Steamship Arizona

CHICAGO, Feb. 5 .- Orders were sent by wireless to the captain of the steamship Arizona, which is jammed in the ice in Lake Michigan, two miles off this port, to make no altempt to force its way through the ice until joined today by the Alabama, which was speeding to concus from Grand Haven, Mich.

Officials of the Goodrich Transit com pany, pupers of the Arizona, feared that if the ship attempted to fight its way into Chicago it would meet the same fate of the steamship lows, which yesterday foundered three miles off shore in forty feet of water.

There are seventy persons, members of the crew, on board the Arizona. It carried no passengers when it left Milwaukee Wednesday, it was announced.

The steamer City of Racine, which also was caught in the ice, docked here safely last night after a twelve-hour battle to rolease itself.

**Berlin War Office Reports** Defeat of Russian Advance

BERLAN, Feb. 5 .- (By Wireless to Sayville.)-The German army headquarters staff today gave out the following statement:

"On the whole western front, except for man slep out into the light when he as isolated French attack against the German positions to the northwest of Perthes, which was unsuccessful, only artillery duels took place.

"On the East Prussian frontier ranewed is Jammed in Ice Russian attacks to the south of Memel river were respulsed.

"Strong Russian attacks against the positions recently taken by the Germans to the east of Bolimow (east of Lowics) were equally unsuccessful. We have taken prisoners in that vicinity since February 1 twenty-six officers and about 6,000 men.

# Do You Know the Real Food Value of Spaghetti?

When you talk about buying ten cents or one dollar's worth of any foodstuff, what do you mean by "worth?" The only measure of genuine worth in the pur-chase of eatables musis be nutrition. But do you keep nutrition in mind when you usy the family provisions? Let us see. Meat is probably your biggest item. Yet no less an authority than Dr. Hutch-ison the distillan, any that meat is a dear food. Why? Because we pay far too much for the amount of nutrition that we secure Meat contains 75 per cent water—think of that when strioin is chalked up at 35c a 1b.—three-quarters water.
