

SENATORS DESIRE FULL VALUATION

Douglas Delegation Forced to Fight for Measure They Declare is in Interest of the People.

FARMER MEMBERS SARCASTIC

(From a Staff Correspondent.) LINCOLN, Feb. 12.—(Special.)—The senate this morning on third reading jumped all over two bills that it had previously recommended for passage in the committee of the whole. The bills were the measure for standard, S. F. No. 32, and Howell's bill to extend pensions to all the employees of the city of Omaha, S. F. No. 74.

Both bills lost by a decisive vote. The lumber bill was veritably snowed under that it would virtually confiscate millions of feet of lumber now in Nebraska yards. They admit that this lumber is not up to full size, but say that it is not sold as full size lumber.

Howell's pension bill did not affect teachers, policemen, firemen and library employees, as these employees already have pensions provided for them. The proposed measure would have given all other employees a similar pension, a certain assessment of their salaries and a contribution from the general fund of the city of not less than one and one-half times as much more.

There was no particular objection to the bill in the committee of the whole and its defeat on third reading was something of a surprise.

MOVEMENT TO SPREAD THE SONS OF VETERANS

(From a Staff Correspondent.) LINCOLN, Feb. 12.—(Special.)—A big meeting is being arranged by members of the Grand Army of the Republic and other patriotic organizations for tomorrow evening at the Grand Army of the Republic hall in this city for the purpose of forming a big sons of veterans state camp, to be composed of all direct descendants of union veteran soldiers of the civil war.

A special dispensation has been received from the national head permitting the organization of the camp and permitting any son of an old soldier of the late war to hold membership in the organization without the requirement of monthly or weekly meetings.

CITY PLANNING MEASURE RECOMMENDED FOR PASSAGE

(From a Staff Correspondent.) LINCOLN, Feb. 12.—(Special.)—The bill introduced by the Douglas county delegation for a city planning commission, senate file No. 34, was recommended for passage by the senate committee of the whole this afternoon.

Quincy of Douglas sought to amend by striking out what he thought might be a joker in the bill in the shape of an alternative either to charge benefits upon property or to pay the same out of the city's general fund. He wished the latter alternative eliminated. The amendment lost.

News Notes of Edgar.

EDGAR, Neb., Feb. 12.—(Special.)—The test debate to select debaters to meet the Superior team was held in the auditorium of the school house. The following three were selected as the best of the six to meet the Superior Debaters: Earl Wheeland, first place; James Nesbitt, second, and Ralph McKinney, third.

Edgar city council passed at its meeting last night an ordinance which authorizes a special election March 4 to vote on issuing \$10,000 bonds for procuring an electric light plant.

Senators Kill Two Measures; One For Omaha Pensions

(From a Staff Correspondent.) LINCOLN, Feb. 12.—(Special.)—The senate this morning on third reading jumped all over two bills that it had previously recommended for passage in the committee of the whole. The bills were the measure for standard, S. F. No. 32, and Howell's bill to extend pensions to all the employees of the city of Omaha, S. F. No. 74.

Both bills lost by a decisive vote. The lumber bill was veritably snowed under that it would virtually confiscate millions of feet of lumber now in Nebraska yards. They admit that this lumber is not up to full size, but say that it is not sold as full size lumber.

Howell's pension bill did not affect teachers, policemen, firemen and library employees, as these employees already have pensions provided for them. The proposed measure would have given all other employees a similar pension, a certain assessment of their salaries and a contribution from the general fund of the city of not less than one and one-half times as much more.

There was no particular objection to the bill in the committee of the whole and its defeat on third reading was something of a surprise.

The following three were selected as the best of the six to meet the Superior Debaters: Earl Wheeland, first place; James Nesbitt, second, and Ralph McKinney, third.

Edgar city council passed at its meeting last night an ordinance which authorizes a special election March 4 to vote on issuing \$10,000 bonds for procuring an electric light plant.

VOTE FOR SUFFRAGE AND PROHIBITION

(Continued from Page One.)

"Dry" leaders in the afternoon turned their attention to the proposed repeal of the liquor mulct law, and won again, although by a reduced majority. The purpose of this afternoon's action was, in case the house acquiesces and the governor signs both bills, to put the state under statutory prohibition pending the submission to the voter of the constitutional amendment. "Dry" leaders tonight claimed that there was little doubt of the favorable action of the house, where the bills will come up for consideration next week.

Effective January 1. The mulct law repeal as amended in the senate this afternoon is effective January 1, 1916. The original measure, under the law, would have become effective July 1. The general assembly in 1914 passed a prohibition law, which the mulct law, now in force, superseded. Hardly had the senate settled the mulct law question when the subcommittee of the house committee reported in favor of the passage of the measure to its superior body. The larger committee is expected to make a favorable report at tomorrow's session.

