

### Girls! Lots of Beautiful Hair

25 cent bottle of "Danderine" makes hair thick, glossy and wavy.

Removes all dandruff, stops itching scalp and falling hair.

To be possessed of a head of heavy, beautiful hair, soft, lustrous, fluffy, wavy and free from dandruff is merely a matter of using a little Danderine. It is easy and inexpensive to have nice, soft hair and lots of it. Just get a 25-cent bottle of Knowlton's Danderine now—all drug stores recommend it—apply a little as directed and within ten minutes there will be an appearance of abundance, freshness, fluffiness and an incomparable gloss and lustre, and try as you will you can not find a trace of dandruff or falling hair; but your real surprise will be after about two weeks' use, when you will see new hair—fine and downy at first—yet—yet—yet really new hair—sprouting out all over your scalp—Danderine is, we believe, the only safe hair grower, destroyer of dandruff and cure for itchy scalp and it never fails to stop falling hair at once. If you want to prove how pretty and soft your hair really is, moisten a cloth with a little Danderine and carefully draw it through your hair—taking one small strand at a time. Your hair will be soft, glossy and beautiful in just a few moments—a delightful surprise awaits everyone who tries this—Advertisement.

### GERMAN ADVANCE IN EAST PUZZLES BRITISH EXPERTS

English Statisticians Unable to Understand Heavy Sacrifices of Men Kaiser is Making in Vicinity of Warsaw.

SEE LITTLE PERMANENT GAIN Move May Be Intended to Prevent Sending Reinforcements to the Austrians.

VIOLENT BATTLE AT LA BASSEE

LONDON, Feb. 3.—British military experts are unable to explain the sudden and violent offensive movements begun by the Germans to the west of Warsaw, in Russian Poland, and in the vicinity of LaBasse, on the northwestern end of the battle line in France.

In both these regions there had been a return to the old style of German battering, the men being hurled forward in close formation, great sacrifice, with British reports say, little permanent gain.

In Russian Poland the Germans are holding some ground in front of Warsaw, which these attacks netted, but the recent German onslaughts on the western battle front, military officials assert, almost invariably have resulted in failure to consolidate the positions gained.

It is suggested that Field Marshal von Hindenburg, the German commander, is again hammering toward the Polish capital with the idea of holding the Emperor Nicholas' crack troops which otherwise might be transferred to the Carpathians where the Russians and Austro-German forces still are fighting in the mountain passes. Neither side has been able to force the other onto the plains, though the Russians claim to be more than holding their own.

LaBasse, twelve miles south of the Belgian border, long has been a crucial point on the western front and the British troops congregated in the neighborhood have suffered heavily.

German Official Report. BERLIN, Feb. 3.—The reports to the German positions near Perthes have been repulsed. On the remainder of the western battle front there was yesterday nothing more than artillery exchanges.

In Poland, north of the Vistula, cavalry onslaughts by the Russians have been repulsed, while south of the Vistula, German attacks at a point east of Bismarck ended with the occupation of the village of Humin (to the northeast). Fighting for possession of Wolastye-Lowiczka has been going on since February 1. In these engagements we have taken over 4,000 prisoners and captured six machine guns.

Russian attacks at night against the German positions near the Bzura river have been repulsed.

French Official Report. PARIS, Feb. 3.—The French war office today gave out on the progress of the military operations reading as follows:

In the country of the Lys there is nothing to report. Between the Lys and Oise, in the sector of Nouvrette, to the west of Lens, French batteries put an end to a spirited fusillade from the enemy. The Germans endeavored to float down the river Aisne some blazing rafts, starting them from a point above Avelly, which is north of Albert. We were successful, however, in stopping these floats before they exploded.

Our artillery has continued to secure excellent results in the valley of the Aisne. We have made slight progress and have taken prisoners and repulsed a counter attack of the Hill, No. 20, near Perthes.

On the Argonne, a second German attack took place yesterday near Bogatelle, at about 6 o'clock in the evening.

The front from the Meuse to the Vesges has been quiet. In Alsace we are organizing our forces on the ground won by us to the south of Ammerzwiller.

### Secretary Defends Methods and Work of the Foundation

NEW YORK, Feb. 2.—Jerome D. Greene, secretary of the Rockefeller Foundation and formerly a member of the personal staff of John D. Rockefeller, today spent two hours and a half on the witness stand before the federal commission on industrial relations explaining the working of the Foundation, his personal activities, and defending the charter under which the Foundation is doing business.

Mr. Greene admitted, in reply to questions, that the charter was broad in scope and that under it there was nothing to prevent the Foundation from engaging in propaganda against trade unions or conducting a campaign against compensation for workmen. But he asserted there was not the remotest chance that such things would ever be done.

"The witness declared there were no grounds on which to base a suggestion that the charter, which was granted by the New York legislature, might be unconstitutional.

