BARS CANDIDATES FROM WATER BOARD

Representative Trumble of Sherman Introduces Measure Directly Pertaining to the Body.

REMOVAL CAUSE SPECIFIES

(From a Staff Correspondent.) LINCOLN, Feb. 3,-(Special.)-Members of the Water board of Omaha, including the general manager and employes as well, will be prohibited from participation in partisan politics while members of the board and while employed by that organization, if Representative Trumbull can get H. R. 506, introduced today through the legislature,

The employes of the board have been forbidden from participation in municipal politics, and Trumbell proposes to amend "partisan." A majority vote, instend of two-thirds vote, of the members is deemed sufficient for removal of appointees an demployes of the board.

The bill would disqualify and remove board members as well as the general manager from election or appointment to any public office if they seek office while members of the Water board.

Morehead Asks for **Emergency Money to** Cover Fund Deficits

(From a Staff Correspondent.) LINCOLN, Feb. 2 .- (Special.) - A message from Governor Morehead, asking an emergency appropriation to cover definite in various funds of state instinutions, was read in the house this

The message made it clear that the created only out of thin air by reason of the refusal of the state treasurer to make the various funds interchangeable. The not surplus in other funds exceeds the definit by some \$20,000. This will all lapse back into the state treasury.

The amount of the emergency approprintion asked for is \$77,664. The net urplus in other funds is \$103,000, of which \$11,760 is in the sallary funds and \$91,271 in the maintenance funds of the various institutions. The seeming deficits are in certain funds in eight different instim. as follows: Soldiers' and Saliors' Home at Burkett, \$155,700; girls' home at gloside Hospital for the Insanc Kearney, \$5,730; Ingleside fusane asylum, \$8,415; boya' home at Kearney, \$6.720; Orthopedic hospital, 46,301; penitentiary, industrial school at Milford, \$2,944; School for Deaf at Omaha, \$946; home for dependent children at Lin-

BRYAN URGES SHIP AND TREATY BILLS

Secretary, in Talk to Chamber of Commerce, Pleads for Colombian Pact Measure.

NO RELIANCE ON FOREIGN BOATS

WASHINGTON, Feb. 3.-Secretary Bryan addressed the Chamber of Commerce of the United States here with a plea for support for the administration ship bill and ratification of the Colom

"The present war has shown us the disadvantages to which we are subjected when we rely on foreign ships to carry our merchandise," he said.

"The interruption of trade incident to the board from five to three and providing any great war throws a heavy burden on the neutral nations. Steps have been taken to increase largely our merchant marine, and the snipping bill is a still more important step toward importance intendent president of the board and the on the seas. Ships under government control will serve a double purpose, one permanent in its nature and the other important in an emergency, such as now exists.

"The permanent advantage of govern ment ships is to be found in the fact that they can establish new trade routes, acting as pioneere and going where private ships would be afraid to venture. It takes time to establish new routes and those who lay out such routes are liable to incur a temporary financial loss. As soon as there is sufficient trade to make the routes profitable it will be easy to find ships, but in the open competition of the seas, the pioneer ship has no assurance that it can reimburse itself for the money spent in the development of new trade. A government ship can do in this respect what a private ship would

Freight Rates Abnormal

"In addition to our permanent needs we have urgent temporary demands to consider. There are numerous reasons why the government should be prepared to meet such an emergency as that which now confronts us.

"Our traffic is interrupted and avail able ships are so scarce that freight rates have risen enormously. Government competition would tend to prevent the injustice from which our commerce is now suffering.

"The government, acting for all the people, has already responded to recognized needs in establishing the branch banks and in the provision made for a merchant marine. It is now attempting to render further service through government owned ships, but there is another avenue for governmental activity.

Boosts Colombia Trenty. "While friendship cannot make up for economic disadvantages or for lack of banking or transportation facilities, still friendship is a factor that cannot be overlooked. The various departments connected with the foreign trade are in full sympathy with the president in his efforts to cultivate the good will of our American neighbors. These efforts have been manifested in many ways and in connection with our dealings with a number of countries, but I venture to call special attention to one matter in which the members of this body will, I am sure, feel a deep interest, namely, the Colom-
