WAR UPON VENDORS OF DISEASED MEAT Twenty Nebraska

Food Commissioner Harman Gets Permission from Attorney General to Proceed Against Ord Men.

BILL TO POINT IS TAKEN UP

(From a Staff Correspondent.) LINCOLN, Feb. 10 .- (Special.)-Louis Masac, a butcher at Ord, Neb., and Charles Prien, a farmer living near Ord. are to be proceeded against by the county authorities on the charge of selling deseased meat.

The charge is to be brought in connection with an alleged transaction in which the farmer sold the butcher a calf suffering from spinal meningitis.

Attorney eGneral Reed this morning directed the county attorney of Valley county to proceed against both the farmer and the butcher. His action was taken at the request of Food Commissioner Harman, who investigated the case. The attorney general advised the local authorities that he would furnish them any assistance they might desire.

H. R. 248, the Fries bill, making it a feniony to sell meat from diseased animals, was recommended by the judiciary committee today to pass with an amend ment making the penalty \$100 to \$1,000 fine, or six onths in the penitentiary.

COMPANIES HIT NEW SNAG

Secretary of State Pool Finds Big Number that Have Failed to Incorporate.

WILL TAKE STEPS AT ONCE

(From a Staff Correspondent.) LINCOLN, Feb. 10.-(Special.)-Scoreary of State Pool has discovered that there are about seventy insurance companies doing business in the state who have failed to incorporate and are therefore working in defiance of law and are liable to prosecution.

Many of these companies are mutuals and according to the attorney general the members thereof are assuming unlimited responsibility and liability because it is a partnership pure and simple.

The attention of the attorney general has been called to the matter by Secretary of State Pool for he believes that they should be required to pay the fee requirements of the law.

View of Attorney General. The opinion of the attorney general is as follows:

as follows:

With reference to your inquiry today, in which you say that seventy companies are operating as insurance companies in this state without having first filed in your office their articles of incorporation, will say it is a great surprise that such a state of facts exists. They should be on file in your office, the fees provided by law should have been paid in advance into the state treasury, and, upon your certificate showing that the articles of incorporation or association had been filed in your office, permission by the state insurance board, through its secretary, should have issued permitting and allowing such companies to write insurance.

allowing such companies to write insurance.

Any attempt to contract a mutual assessment liability by any such companies, without being first incorporated and the articles of incorporation filed in your office and that of the county clerk of the county where the principal place of business is to be transacted, and thereafter permission obtained from the state insurance board, would be creating unlimited liability on the part of the several members as a partnership pure and simple, and which was not contemplated by the insurance code, the laws of the state, and, no doubt, not the intention of those who are interested in the several companies.

He thought it most unjust that he state superintendent should be forced to kneel to his avowed enemies on the normal

Senator Howell of Douglas wanted to go on record as opposed to all of the proposed school legislation, including the county unit school bill, an unwise concentration of power. He pointed out Senator Grace as the father of thirteen children, whom the bill would rob of a voice in local school affairs. He said he could easily understand why the minority should ask for a non-partisan nor mal board. He was in favor of the granold men of the state who in the past had so loyally stood by the interests of the schools. The proposed normal bill would take away all sense of local pride, he said Sandaly Into Ring.

Senator Sandal of York took up the gauntlet on Howell's anti-Hamiltonian remarks on the concentration of power with a gibe at the Douglas county sonstor's stand for forcible annexation of South Omaha. He believed that the bill should at least be placed on general file where it could be discussed.

Senator Mallery of Box Butte, whose school code commission bill is also threatened, said that he was for a normal board of some kind. He thought the word "vengeance" should be taken out of the measure. He said that he had been mis-represented as to his stand on the
