HANSEN MAN DECLARES BELGIANS ARE AT FAULT

(From a Staff Correspondent.) LINCOLN, Jan. 16.—(Special.)—Once in a great while among the many general responses that Secretary Mallory of the general state committee, for Belgium relief is receiving is a plaint and a protest. "Let the Belgians surrender and say that they desire peace instead of war," is the argument of J. J. Wohlman of Hansen, Neb., after citing the Bible. "Then your heart and pocketbook will open simultaneously for their aid, but as long as they choose war let them suffer for their sins."

MAN KILLED BY TRAIN NEAR NEBRASKA CITY

NEBRASKA CITY, Neb., Jan. 16.—(Special Telegram.)—The body of C. C. Christensen of Indianapolis, Ia., was found along the Missouri Pacific railroad at an early hour this morning by a track walker. His gold watch had stopped at 7:45. No money was found on the body. He was about 39 years of age. It is thought he fell from a moving train. A receipt on his person showed the name. The body was ground to pieces. A blizzard is raging here. All business is suspended and railroads are blocked.

Full Information About Mileage

(From a Staff Correspondent.) LINCOLN, Jan. 16.—(Special.)—There will be no lack of information concerning the amount of mileage used by state officials during the coming administration, if all of the same make proper use of the blanks furnished them by Auditor Smith.

The blanks provide for the date of any amount used, the points of departure and the destination, and the number of miles. The blank is printed on the back of the regular expense account blanks and an each expense account is submitted, the exact amount of the balance of mileage on hand is to be reported.

WAY TO COLLECT ON LEGALS

Nebraska Publishers Propose Measure to Enforce Payment for the Publication.

MONEY BEFORE THE AFFIDAVIT

(From a Staff Correspondent.) LINCOLN, Jan. 16.—(Special.)—Three newspaper publishers in the legislature propose to see to it that all legal notices shall be paid for promptly instead of the publisher being compelled to wait several months for his money and, in some cases, failing to get it at all.

Leaves No Loophole.

The plan for bringing this about is somewhat novel. It leaves no loopholes whereby a needy publisher, anxious to get any kind of business, might consent to wait the prompt payment and thus be deprived of the advantage which the proposed law would give him.

Whenever a legal publication has been made, this bill provides that the owner of the newspaper or someone in its employ must swear to an affidavit containing this clause:

"Publication fee has been paid to the publisher of newspaper in which such publication was made."

Penalty Provided.

A penalty of \$25 fine is specified in case any publisher makes a false affidavit in this regard. Consequently, in order to play safe, he must collect the fee before he certifies that the legal notice has been printed in the manner required by law. He is allowed thirty days after the last publication to make the affidavit.

The bill will be introduced jointly by Representatives Brooms, Cronin and Barker.

COURT TAKES CHARGE OF TRAPPER'S FIVE CHILDREN

BROKEN BOW, Neb., Jan. 16.—(Special.)—Because the evidence in the case tended to show that Oliver Blevens, a trapper living near Cumbo, this county, is an unfit guardian for his five children, the same were taken from his custody by County Judge Ford and placed in the care of Sheriff Wilson, who will look after their future welfare. The mother has been dead for over two years and the complainant alleges that during that time the haphazard care that has been bestowed upon the children is not at all conducive to their well being. The children range in age from 16 down to 4, there being three girls and two boys. The sheriff will place the children to the best advantage and not separate the younger ones if he can possibly help it.

COMMISSIONER PURDY FILES CONTEST SUIT

MADISON, Neb., Jan. 16.—(Special.)—Watson L. Purdy commenced quo warranto proceedings in the district court to oust John W. Fitch as commissioner, whom the board recognized and seated January 12. Purdy asks the court to declare that Fitch is not entitled to his office and that he be ousted therefrom. District court at Madison will not convene until January 25, instead of January 20, the first to be considered being Whitmore & Fitch against Frank A. Warner, to set aside a state deed to certain land in section 14, township 23, range 1 west.

