#### It's the Man on the Side Line Who Sees the Most

and his opinions are often valuable.

Every window shade mounted on a Hartshorn shade roller spells perfect satisfaction. I know that many merchants are looking for attractive prices and

consider quality a secondary matter. But I want to tell you that it will not pay.

The reaction from certain dissatisfaction is subtle, but serious.

My trade knows that when I make a bargain offer in window shades, it's a REAL BARGAIN in dependable material and that CONFIDENCE offsets the excessively low prices offered all around me.

In every feature of house building and home making the demand today is for better materials and more useful and more durable furnishings and equipment.

Practical experience is the trade mark that stamps every product which leaves my factory—the best that can be produced.

Our service is unique and valuable for we clean, renew and repair window shades. We have proven to real estate men and others that we can stop a big leak in the upkeep expense of houses through doctoring window shades.

Clean window shades add to the attractiveness of a house as well as its sanitary condition. Window shades are very difficult to keep clean and can be made so only through our efficient system, which we have specialised in.

Call on me for prices and estimates. JAMES A. MATHIAS, Prop.

# REBUILT CADILLAC

Car to Buy

It's a Safe Used

SPECIAL VALUES NOW A rebuilt Cadillac is superior to any new car at the same price. They are the truest values on the street. By rebuilt we mean that the cars have been entirely taken apart, each part examineu and if necessary replaced by a new part made at the Cadillac factory, the entire car repainted and refinished like rew; all equipment put in first class concition—the whole car, in fact, carefully reconstructed until it is as good as new in every detail.

We ofter Cadillacs exclusively, as we do not accept other makes in trade. Consequently we are as interested in the performances of these rebuilt cars as we are in new Cadillacs. In actual service values, these cars are worth a great deal more than we ask for them, and we usually have a variety of body styles to select from. See them before you buy.
