

SUBSEA CRAFT IS CAUGHT IN NET

French Report Says German Submarine is Entangled in Trap Set in Strait of Dover.

TWO MORE BRITISH SHIPS SUNK

PARIS, April 6.—A German submarine has become securely entangled in a net, purposely designed for that purpose and placed off Dover, according to the Pott Journal's Dunkirk correspondent, who adds that the French naval authorities expect to capture the submarine when it comes to the surface.

Submarine Traps Set. Miles of submarine traps have been set by the British navy at harbor entrances and other strategic points around the British Isles. The traps are not unlike all nets used by fishermen. Movable iron frames ten feet square, three frames joined are sunk to a depth of thirty feet, suspended from immense buoys. If a submarine, which is a blind thing when submerged, enters one of these frame traps it is caught, causing the lower frame to buckle upward and bring the trap to the surface. Thus the craft is in the position of a fish floundering in a net, and its attempts are doomed.

Trawler Agantha Sunk. BRATH, England, April 6.—The trawler Agantha was attacked by a German submarine yesterday off Long Stone and was sunk. The crew were rescued by the Swedish steamer Tord and landed here today. The skipper of the Agantha said that while taking to the boats and after entering them the Agantha's crew were subjected to rifle fire from the submarine, which had chased the trawler for an hour before overhauling her, firing at her meanwhile with rifles and a small gun. He believed that the submarine was the U-39.

Ure Carrier is Torpedoed. LONDON, April 6.—The British steamer Northlands of 2,000 tons, with a cargo of iron ore, was sent to the bottom by a German submarine in the English channel off Beachy Head on Monday morning. The Northlands sank in ten minutes. Its crew of twenty-four men were picked up later by the Belgian steamer Topi.

PORTERS COULDN'T LIVE WITHOUT TIPS

(Continued from Page Four) "So altogether you get about \$17 a month," calculated the chairman. "Have you a family?" "Yes, sir, wife, four children, two married, and I take care of my mother. The children not married are in school."

Soon Found Out. "No, sir. But as soon as they found out the kind of a man I was—laughter interrupted the witness at this point and he did not finish. He explained that there were many wealthy people living along the line he travels. "Treat them right and handle them right and they don't forget you," he said. "Do you think any porter would get along as well as you do on this run?" asked Mr. Walsh.

"No, sir, Mr. Walsh; some men would starve on that run." The witness considered his fair average run, except that the layover hours were advantageous.

The next witness was G. H. Sylvester of New York, a porter on the Twentieth Century Limited of the Lake Shore & Michigan Southern road. Mr. Sylvester wore a check pattern suit and two diamond rings. His salary, he said, is \$27.50 a month, and the average about \$7 a month.

On Run Thirteen Years. He is a veteran and has been on the present run for thirteen years. He is entitled to \$6.33 a week from the Pullman company; he has always earned the small bonus offered by the company; his net bonus are bought for him because he has been more than ten years in service, and no charges have ever been brought against him, he said. His train leaves New York in the afternoon and arrives in Chicago the next morning and under the rules he is not entitled to any sleep except what he gets during the layover.

"But don't let any of them tell you they do not sleep," he said, with a grin. "The man that tells he don't sleep, is a dangerous man. I don't mean that we go to bed, but we nod when we are supposed to be on guard in the aisle. All the superintendents here know that."

Then would you organize and petition the company? pursued the commissioner. "We would just quit and then tell the company we could not live on the wages."

G. O. P. AVALANCHE SWEEPS CHICAGO; THOMPSON VICTOR

(Continued from Page One)

Harrison has been democratic leader in Chicago for generations. Many were inclined to believe this indicated Harrison followers would cast their votes for Thompson.

The city council probably went to public, which would be the first time in five years. The socialist vote apparently was smaller than predicted by party leaders. The returns indicated that the total socialist vote would not exceed 20,000. The prohibition party candidate, John Hill, ran far behind the socialist candidate, Seymour Stedman.