Notes from Clay Center.

CLAY CENTER, Neb., Jan. 16.—(Special.)—Agitation for a Carnegie library has this week resulted in the receipt of a definite proposition from the Carnegie corporation, and it is so favorable that it will without question be accepted. The city already owns the proposed site for the building and the only delay now will be while giving consideration to plans that will include a municipal college building gymnasium in connection with the library building.

Through the efforts of the Clay County Sun a large shipment of flour and clothing has gone from this city and surrounding country to Belgium.

The wheat in this section is in fine shape and with the promise of big prices farmers are feeling good.

The Jefferson county propaganda has received scant courtesy in this vicinity. Buyers of horses for the foreign market are here almost daily and seldom leave without taking several animals with them.

The Ancient Order of United Workmen lodge of this city has taken in forty new members within the last sixty days, and last Wednesday evening celebrated this splendid gain by a public installation of officers and a banquet.

The Christian Endeavor society of Johnson county holds its first county convention in Tecumseh, on Saturday and Sunday of next week.

Rev. C. C. Markham of Cedar Rapids, Neb., has been called to the pastorate of the Tecumseh Baptist church. He will begin his work here March 1.

PLAN WAR UPON GOPHERS

West Nebraska Statesmen Propose to Have Land Owners Wage Destructive Campaign.

TAX COST UP TO PROPERTY

(From a Staff Correspondent.) LINCOLN, Jan. 16.—(Special.)—Prairie dogs and gophers, which have been doing great damage to fields and pastures in many parts of Nebraska, are to be systematically exterminated by a yearly campaign for their destruction, under the terms of a bill which will be introduced in the legislature soon by Representatives Foster, Brooms, Hornby and Stearns.

This will be done without reporting to the unpopular expedient of paying a bounty for the pelts of the troublesome animals, which has been proposed in other legislative sessions but never became a law.

The bill will make it the duty of every land owner in the state to kill off all gophers and prairie dogs inhabiting his acreage, before November 1 of each year. Should this duty be neglected, it will then become the duty of the road overseer to go upon the land and exterminate the animals, after giving thirty days' notice. For this work the overseer is to be allowed \$3 per day and his expenses for buying poison or other suitable material or apparatus to accomplish the end in view.

Superintendent Eaton was originally appointed by Superintendent Delsell to fill the vacancy created by the recent resignation of E. J. Bodwell. (From a Staff Correspondent.) LINCOLN, Jan. 16.—(Special.)—The State Railway commission has granted the request of the Union Pacific for permission to insert the word "empty" in its tariff on switching rates on passenger cars within yard limits. This is to conform with the interstate regulation.

The road was also granted the permission to state expressly what is held to be already the practice in regard to switching charges on other than passenger cars, namely, that the one charge is made when the car is loaded one way and empty the other, but that when loaded both ways the regular charges are to be made.

Preparing Lease For Armory Rent For Long Terms

(From a Staff Correspondent.) LINCOLN, Jan. 16.—(Special.)—Adjutant General Hall is preparing a lease to be used in renting armories, five cities in the state having proposed to erect buildings for rental to the state.

At present there is no long-term lease on the part of the state of the various buildings desired some assurance that the state would continue to rent after the buildings were erected. After conferring with Deputy Attorney General Morrissey, General Hall decided to order the parties a ten-year lease with a proviso subjecting the lease to ratification by the legislature.

A fund of \$30,000 is appropriated by the state for armory rentals for the biennium. The adjutant general, of course, has no assurance that this will be continued, although he has no good reason to think that it will not.

There are thirty organization points at which armories are rented, making an average rental of \$1,000 a year. At no place at present is there a specially constructed building for armory purposes. Public organizations and private individuals in five different cities have offered to erect armories. They are: Omaha, Fremont, Hastings, Holdrege and Blair.
