PENTY OF SUN IN BUILDING.
 Kearney Tubercular Hospital Building to Have All the Light There Is.
CONTRACT LETTING TAKES PLACE
 (From a Staff Correspondent.)
 LINCOLN, March 19.—(Special.)—The arrangement of the new tubercular hospital building at Kearney, the contract for which was awarded by the Board of Control today, is a novel one.
 The building would certainly satisfy anyone's demands for a place in the sun. Each room will have direct light throughout the day. The wings are literally up-ended, the corners facing the cardinal points. Each wing has an inside court. The building contract went to Walter Knutzen of Kearney at \$2,130, the heating and plumbing to the Wyatt company of Lincoln at \$3,860 and the wiring to the American Electric company of Lincoln at \$400.
 The board also let a contract to the Hastings Foundry company for the installation of an electric system at the Ingleside hospital for the insane at Hastings. There are to be forty ornamental posts, costing \$25 each. The whole will cost about \$2,300.
 Today the board was busied with the "quarterly letting," when the contracts for provisions for the various institutions are placed. All flour bids were rejected as insufficient.

Grand Island Chief of Police Resigns
 GRAND ISLAND, Neb., March 19.—(Special Telegram.)—The third so-called interior explosion of the police department of this city occurred last night when Mayor Ryan accepted the resignation of Chief Arbogast and Officer Cupp. The latter had been discharged December 5, effective February 1, but had been retained. It is stated that the action was the result of a "third degree" treatment of a prisoner by a Union Pacific special officer while the prisoner was in the custody of the officers.

Man Stricken Blind Recovering His Sight
 NEHAWKA, Neb., March 19.—(Special.)—William Troop, who was suddenly stricken blind while attending a theater in Omaha last week, is slowly recovering his sight. It is thought his blindness came from drinking water that was running off of a newly made asphalt roof.

VETERAN ENGINEER WINS NOMINATION FOR MAYOR
 FAIRBURY, Neb., March 19.—(Special.)—In a representative nonpartisan mass convention held in Fairbury's new tabernacle last night, Elbert W. Mason, president of the city council and a retired Rock Island locomotive engineer, was nominated for mayor of Fairbury over the present incumbent, F. A. Houston. Mr. Houston had been a sworn candidate for a second term, but the veteran Rock Island engineer had too many active supporters in it to be a candidate for the second ballot outlasted him and received the required majority to nominate.
 Other candidates nominated include: E. A. Munder, city clerk; Davis Funk, city treasurer; Dr. W. L. Curtis and C. A. Ewers, school board; J. H. LeRoy, who has served on the school board for eight years, was not a candidate for reelection. The councilmen nominated include: First ward, A. M. Berry and Lester Childers; Second, Clint Richardson and Arthur Weyer; Third, D. E. Bone; Fourth, Scott R. Merrill.
 The socialists also held a caucus Thursday night and placed a full ticket in the field. George B. Wylie, a Rock Island engineer, was nominated for mayor. Fairbury will vote on the liquor question separately at the municipal election, April 6. A month's revival meeting commences next Thursday in the tabernacle and one of the hardest fights in years will be waged.

OBSERVE ANNIVERSARY OF SCHOOL FOR BLIND
 NEBRASKA CITY, March 19.—(Special.)—The fortieth anniversary of the establishment of the Nebraska School for the Blind was celebrated this evening in the chapel of the main building. Superintendent N. C. Abbott was the presiding officer. The speakers were Miss Mary Morton, teacher of English; Patrick Roddy, several times a member of the legislature and a great supporter of the school; Prof. Clark Bruce, one of the faculty, and a blind man; John C. Watson, G. W. Leidigh, Miss Jennie E. Johnson, E. C. Cook and John W. Steinhart.

Citizens' Caucus at Columbus.
 COLUMBUS, Neb., March 19.—(Special.)—The citizens of Columbus met in a mass convention this evening and renominated the entire present members of the city council, including the mayor. The following have been nominated: M. M. Rothleitner, mayor; William Becker, city clerk; W. A. Boettcher, city treasurer; P. J. McCaffery, city water commissioner; John Parker, city engineer. For members of the board of education, C. C. Hardy, J. L. Brunken; second ward, William Kurt; third ward, Frank Kersenbroek; fourth ward, Gus Prieb. Democratic delegates to the city convention met later and endorsed all the candidates for city officers, including the members of the board of education. Perfect harmony prevailed in both conventions.

Fairbury News Notes.
 FAIRBURY, Neb., March 19.—(Special.)—Agent F. D. Bradley distributed approximately \$30,000 in pay checks among the Rock Island employees today.
 During the last week County Judge L. J. Nutzman issued marriage licenses to the following parties: Edward C. Polage and Elizabeth H. Daub, Elmer Arner and Frances Racora, Harry Welch and Catharine Nims.
 A change has been made in the management of the Boulder creamery. J. S. Davies of Colorado Springs, Colo., is the new manager. F. Bricknell, former manager, will go to Denver to take charge of a plant there.

Plumbers Fear Movie Ridicule
 (From a Staff Correspondent.)
 LINCOLN, March 19.—(Special Telegram.)—At last the venerable part of a plumber has been found. He is afraid of the motion picture.
 At a meeting of the Nebraska Association of Master Plumbers being held here today a resolution was passed asking the national association to take steps to keep the motion picture people from putting the plumber on the scene in a ridiculous manner. They object to anything in the pictures which in any way makes sport of the man of the tongs and the Nebraska delegation to the national convention will try to secure some sort of legislation which will make the public believe that the plumbing business is no joke.
 John Morrissey of Omaha was the principal speaker at this session this afternoon, giving an address upon the "Plumber and the Public." He said that the plumber was doing more for the public in a sanitary way than all other industries combined.

