WIFE OF OIL KING DIES IN NEW YORK

Mrs. John D. Rockefeller Passes Away at 10:20 A. M. at Home at Pocantico Hills.

HER HUSBAND IS IN FLORIDA

NEW YORK, March 12.—Mrs. John D. Rockefeller died at 10:20 o'clock this forenoon at the Rockefeller country home at Pocantico Hills, just outside of Tarrytown, where she has been ill for some time.

While Mrs. Rockefeller has been an invalid for many months, it is understood that her death came unexpectedly. Her husband, John D. Rockefeller, and her son were at Ormond, Fla., and were advised early today that Mrs. Rockefeller had taken a critical turn for the worse.

Mr. Rockefeller and his son immediately engaged a special train, which left Jacksonville early today it was learned, and is due here some time tomorrow. Mrs. E. Parmelee Prentice, Mrs. Rockefeller's daughter, was the only immediate relative present when she died.

Native of Ohio. Laura C. Rockefeller, who was born in Wadsworth, O., of well-to-do New England parents, on September 8, 1829. She was her husband's junior by two months.

Small Party of Germans Will Try to Block Siberian Railroad

LONDON, March 12.—A small party of Germans in China is reported to have undertaken one of the most striking adventures of the war in the east. A dispatch to Reuters' Telegram company from Peking describes the exploits of these Germans...

The dispatch says the party is headed by Captain Babe von Pappenheim, German military attaché at Peking. The eight men with whom he set forth made their way out of Tsing Tau and managed to procure Chinese passports, and are hunting for the purpose of going on a hunting expedition in the interior. They started away several weeks ago and no word was heard from them until recently.

GERMAN OFFICIAL REPORT

Berlin War Office Says British Forces that Attacked La Bassee Were Driven Back.

RUSSIANS ARE CONTRADICTED

BERLIN, March 12.—(By Wireless to Sayville.)—The general staff of the German army today gave out a report on the progress of the war as follows:

In the western army two battalions of the enemy accompanied by two torpedo boats fired on Westende on the Belgian coast, to the north of Neuport, yesterday. Seventy shots were fired without doing any damage. When our batteries became active the warships of the enemy retreated.

British Are Repulsed. The British, who have occupied Neuvo Chapelle, advanced several times last night to the eastward, but were repulsed.

It was quiet in the Champagne district yesterday. In the Vosges a heavy snowstorm prevailed and only minor operations took place.

In the eastern army to the north of the Forest of Argonne we vanquished a force of Russians which avoided complete defeat by retreating hastily in the direction of Grodno. We took more than 4,000 prisoners, including two commanders of regiments, and we captured three cannon and ten machine guns.

Russian Report Contradicted. A recent Russian bulletin announced two great Russian victories, one at Grodno and the other at Przasnyaz. In each of these engagements the Russians claim to have vanquished or annihilated two German army corps.

The offensive movement of the Russians before Grodno through the Augustow forest resulted in failure. No Przasnyaz German troops, after giving way for a short time, are again four kilometers (2 1/2 miles) north of that town.

BRITONS PUSHING THEIR MOVEMENT UPON LA BASSEE

(Continued from Page One)

putting into the field. This is just what the allies profess to desire. Their advance is timed to aid the Russians, for if the allies had not kept the Germans busy along the western front it is believed the German commanders would again have shifted forces to the eastern line to strengthen Field Marshal Von Hindenburg, whose armies are now fighting hard to regain the ascendancy between the Vistula and the Niemen rivers.

Battle Line Eight Miles Long. These battles in northern Poland are not thought in London to have reached their maximum intensity, but Field Marshal Von Hindenburg, with heavy reinforcements, is said to be attempting another flanking movement against Przasnyaz, with the idea of resuming his original plan of advancing along the Niemen should the operations against Przasnyaz be successful. The battle line, which is the crux of these operations, extends roughly for a distance of eight miles between the Orzyc and Vistula rivers.

No recent news has been received in London concerning the operations of the allied fleets in the Dardanelles. Delayed dispatches from Constantinople show damage inflicted on the Turkish forts has not been serious and that life in Constantinople is entirely normal. This contradicts the reports published today.

Wilson and Wilson Meet Mine Owners

WASHINGTON, March 12.—President Wilson took a hand in the eastern Ohio coal strike when he consulted with Secretary Wilson of the Labor department and representatives of the coal operators about methods for reaching a settlement.

Secretary Wilson had already made fruitless efforts to bring the operators and the miners together.

As a result of today's conference, the president is expected to write letters to the leaders of the two sides suggesting that the differences be arbitrated.

There have been suggestions that the commission, headed by both Low and pointed by the president to deal with future controversies in the Colorado coal field might take charge of the situation in Ohio, but there has been opposition to this plan.
