# THE BRANDEIS STORES

THE many expressions of admiration for the Piano Rooms in The Brandeis Stores, together with the sincere appreciation of the public for the series of recitals that dedicated this new department last week. testify to their immediate success.

OPPORTUNITY was given the Omaha public to be entertained by the leading talent of the city and to inspect and enjoy the Piano Rooms which we have endeavored to make the best in the Middle West. Instruments that have been approved by master artists were used for these recitals and will be the only kind of instruments we shall have. Only those instruments whose reputation has been built up by years of sincere effort and a constant striving for perfection will have a place here.

TT is the hope of The Brandeis Stores that the future will develop other occasions as enjoyable as was this series of recitals. We extend to all a sincere invitation to visit the Piano Rooms and express their approval of the instruments displayed.

CUBSEQUENT announcements of this department will, we believe, be of much interest in Omaha.
