Constantinople less than a month ago," he said, "that city was reduced to mere straits for food, all available supplies having been confiscated by military authorities. Suffering among the people was intense and the struggle for food by the poor was pitiful in the extreme."

Collier Jason is at Alexandria

CAIRO, Jan. 12.—(Via London.)—The United States cruiser Tennessee and the Collier Jason arrived at Alexandria Sunday evening. The Tennessee after fruitlessly waiting outside of Jaffa to embark refugees, the weather continuing exceedingly rough, was obliged to return to Alexandria for coal, causing great disappointment to the refugees of whom 1,500 of all nationalities are waiting at Jaffa. The Tennessee leaves again today on its mission. Three trips will be necessary to bring away all the refugees.

The Jason also sails today for Beirut and thereafter will touch at Piraeus, Genoa and Marseilles and will finally arrive at Plymouth on February 15. While enroute it will take aboard exhibits for the San Francisco exposition. The Germans and Austrians have sent their exhibits to Genoa.

Shorty Des Jarrien Will Join the Cubs

CHICAGO, Jan. 12.—Paul "Shorty" Des Jarrien, star center of the University of Chicago football team, regarded as one of the best base ball pitchers in the "big nine," will join the Chicago club of the National league in June, according to a story published here today.

Des Jarrien declined at this time, it was said, to sign a contract, as he did not want to endanger his amateur standing by signing to play professional baseball. He agreed, however, to sign as soon as he received his diploma in June. He is a right-hander, possesses a good curve ball and his height of more than six feet gives him additional effectiveness. At the university he is regarded as one of the greatest all around athletes who ever attended the school.

Report of Death of Russian Grand Duke is Officially Denied

PETROGRAD, Jan. 12.—The reported death of Grand Duke Alexander Michaelovitch, brother-in-law of Emperor Nicholas, while fighting in Persia, was officially denied in Petrograd today.

In view of the fact that an official announcement has been given out by the Turkish government relating to victories of Turkish troops and the death on the battlefield in one of these engagements of Grand Duke Alexander Michaelovitch, the general staff of the Russian army declared today that the Turks have gained no such victories and the encounters referred to were nothing more than skirmishes. The statement says: "Grand Duke Alexander Michaelovitch has not been in the Caucasian theater of the war. He is in good health."