Plumbers' Case Goes On.

The Iowa Association of Master Plumbers received the principal share of the attention of the prosecution in the trial of the thirty-six master plumbers in the United States district court here today. Mrs. Carrie Miller of Miles City, Mont., former stenographer in the employ of the Iowa association took the stand and District Attorney Porter brought evidence which was declared to show restraint in trade on the part of the Iowa plumbers. The manner in which the association kept informed of what was going on was brought out in a letter from a plumber that a "hardware man from near Melbourne, Ia., had gone and figured and landed" a certain job. A member of the association was writing to the secretary making complaint. The witness said there were many such incidents.

Goods in Storage Must Be Reported

(From a Staff Correspondent.) LINCOLN, Neb., Feb. 12.—(Special.)—Senator Bedford's bill, senate file No. 115, requiring all owners of warehouses to certify lots of goods stored therein to the assessors, was recommended for passage by the senate committee of the whole yesterday afternoon.

In support of his bill the Douglas county senator cited an Omaha automobile company that failed to return a batch of fifty cars that it held in storage.

Senator Quincy found another change to air his single tax theories. Opposing the bill as a furtherance of personal taxes on industry that are making us all "perjurators and liars."

NEGLEY CALLS MEMBERS DOWN FOR GOSSIPING

(From a Staff Correspondent.) LINCOLN, Neb., Feb. 12.—(Special.)—House roll No. 2, by the Omaha delegation, came up for a short discussion this afternoon. The bill provides a system for drawing and summoning jurors in Douglas county. It was recommended for passage with some minor amendments which

practically made no changes in the bill. Representative Negley of Douglas, presided in committee of the whole today, and put one over on the members who were gathered in little groups about the chamber discussing the weather, the last Dutch lunch, some things that had transpired in Europe and other important subjects by announcing that "all the ladies' sewing societies now in session will please meet out in the lobby at once."

GUARANTEE

A cleanup of our entire stock at prices that mean hundreds of dollars in savings to the men of Omaha. Values superior to any former occasion.

AN INVESTMENT THAT PAYS BIG DIVIDENDS A BEE WANT AD

Membres Favor Keeping Strings Upon the Banks

(From a Staff Correspondent.) LINCOLN, Feb. 12.—(Special.)—The committee of the whole in the house discussed H. R. 167, by Smith and Slevens, permitting the state banks to rediscunt notes up to the full amount of their capital and surplus. They are now limited to two-thirds of this amount.

A committee amendment removing the limit on loans, which are now restricted by law to ten times the capital and surplus, was attacked by several members, including Messrs. Hoffmeister and Orr. They thought this was giving the bankers too much of a good thing.

"I want to say that the amendment was suggested by Mr. Royle, secretary of the state banking board," answered Mr. Smith. "It is his idea, and not anything the bankers are asking for."

"Isn't Mr. Royle the same man who wants us to give him power to limit the number of banks in a town?" asked Mr. Orr.

Stock Food Interests Object to Regulation

(From a Staff Correspondent.) LINCOLN, Feb. 12.—(Special.)—Several stock food men appeared before the agricultural committee of the senate this morning to protest against the bills now before that committee for consideration. No particular bill seemed to satisfy them and they were against them all singly and severally.

One of them protested against the license charged for handling the food, saying that outsiders could come into the state and sell food of that kind without paying a license and he did not think it right for residents of the state to be charged for operating a business that outsiders were charged nothing for.

Senator Robertson thought the stock food men had no kick coming, saying "they could fix up for 15 cents sufficient of the stuff to sell for \$3 or \$4 and he thought that was doing pretty well inasmuch as the stuff wasn't worth anything anyhow."

GRAND ISLAND BEET FACTORY RENEWS CONTRACTS

GRAND ISLAND, Neb., Feb. 12.—(Special.)—For some time there has been doubt whether the local sugar factory would run during the coming season. Usually contracts for the ensuing year have been printed and put out early in January. The usual time went by by over thirty days.

Manager Denman and Superintendent Howland of the local plant were called to Denver this week and have just returned. Immediately new contracts at the same rate of \$5 per ton flat for beets and 30 cents extra for beets sliced and delivered after November 15 were put out.

Young Man Ends Life.

GRAND ISLAND, Neb., Feb. 12.—(Special.)—Louis Strattmann, aged 30 and single, committed suicide last night at his home near Chapman by shooting himself twice with a 35-30 rifle.

Furniture Reduced

By far the most extensive reductions on good, reliable Homefurnishings that has been attempted in Omaha in years.
