

Ak-Sar-Ben Hustling Committee for 1915

Left to Right—Lower row: J. D. (Dad) Weaver, Randall K. Brown, Max Mosher, Harry Mahaffey, H. E. Taylor, H. Peterson, J. Wilkes, S. C. Middleton, E. L. Potter, H. O. Benford, E. H. Ward, J. P. Hackett, D. C. Whitney, John Hogan, Henry P. Meyers, W. S. Blackwell, G. Heints, F. Holbrook, Sam Howell, Top row: N. P. Thorson, Walter Rostocky, M. Morgan, John Caldwell, Victor Caley, L. P. Dyhrberg.

MRS. SHORT DIES FROM BROKEN BACK

Young Woman Who Suffered Injuries from Leap Out of Hospital Window Passes Away.

"The patient is dead," a nurse reported at the county hospital Friday night. She referred to Mrs. Gladys Short, who, though only just past 13 years of age, was said at the hospital to have had the saddest experience of any patient ever treated there.

Totally paralyzed below the shoulders, able to move but a few muscles of her body, but retaining her mental faculties and the memory of a baby who died when one day old, Mrs. Short longed for death in the county institution, where the end at length came. Two weeks ago she became the possessor of \$2,000, her share of a sum received from the Clarkson hospital in settlement of her damage suit against it. Her physical condition was so low, however, that it was impossible to remove her from the county hospital.

On August 18, Mrs. Short suffered a broken back as the result of leaping from a window in the Clarkson hospital while in delirium, which followed the birth and death of her baby.

During the succeeding months she lay in bed, practically motionless, retaining no sensation in the parts of her body stricken by paralysis and able to move her arms only a few inches. She had been a pretty girl and popular among her friends and seemed unable to understand the catastrophe which had befallen her.

"I used to be like other girls. Why should this happen to me," she repeated many times to nurses at the hospital. Suit in her behalf for \$150,000 was brought against the hospital and settlement was effected for \$5,000.

WANTS SHERIFF TO STOP COCK FIGHT AT PAPIILLON

Theodore L. Ringwald of the Nebraska Humane society in a letter to Sheriff McShane has asked him to prevent a cock fight scheduled to be held at Papillion. Since Papillion is in Sarpy county, said the sheriff, he had no authority to do so.

SECRETARY OF CARPENTERS TO BE IN OMAHA ON MONDAY

Frank Duffy, general secretary of the United Brotherhood of Carpenters and Joiners of America, will be in Omaha and will speak before the Omaha carpenters at the Labor Temple Monday evening at 8 o'clock.

For Pile Sufferers

Sample Package of the Famous Pyramid Pile Remedy Now Offered Free to Prove What It Will Do for You.

Pyramid Pile Remedy gives quick relief, stops itching, bleeding or protruding piles, hemorrhoids and all other troubles in the privacy of your own home. Send a box of all druggists. A single box often cures. Free sample for trial with booklet mailed free in plain wrapper, if you send us coupon below.

FREE SAMPLE COUPON

Send me a Free Sample of Pyramid Pile Remedy, in plain wrapper.

THE 5-DAY TREATMENT

Hope for Drug Users

The Eureka Drug Treatment is not an experiment. It has long since passed that stage. We guarantee to remove permanently all craving and desire for habit-forming drugs in 5 DAYS.

We use no names of parties who have taken treatment unless voluntarily given permission. Many Omaha have requested us to give their names to those desiring treatment. Call or write for these references.

Our Method is Painless and Harmless.

Terms reasonable. Payments easily arranged. Call or write. Open till 11 P. M.

Eureka Drug Treatment
622 Park Avenue,
Address S. E. Graham,
Phone Morley 3295.

E. L. Potter has the honor of having hauled in the first member for Ak-Sar-Ben since the organization of the hustling committee Friday noon at the Paxton hotel. Twenty-eight men met for luncheon at the Paxton and organized the new 1915 hustling committee. It is a live bunch. It is made up to a great extent of the busy weasels that ferried out some of the 2,500 of gorgeously green ten dollar bills last year for Ak-Sar-Ben. When the committee was duly organized and the teams chosen, there was a scramble from the table to get out and get members.

SISTERS HANDLE 4,000 CASES

Annual Report of St. Joseph's Hospital Shows Growth of the Institution.

NEW DEPARTMENTS ADDED

That the Creighton Memorial St. Joseph's hospital treated 966 free patients during the year 1914 is shown by the annual report of that institution, just issued by the hospital. It also shows that nearly 4,000 patients were cared for during the year.

The hospital is operated by the Sisters of St. Francis, who thank all who have contributed to the success of the institution by co-operating in the care of the sick and suffering.

To increase the facilities of the surgical department a building 45x120 feet and two stories in height has been erected at a cost of \$30,000. This building, which is really an annex to the main building, occupies a space behind the body and in front of the wings of the hospital. It connects with both the basement story and first floor of the main building. On the first floor are the surgeons' wash and dressing rooms, instruments, sterilizing and four operating rooms, a laboratory, an eye, ear, nose and throat room especially equipped for operative work.