Won from Olson. In a close primary contest Thompson won from Harry Olson, chief justice of the municipal court, by a plurality of 2,398. Sweitzer defeated Mayor Harrison by a plurality of 2,134. Thompson was born in Boston, Mass., in 1868, and was brought to Chicago in his parents the following year. In a biographical sketch which he issued prior to the election he stated that as a boy he sold newspapers, and later went to Wyoming and worked as a cowboy and a brakeman. He received much of his education in the public schools and later entered Yale university.

Election in K. C. K. KANSAS CITY, Mo., April 6.—C. W. Green today was re-elected mayor of Kansas City, Kan., by a majority estimated at more than 5,000 and early returns indicated the election of all other candidates on the administration ticket with the possible exception of James L. Boggs, commissioner of streets and public improvements, who was closely crowded for the office by Frank J. Peren.

Nonpartisan Men Elected. MILWAUKEE, Wis., April 6.—Nonpartisan candidates for judicial offices in Milwaukee county were today elected to all the vacancies with one exception, Civil Judge Joseph E. Cordes, social democrat, being re-elected.

Of the five school directors elected in Milwaukee, four social democrats were elected, one being Mrs. Meta Berger, wife of former Congressman Victor Berger. Only one nonpartisan candidate was elected.

Early returns from throughout the state show a gain for the "dry" in thirteen towns while the "wets" gained one town. Thirteen towns now "wet" remained in that column while twenty-three "dry" towns remain dry.

The largest cities reported voting on the license question are Ashland, Superior, Beloit and Madison. They went wet.

Dry Get Sixteen Counties. DETROIT, Mich., April 6.—Complete unofficial returns from the sixteen Michigan counties in which local option was the issue in yesterday's election shows that the "dry" were successful in sixteen counties and the "wets" were victorious in two.

Alger county gave a majority of only one vote in favor of the anti-saloon interests and Oakland went dry by a majority of from eight to forty. Chipewa county, in which Salustie Marie is situated, shows a "wet" majority of thirty-seven.

Republicans Win. ST. LOUIS, April 6.—The entire republican ticket of twenty-eight aldermen, led by A. H. Frederick, for chairman of the board, was elected here today by a plurality estimated at 35,000.

Republicans Elect Mayor. OKLAHOMA CITY, Okla., April 6.—Ed Overholzer, republican, was chosen mayor in the city election here today. J. G. Street, democrat, was elected commissioner of public property, and Michael Donnelly, democrat, commissioner of finance. The new board of city commissioners will consist of three democrats and two republicans.

ROOT MADE PRESIDENT OF N. Y. CONVENTION. ALBANY, N. Y., April 6.—Elihu Root, former United States senator from New York, today was elected president of the seventh state constitutional convention over Morgan J. O'Brien of New York.

TERRE HAUTE MEN GUILTY

Roberts and All Except Two of Twenty-Six Are Convicted by Jury of Conspiracy.

PROSECUTOR CONGRATULATED. INDIANAPOLIS, Ind., April 6.—Mayor Don Roberts of Terre Haute and all except two of the other twenty-six defendants in the election conspiracy case, who were found guilty by a jury in the federal court here today, had returned to their homes tonight to remain until Monday morning, when they will be sentenced by Judge Anderson. In the meantime preparations for an appeal were being made by the attorneys for the convicted men.

Prosecutor Congratulated. United States District Attorney Daily, upon whom the burden of the government's case has rested, left the federal building a few minutes after the verdict was returned. He was accompanied by his wife, who has attended all the sessions of the trial. The telephone in his office rang almost continuously all day, persons calling who said they wished to congratulate the district attorney.

Only Two in Jail. Only two of the twenty-seven convicted men are in jail here tonight. They are Alexander Azeel, alias Steel, who was arrested some time ago and held under \$5,000 bond on a charge of attempting to corrupt government witnesses, and Timothy ("Bill") Conway, who just before the trial opened was given a jail sentence in a local court for carrying concealed weapons.

Severe penalties can be imposed. The possible cumulative punishment under the four counts of the indictment is fines totaling \$30,000 and imprisonment for nineteen years.

