Morgan, testifying today at the inquiry being conducted by the Federal Commission on Industrial Relations into the great ohilanthropic foundations and the causes of industrial unrest, denied that his bank- new plan of government which would ing firm dominated half of the railroads in the United States.

The denial was called forth by a statement attributed to Samuel Untermyer when the latter was a witness before the commision that his banking firm had virtually controlled the railroads. provisional president.

"We certainly do not control half of the roads," Mr. Morgan asserted. He added with a laugh. "I do not know anything about Kuhn, Loeb & Co.'s business Mr. Untermyer was certainly wrong."

## His First Appearance.

It was Mr. Morgan's first appearance Bill Raising Salaries of Police Infor the vast company of Morgan &: Co. When Mr. Morgan arrived at the hearing John Mitchell, former president of the United Mine Workers of America and now a member of the New York State Workmen's Compensation commission was on the stand. Mr. Mitchell testified regarding conditions among the miners of Colorado and Pennsylvania and characterized as "simply absurd" the Rockefeller plan of settling labor troubles in Colorado.

Mr. Morgan confessed his lack of knowledge regarding labor conditions in the corporations of which he is a director.

The officers of corporations, as executive officials, were responsible for labor conditions among the employes, Mr. Morgan declared. He was in favor of the 'open shop" and considered that in labor disputes the employer should "play the part of any decent man." Philanthropic foundations had done considerable good he believed.

Commissioner Weinstock asked Mr. Morgan for suggestions as to legislation that congress might be requested to enact to better relations between employers and cilmen and police. employes.

There is one sure way that has never falled to remove dandruff at once, and that is to dissolve it, then you destroy it. entirely. To do this, just get about four ounces of plain, common liquid arvon from any drug store (this is all you will need), apply it at night when retiring; use enough to moisten the scalp and rub It in gently with the finger tips,

By morning, most if not all, of your dandruff will be gone, and three or four more applications will completely dissolve, and entirely destroy every single sign and trace of it, no matter how much dandruff you may have. You will find all itching and digging