On the second floor are four operating rooms, sterilizing, instrument and anesthetic rooms with four dressing rooms. The amphitheater is at the end of this building and is entered through a wide corridor. The walls are set with white glazed tile to a height of twelve feet, and the floors are laid with vitreous tile. The seats, arranged in tiers above the floor and entirely of tile, command a full view of the "arena" where all clinics are held. The seating capacity is 140.

X-Ray Laboratory. The X-Ray laboratory has been recently re-equipped and fully modernized, being now the most complete laboratory of its kind in the central west. Besides the large Scheldt-Western Interceptorless machine wired to use both 110 and 220 volts alternating current, there is the high frequency attachment with electrodes and auto-condensation couch. For diagnostic work a Kelly-Koett tube-stand and automatic table are in use.

During the last year a two-story fire-proof laboratory building has been erected just at the rear of the clinical amphitheater and operating rooms. This building is of modern construction and admirably adapted to laboratory purposes as to lighting and position.

Report of Patients. The annual report is a well-illustrated pamphlet with a blue cover design and illustrated throughout with cuts of the plant, including some inside views of the new departments. It contains a complete report of the diseases treated and the operations performed.

The report of the nationalities of the various patients as well as their religion is also given, as follows:

Nationalities	Total
American	117
American Indian	14
Armenian	4
Austrian	12
Belgian	18
Bosnian	1
Bulgarian	1
Croatian	1
Czech	1
Dutch	1
English	1
French	1

Total	371

SEES DOPE PROBLEM ENDED

Collector of Customs Says Enforcement of Federal Law Will Cause Less Crime.

Collector of Customs Cadet Taylor declares that federal "dope" laws are doing incalculable good and are solving a terrible problem as no other force on earth could.

"It would seem now that we have ample anti-dope laws, both federal and state, to meet the situation," he said. "As collector of customs I have caused warrants to be issued in about twenty-one opium cases in this district during the last year—eighteen in Omaha and three in Lincoln. Conviction is so certain that in every case reached pleas of guilty were filed. The new laws, however, will reach the real parties who have been selling dope. It has been known for a long time that certain so-called drug stores were selling opium, but unfortunately the law did not reach them. They were commercializing a vice."

New Means of Enforcement. "With the customs laws still in force, and with the co-operation of the internal revenue officers charged with the enforcement of the new federal law of March 1, and the city authorities of the law just signed by Governor Morehead, I have no doubt that a great change for the better will soon appear. Had the public recognized the real danger to society from this terrible habit the new laws would have been passed long ago."

It was noted by some of the patients in the hospital that during the coldest weather some of these hungry people came to the hospital in the street cars for their rations.

Creighton Lawyers to Banquet April 8

The Creighton Law school will give its annual dinner at the Hotel Pontenelle April 8 at 7:30 p. m. The affair, inaugurated last year and being boosted again for this year and everything points to even a more successful event this year.

Matt Gering of Plattsmouth, Neb., has been invited to make the address of the evening. Each class will be represented by a speaker, as follows: Seniors, Wheeler; Juniors, Beveridge; Freshmen, Plunkett; Freshman night, Shillington; advanced night, Ryan.

The committee responsible for the affair are hard at work. The general committee is composed of L. D. Kavanagh, Eugene Cain and T. E. Dunbar; that on music of Messrs. Chapman, Raleigh, Fitzgerald and Fester; that on invitations of the district judges, of Messrs. Bromard, Seboda, Laur and Garver.

COMMERCIAL CLUB CARDS FOR WOMEN MADE READY

Women's privilege cards for the Commercial club have been prepared and are soon to be distributed among the members, so that they may issue them to any woman members of their families.

If Backachy or Kidneys Bother

Eat less meat and take a glass of Sals to flush out Kidneys—Drink plenty water.

Uric acid in meat excites the kidneys, they become overworked, get sluggish, ache, and feel like lumps of lead. The urine becomes cloudy; the bladder is irritated, and you may be obliged to seek relief two or three times during the night. When the kidneys clog you must help them flush off the body's urinous waste or you'll be a real sick person shortly. At first you feel a dull misery in the kidney region, you suffer from backache, sick headache, dizziness, stomach gets sour, tongue coated and you feel rheumatic twinges when the weather is bad.

Just less meat, drink lots of water, also get from any pharmacist four ounces of Jad Salts; take a tablespoonful in a glass of water before breakfast for a few days and your kidneys will then act fine. This famous salt is made from the acid of grapes and lemon juice, combined with bicarbonate has been used for generations to cleanse clogged kidneys and stimulate them to normal activity, also to neutralize the acids in urine, so it is no longer a source of irritation, thus ending kidney weakness.

Jad Salts is inexpensive, cannot injure, makes a delightful effervescent lithia-water drink which everyone should take now and then to keep the kidneys clean and active. Druggists here say they sell lots of Jad Salts to folks who believe in preventing kidney trouble with it. It is only trouble—Advertisement.

Disposition of Patients. Patients remaining in hospital December 31, 1914: 796. Patients received during current year: 2,117. Total: 2,913. Plus out cases not included in above: 217. Grand Total: 3,130. Patients remaining in hospital December 31, 1914: 385.