As for conditions in Colorado, the witness saw no reason why the Rockefeller Foundation should interest itself more in the workers, than in any other place where there appeared to be a need of assistance. The trouble in Colorado he believed to be economic.

Mr. Greene said that since the start of the Rockefeller Foundation about a year ago the Foundation had dispensed in gifts \$2,834,000 on its own behalf and \$2,128,000 on behalf of Mr. Rockefeller, Sr. All told it had expended about \$1,000,000 for Belgian relief.

### NINE MEN BURNED TO DEATH IN BUNKHOUSE

KANE, Pa., Feb. 2.—Nine men were burned to death and six others seriously injured in a fire which early today destroyed the bunk house of the Tionesta Chemical company at Tionesta, Forest county. The men, mostly wanderers, were employed in the forests as woodmen. The house was heated by gas, and it is believed increased pressure in the mains caused an explosion which fired the building. Only one occupant of the building escaped unhurt.

liberty, but provision has been made to forestall such procedure.

A local trial judge stands ready to issue a warrant for the arrest of the dynamite on any one of several charges that have been suggested. These include the illegal transportation of dynamite and of causing damage in this town, as windows of some buildings were broken by the explosion.

Under the auspices of Canadian officials, a court session was held last night at McAdam Junction, just across the New Brunswick border, at which testimony was given before a police magistrate, who later issued a warrant against Van Horn.

No service was made on the prisoner, however, local authorities having decided that the warrant had no legal standing unless accompanied by an order for extradition.

Canadian Law on Subject. ST. JOHN, N. B., Feb. 3.—The information laid against Werner Van Horn, upon which the Canadian authorities seek his extradition from Vancouver, Me., was stated today by J. B. M. Baxter, attorney general of New Brunswick, to be based on section 282 of the criminal code. This section is as follows:

"Everyone is guilty of an indictable offense and liable to life imprisonment who unlawfully, with intent to injure or endanger the safety of any person traveling or being on any railway, injures or destroys any train, bridge or fence of said railway or any other portion thereof."

Mr. Baxter said that if Van Horn were brought to Canada and indicted he would be tried in Charlotte county, New Brunswick. The offense charged, he said, was covered by an extension made in 1900 to the extradition treaty of 1880 between Canada and the United States, pronouncing as extraditable any "willful and lawful destruction or obstruction of railroads which endangers human life."

### CHICAGO WHEAT MARKET IS WILD

Price of May Option Fluctuates Ten Cents on Rumors of Peace and Opening of Dardanelles.

### SIX-CENT BREAK AT CLOSE

CHICAGO, Feb. 3.—Peace rumors today dealt a sudden blow to the high price of wheat. At the outset as much as a cent a bushel was knocked off the value of the May delivery, in which, however, transactions were relatively small. The July option, in which business centered, was given a setback of 2 cents at the opening. May sold as low as \$1.57, whereas the close yesterday was \$1.65. The break in prices, however, was only temporary and soon May wheat touched a new high record—\$1.65 1/2.

Fear of the opening of the Dardanelles had considerable to do with the wildness of the fluctuations in wheat. Reports, though, that several of the chief forts defending the straits had been demolished were not fully credited and did not have a lasting effect. The same was true of the peace talk, which rested on gossip as to action by financiers likely to be taken by May 1.

During the break May reached for a moment as low as \$1.504, a fall of 1/2 cent. Contrary to what might have been expected, the scene in the pit gave little hint of any greater strain than usual. On the rebound May wheat jumped eventually to \$1.66, making the range covered by that option 10 cents, a swing seldom equaled in so short a time. July dropped 3 cents to \$1.33, but recovered to \$1.40.

Price Goes Down. Subsequently the wheat market continued to show great nervousness and fluctuated rapidly on small orders. For the most part the tendency was downward. Exporters were said to have withdrawn temporarily from the market because of new uncertainties of ocean traffic. The close was unsettled to 4 1/2 to 2 1/2 cents under last night.

Stop loss selling led to a fresh break in corn in the last hour, when depression of the wheat market again became acute. The close was nervous at 2 1/2 cents to 2 3/4 cents net decline.

### OPPOSE THE WATER BOARD LIGHT PLANT

to issue a franchise to themselves, and that if that should ever be declared perpetuity as that of the electric light company has been by the supreme court, it would be left perpetual to the people themselves. D. C. Patterson championed it, saying it was but a question whether the people should have or should not have the right to own and operate an electric light plant.

Wrongly Named. General Harris, president of the Omaha Electric Light and Power company, decried the bill as wrongly named, that it should be named "A bill to authorize the assassination of the Omaha Electric Light and Power company."

"If this new plant is to be a club," he said, "I ask why, and what has the company done to merit a clubbing? If a club is necessary, why shall that club be placed in the hands of the Water board? Are you not aware that the city at present is in legal possession of all the club that is necessary, and that it has the power to regulate rates?"

He pointed out that the city was glad to get the electric light plant twenty years ago when it was established here.
