

Grippe A Robber Of Strength and Flesh

Run Down, Underweight People Should Regain Lost Flesh and Strength at This Season.

People who have gone through winter suffering a succession of coughs, colds, grippe, catarrh or other ailments probably are surprised to find that they are passing scales, to see how much flesh they have lost. Most everyone reaches spring with weight decreased, vitality weakened, nerves affected and general health and strength impaired.

The best way to regain lost flesh and strength is through the original source of all flesh and strength—your food. Food, however, produces flesh and strength only in the proportion in which its nourishing elements are absorbed by the blood. Loss of weight indicates a leakage of the fats, sugars and starches of your food. Instead of going to the blood they are passing through your body as waste. The assimilative function of your stomach and intestines are out of order and you need something that will get them working right again. Nothing is better for this purpose than a single Sargol tablet eaten at meals for a few weeks. Sargol does not build flesh of itself, and taken between meals is of little value for the purpose, but, swallowed with your food, it acts upon every mouthful you eat, first separating all the fats, oils, sugars, starches and other materials which make for flesh and strength from the waste matter and then preparing all these for making nourishing elements into a form which the blood can readily absorb and distribute throughout the body. This is done quickly. Reported gains in weight of from ten to twenty-five pounds a month are by no means infrequent. Yet its action is perfectly natural and absolutely harmless. Sargol is sold by Sherman & McConnell drug store, Omaha, and leading druggists everywhere and every package contains a positive guarantee of weight increase or money back.

GUARD TURNS OUT WELL

Regular Army Officers Find Militiamen of the State on the Alert.

LACK OF FUNDS GREAT DEFECT

(From a Staff Correspondent.)
LINCOLN, April 8.—(Special.)—The report that the federal inspectors will make to the War department on the condition of the Nebraska National Guard, following the recent completion of the annual inspection, is very encouraging to Adjutant General Hall.

Only sixty-two men out of a total enlisted strength of 1,600 failed to report, and this despite the fact that during the early part of the inspection the inclemency of the weather held down the attendance. In many cases it was practically impossible for the men to get in from the farms because of the depth of the snow.

Men Who Reported.
The report will show the number of men actually present at inspection as 1,632; those reporting by mail, 263; those on leave of absence, 122. Only three organizations failed to come up to standard, Fourth Infantry, Broken Bow; Fourth Infantry, Omaha, and Fifth Infantry band, Bruning.

The officers of the regular army who conducted the inspection were Captain George E. Kump of the signal corps and First Lieutenant William C. Stoll.

Value of Equipment.
The estimated value of government equipment now on hand is \$37,000. The inspectors report this as in good shape, but in regard to armories they say: "As a whole, poor. Funds not available to make armories inviolable. No indcement for social functions on account of lack of proper facilities."

The inspectors also note "an insufficient lack of funds to place companies in the western part of the state, where there is a demand for same."

The condition of property in the state arsenal, the rifle range, the condition of property there, field transportation and the records in the adjutant general's office are reported "very good."

HUNT FOR BODIES OF WOMAN AND BABIES WITHOUT RESULT

NORTH BEND, Neb., April 8.—(Special.)—A continuous search has been kept up for the bodies of Mrs. Archie Ferguson and her two little daughters, who it is believed leaped from the steel bridge into the Platte river last Friday, but nothing has yet been found of them. Men have gone out daily in boats and have dragged the river bed as far east as Ames, eight miles distant.

Notes from Beatrice.
BEATRICE, Neb., April 8.—(Special.)—George Lewis of Blue Springs was arrested at Esbon, Kan., Wednesday by Sheriff Acton of this city on a complaint filed by Rena Stackhouse, an 18-year-old girl living at Blue Springs, charging assault. He is 46 years of age and unmarried. He will be brought here for trial.

Al Cook, aged 42 years, and claiming to be a resident of Iowa, was found wandering about the country in a demented condition. He was brought to this city and lodged in jail.

William Twombly was brought before Judge E. E. Ellis yesterday on the charge of beating his wife. He pleaded guilty and the court sentenced him to ninety days in the county jail.