DEALERS IN OPIUM PROSECUTED

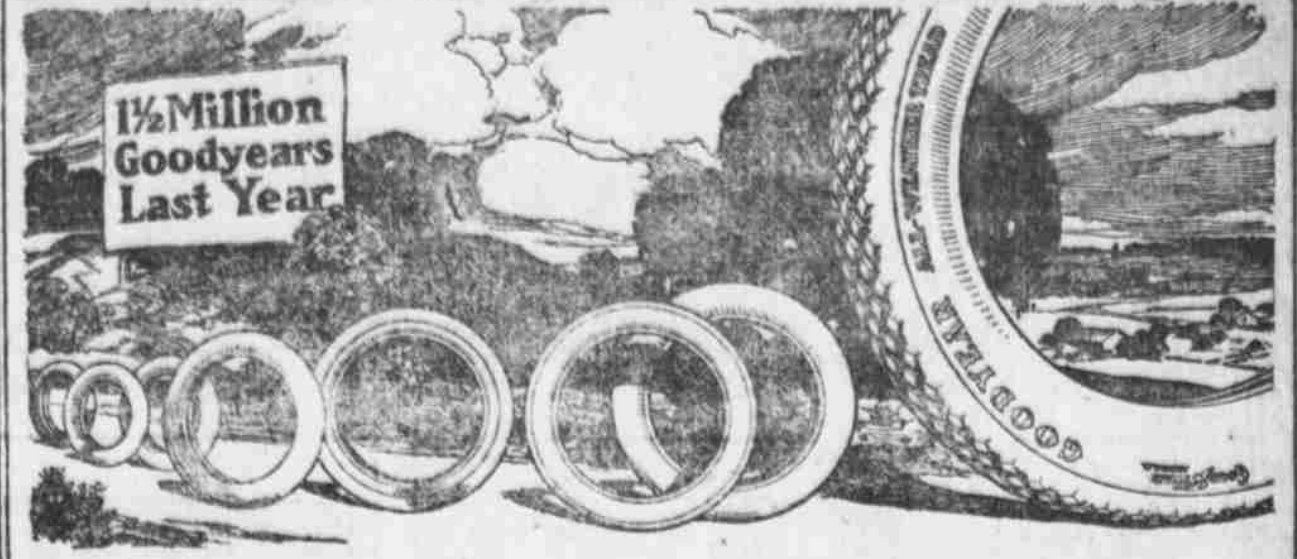

Collector of Customs Cadet Taylor declares that federal "dope" laws are doing incalculable good and are solving a terrible problem as no other force on earth could.

"It would seem now that we have ample anti-dope laws, both federal and state, to meet the situation," he said. "As collector of customs I have caused warrants to be issued in about twenty-one opium cases in this district during the last year—eighteen in Omaha and three in Lincoln. Conviction is so certain that in every case reached pleas of guilty were filed. The new laws, however, will reach the real parties who have been selling dope. It has been known for a long time that certain so-called drug stores were selling opium, but unfortunately the law did not reach them. They were commercializing a vice."

New Means of Enforcement. "With the customs laws still in force, and with the co-operation of the internal revenue officers charged with the enforcement of the new federal law of March 1, and the city authorities of the law just signed by Governor Morehead, I have no doubt that a great change for the better will soon appear. Had the public recognized the real danger to society from this terrible habit the new laws would have been passed long ago."

It was noted by some of the patients in the hospital that during the coldest weather some of these hungry people came to the hospital in the street cars for their rations.

Acosta Shows Up. Balderno Acosta, Clark Griffith's Cigar star, who it was feared, might burden the Peds, has arrived at Charlottesville, and says he is perfectly satisfied to play with the Senators.

The Giant Among Tires

Why Does Goodyear Tower So High Among a Hundred Others?

Last year we sold 1,479,883 Goodyear pleasure car tires alone—about one tire for every car in use.

Yet Goodyear has some hundred rivals. How came this tire to dominate like that?

Millions of Salesmen

Can there be any reason but this?

In the years before, we sent into service millions of Fortified Tires. And those tires, by their records, sold the tires of last year.

You know that. Perhaps you favor another tire. But you know in your heart that Goodyears, in some ways, must excel the rest.

Five Costly Ways

They do excel—in at least five ways, costly and important.

Each is exclusive to Goodyear Fortified Tires. These combat rim-cutting, blowouts, loose treads. They combat insecurity,

punctures and skidding. These tires alone get our "On-Air" cure, which costs us \$450,000 yearly. They alone, for safety's sake, have 126 braided piano wires vulcanized into each tire base.

They alone have our All-Weather tread. Its toughness and thickness resist wear and puncture. And no other tread has such sharp, resistless grips.

Reductions Total 45%

Goodyear price reductions for two years total 45 per cent. The last big reduction was on February 1st. Three times in two years, as our cost came down, we cut the cost to you. Thus our matchless production always insures you most for your money in Goodyears.

Each year these tires grow better. We keep scores of experts constantly working, seeking new ways to improve them.

Doesn't fairness to yourself suggest trying these tires? Any dealer will supply you.