Kitchener Moves to Put More Men on Job

LONDON, April 6.—The war office announced tonight that Lord Kitchener had appointed a committee to take necessary steps to provide such additional labor as may be required to make it certain that the supplies of munitions of war shall be sufficient to meet all requirements.

What the government proposes to do with the liquor problem probably will not be decided until Parliament reassembles on April 14, but the idea of general prohibition just at present is not seriously entertained. The authorities seem to hope that the desired results will be obtained by voluntary abstinence, coupled with further restriction on saloons.

Moeller Elected. STORM LAKE, Ia., April 6.—(Special Telegram)—H. C. Moeller for the last two years county superintendent of schools was elected superintendent in Blackhawk county today just as he was about to be re-elected at Buena Vista. He will take up his duties September 1. No choice was made of his successor.

The new battleship Arizona, building at the New York navy yard, will be launched June 25, Secretary Daniels announced.

Postal receipts at the fifty largest cities in March showed a substantial increase over those of February. Postmaster General Burstein announced, indicating a steady climb toward normal. The European war brought about a decline in postal receipts that continued until November.

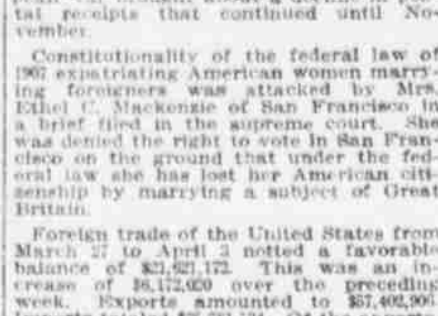

Constitutionality of the federal law of 1907 excluding American women marrying foreigners was attacked by Mrs. Ethel C. Mackenzie of San Francisco in a brief filed in the supreme court. She was denied the right to vote in San Francisco on the ground that under the federal law she has lost her American citizenship by marrying a subject of Great Britain.

Foreign trade of the United States from March 27 to April 2 noted a favorable balance of \$2,821,172. This was an increase of \$4,172,000 over the preceding week. Exports amounted to \$7,400,307, imports totaled \$4,579,135. Of the exports New York handled \$31,974,000 worth and New Orleans, the next largest export center, shipped goods to the value of \$2,851,119.

March was an extraordinary month this year from a weather standpoint, according to the official weather and crop bulletin issued by the weather bureau. Not since extensive weather records began, more than forty years ago, has the weather over the southeastern portion of the country been so continuously cold, says the bulletin, and in portions of New England and other northeastern states the monthly precipitation was the least ever known for March.

Former Collector of Internal Revenue and Former Bank Commissioner John C. Lynch of San Francisco is an ardent enthusiast regarding Akoz, the remarkable medicinal mineral discovered by John E. MacKenzie.

This natural remedy which has given such speedy relief in cases of rheumatism, stomach trouble, catarrh, eczema, ulcers, piles and numerous other ailments, promptly drove the gout from Mr. Lynch's system and also relieved him from acute nervous stomach trouble.

Before using Akoz Mr. Lynch tried numerous other remedies and dieted, but received only slight temporary relief. With the Akoz treatment he did not diet, but made remarkable progress in regaining his health.

Here is what Mr. Lynch has to say of Akoz: "For a period of over 10 years I was a sufferer from gout, having attacks which confined me to my house from one to two weeks several times a year. During this time I tried a great many remedies, including absolute and strict diet, without effecting anything more than temporary relief."

"While suffering from one of these attacks I was induced to try the Akoz mineral powder on my feet. I experienced immediate relief. I followed this treatment by drinking the Akoz water and became permanently cured, having had no attack of gout for over two years, notwithstanding the fact I have placed no restriction upon myself in my eating and drinking."

"When I commenced drinking Akoz water I was suffering from acute nervous stomach trouble, from which I am entirely relieved. I have induced a number of my friends to try the Akoz remedy, and I know of no case where it has failed to give permanent relief."

Akoz is now being introduced in Omaha at Sherman & McConnell's, 15th and Dodge St. store, where the Akoz man will give further information regarding this advertisement.