Fred Gebhard, who has been operating a bakery at 613 Court street for the last few years, Wednesday made a voluntary assignment for the benefit of his creditors. The stock of goods is now in charge of Sheriff Acton.

Mrs. Kate Bolin, who was formerly employed at the feeble minded institute here, died at Council Bluffs, Ia., Tuesday, aged 53 years. The body was brought here for interment.

News Notes of Nelson.
NELSON, Neb., April 8.—(Special.)—The anti-license ticket was elected here without opposition, the citizens' party having endorsed the candidates. The officers chosen are: Mayor, I. J. Wehrman; city clerk, William A. McHenry; treasurer, W. W. Hawley; police judge, E. B. Gardner; councilmen, William M. Peebler and C. K. Imier.

County Superintendent Elmer L. Seely has announced the dates for the Nuckolls County Teachers' institute for May 21 to June 12. The plan at this time is to follow this with a six weeks' summer school.

The Commercial club held an enthusiastic meeting Tuesday night and formulated plans for a lively spring campaign for community building. An effort will be made to have the farmers in the territory tributary to Nelson become members of the club.

News Notes of Deshler.
DESHLER, Neb., April 8.—(Special.)—A special election will be held Tuesday, April 29, to vote on the question of Sunday base ball.

Farmers in the vicinity of Deshler will be the guests of the Commercial club Tuesday evening, April 13, and good roads and other matters of mutual interest will be discussed. C. L. Richards, county attorney, will talk on the financial condition of road districts of Thayer county.

A woman's club has been organized to co-operate with the Commercial club in working for the best interests of this vicinity. Mrs. E. J. Mitchell is president, Mrs. Albert Caughey secretary and Mrs. Richard Rodenburg treasurer.

Shelton Votes Light Bonds.
SHELTON, Neb., April 8.—(Special.)—The proposition to issue bonds in the sum of \$5,000 carried by a large majority, there being 210 votes for and 61 votes against, and when the issue has been approved the village will use the money to purchase the present electric light plant and extensive improvements will later be made on the system.

Table Rock For Pool Halls.
TABLE ROCK, Neb., April 8.—(Special.)—Table Rock remains in the wet column. The vote was 37 wet, 96 dry, leaving the majority 11, which was only 1 last year. A vote was also taken on the pool hall question, which received 100 votes for and 77 against, a majority of 23. C. H. Carmichael and W. M. Linn were elected trustees.

SEEDLING MILE AND SEWER CERTAIN FOR GRAND ISLAND

GRAND ISLAND, Neb., April 8.—(Special.)—Two projects of public improvement are reasonably certain of fulfillment. One of them is a seedling mile of cement paving, sixteen feet wide, on the Lincoln highway approach to this city, and the other a \$100,000 sewer proposition.

The Lincoln Highway association, through Local Council Ashton, some time since received an offer of \$500 worth of cement and \$1,200 in cash, if the local community would meet the rest of the expense, estimated at \$3,800, or \$5,000 in all, and thus cover practically the labor item. The city authorities at first refused to consider the proposal, but put it before the people at the election this week and it carried by a vote of more than two to one. The question, "Shall the city council submit a bond proposition of \$100,000 for sewer construction" was also placed before them and carried by a decisive majority.

CORTLAND STORE ROBBER SENT TO PENITENTIARY

BEATRICE, Neb., April 8.—(Special.)—David Kidd, charged with robbing the store of Benbright & Bunte at Cortland January 26, pleaded guilty this afternoon in the district court and was sentenced to from one to seven years in the penitentiary.

Henry Untreit, a tailor at Dewitt, pleaded guilty to the charge of receiving stolen property and was given sixty days in the county jail.

Stanton Elects Teachers.

STANTON, Neb., April 8.—(Special.)—The Board of Education of the Stanton public schools has by a unanimous vote elected the following teachers for the next school year: Primary, Ross Elmore; grades, Edna Puchs, Bessie Blake, Mrs. J. D. Elmore, Miss Miller and Vera Carr; high school, Profs. Tyson and Eddy, Miss Ethel D. Johnston and Miss Haney. Prof. John H. Welch was unanimously re-elected, but declined to accept the position, having served as superintendent of schools here for ten years. It is understood that Mr. Welch will become cashier of the Elkhorn Valley State bank to succeed F. R. Beebe.