Johnson of Falls City Elect Officers at New State Engineer
 (From a Staff Correspondent.)
 LINCOLN, March 19.—(Special Telegram.)—The State Board of Irrigation met this evening and recommended the following for appointment in connection with the state engineer's office.
 State engineer, George E. Johnson, Falls City; William Steckleberg, Lincoln, assistant; George Leonard, Lincoln, draftsman; Mr. Cochran, North Platte, and Mr. Albers, Columbus, bridge inspectors.
 There are several minor offices yet to be filled.

ALLEGED FORGER UNDER ARREST IN TECUMSEH
 TECUMSEH, Neb., March 19.—(Special.)—Marion Marshall, son of Frank Marshall, living north of Graf in this county, was arrested by Sheriff M. E. Hansen and brought to this city, as it is believed he is the party who passed numerous forged checks at Tecumseh and Elk Creek. At Tecumseh the fellow was known as "Clarence Adams," the name checks were made out. Cashier Neil Dunn of an Elk Creek bank came to Tecumseh and identified Marshall as the one who worked the game in his town. Marshall is charged with passing many checks, ranging in sums from a few dollars up to \$65. Marshall, who is not yet 19 years of age, was brought before Judge James Livingston in the county court here today upon the specific charge of passing and uttering a check for \$7.50 at Phelps' hardware store in this city. He waived preliminary examination and hearing and Judge Livingston pledged him under \$300 to appear at the district court for trial.

STATE VETERINARIAN KILLS THREE GLANDERED HORSES
 (From a Staff Correspondent.)
 LINCOLN, March 19.—(Special.)—Dr. Kigin, acting state veterinarian, has returned from Polk county, where he destroyed several glandered horses. Yesterday he condemned a similarly afflicted animal in Lincoln. In the latter case about eighty of the students at the state farm were called in while the veterinarian lectured on the disease.

Old Exeter High School Burns.
 EXETER, Neb., March 19.—(Special.)—The old Exeter high school building burned last night with all its contents. Although the fine new high school building was only four feet from the west front of the old building, by the fine work of Exeter's fire companies and a favorable north wind, less than \$100 damage was done to the new building. There is about \$11,000 insurance on the building and contents. The fire is believed to have originated from the old furnace.

WAITRESS ATTACKS NEW WYOMING LABOR LAW
 CHEYENNE, Wyo., March 19.—(Special.)—Wyoming's new woman's eight-hour-day law, chapter 45, session laws of 1915, today was attacked by Anna Scoville, a waitress, who alleges that it infringes upon rights guaranteed her by the constitution of the state of Wyoming and the United States. Counsel for Miss Scoville secured a temporary restraining order preventing the prosecuting attorney, Justices of the peace or sheriff from attempting to enforce the law.
 Miss Scoville, who is employed at a restaurant conducted by W. I. LeBaron, in her petition for the restraining order, sets forth that she desires to work longer than fifty-six hours a week and longer than twelve hours on more than two days of the week, but that she is forbidden to do so by the new law. Therefore, she alleges, she is deprived of a property right to dispose of her services as she sees fit.
 Counsel for Miss Scoville attack the new law's constitutionality on the ground that it discriminates between persons, in that its provisions do not apply to women employed by railroad restaurants.

HAM LEWIS ATTACKS G. O. P.
 Illinois Senator Defends Administration and Assails Policies of Opposition.
 TALKS TO MISSOURI SOLONS
 JEFFERSON CITY, Mo., March 19.—A review of the record of the democratic national administration, praise for President Wilson and denunciation of republican leaders and republican policies were included in the speech of Senator James Hamilton Lewis of Illinois at a banquet of democratic members of the Missouri legislature tonight.
 "Ex-President Taft," he said, "in an address in New York, called attention to the fact that in 1910 this nation was on the eve of a revolution."
 "The answer is that the republican masters had so administered this government that the courts were toppling, judges were believed to be universally corrupt and corporate power had been permitted to subordinate the individual to the point that he had become a subject."
 Competition throttled.
 "Competition in the arts of mankind was throttled, and in the race of life men were hobbled and an attempt was made to gag them to prevent them from crying out their grievances. In high quarters it was proposed that armies be established to harry every factory and to turn every municipality into a fort for the suppression of revolt against oppression which the citizen was suffering."
 "This is the state to which policies of the republican masters had brought this republic."
 "To remedy such a state the democracy was called to power. Notwithstanding the treachery in his own party, the relentless obstruction of organizations calling themselves republican, and the tyranny of large business as rebelling because its privilege of exploiting the American public, looting corporate treasuries, defiling legislatures and corrupting the courts had been destroyed, despite this, the president and his administration moved on and mankind will witness that it has carried out its promise to a greater extent than has any other administration since the civil war."
 Record of Administration.
 "The democratic administration displaced the money monopoly, scattered the money trust barons and sent them to outer darkness. These distinguished masters meet to bewail the misery of the country, but among themselves chuckle with delight at the contemplation of once again going into power in the name of a political party, where they can further loot railroads, rob banks, in the name of insurance companies take the funds of widows and orphans, defile legislatures, corrupt courts, debase the republic and bring the nation again to the extreme of what ex-President Taft aptly described as the verge of revolution."