Knights of Luthar Elect Two Men.

LINCOLN, Neb., April 8.—(Special.)—The business men's ticket was elected with the exception of two men and are as follows: "Jim" Byrnes, re-elected mayor; William Vorwalder, clerk; D. W. Young, council, first ward; P. J. Jeffery, second ward; V. Naffinger, third ward. The citizens' ticket, which was backed by the Knights of Luthar, elected city treasurer John Roberts and City Engineer H. C. Beatty. The town was voted dry by a majority of 51. Pool halls were voted out by a majority of 124. The fight was as to whether the Knights of Luthar could get control of the council.

Exeter Tie or Dry by One Vote.

EXETER, Neb., April 8.—(Special.)—The town election passed off very quietly. J. C. Bratcher, J. B. Klats and Sherm Downey were elected councilmen for three years. License was a separate issue. The vote was unusually close and is either a tie or one majority for no license. Five ballots were put aside, as the judges were not able to give a decision. The town will in all probability be dry the coming year, a change from the last several years.

North Bend Elects Two Teachers.

NORTH BEND, Neb., April 8.—(Special.)—At the meeting of the school board of trustees Monday night two vacancies in the high school were filled. Miss Belle Bolejack, now attending the University of Nebraska, was elected to teach mathematics and English. Miss Tara Hatcher, teaching in Shelton High school, was chosen Latin and German teacher. Both are experienced teachers and well recommended.

Nebraska Stays Wet.

NIORRARA, Neb., April 8.—(Special.)—M. C. Nelson and N. K. Clark were re-elected to the village board without opposition. Town is wet and so is the town board. Drys concede the issue without a test of strength.

Carranza Plane is Taken Across Border

BROWNSVILLE, Tex., April 8.—A Carranza monoplane was hurriedly unloaded from a refrigerator car here during the night and taken across the river to Matamoros early today. P. A. Chapa of San Antonio, Tex., who holds the rank of colonel in Carranza's army, went to Matamoros with the machine. He said he expected to be an aviator. A large supply of bombs for his use was manufactured here last week.

Colonel A. P. Blockson, in command of the United States border patrol here, investigated the shooting across the river into Brownsville yesterday.

SEVERE ECZEMA ON HANDS AND WRISTS

Hands Swelled and Cracked. Torture to Put in Water. Itched and Burned. Used Cuticura Soap and Ointment and Was Healed.

Bendon, Mich.—"My eczema began by small water blisters on my hands and on the outside of my wrists. My hands swelled and cracked, and how they did itch! It was torture to put them in warm water. The breaking out on my hands was very unsightly. It itched and burned so I would scratch until it would bleed. Then it would hurt worse than ever, and the itching did not cease. Lots of nights I would scarcely sleep at all for the itching and burning.

"I got remedies but the trouble would finally go so soon as I quit using them. Finally I wrote for a free sample of Cuticura Soap and Ointment which was promptly sent. The samples helped me. I bought a box of Cuticura Soap and a box of Cuticura Ointment. In less than a week the itching ceased and the eczema began to get well. Before I had used two boxes of Cuticura Ointment and the Cuticura Soap I was healed." (Signed) Mrs. Chas. Bowman, June 30, 1914.

Sample Each Free by Mail
With 32-p. Skin Book on request. Address post-card "Cuticura, Dept. T. Boston." Sold throughout the world.

BANK EXAMINERS REPORT BUSINESS ON THE UPGRADE

(Continued from Page One.)

rowed money cannot be invested profitably by them.

Philadelphia: Present and immediate outlook business conditions are encouraging and showing gradual improvement.

Atlanta: Present and immediate outlook regarded as improved.

New Orleans: General situation regarded as gradually improving.

Dallas: Business marking time. Basic conditions are good.

Indianapolis: Business generally shows improvement and prospects for further improvement good.

Chicago: Present conditions dull, immediate outlook hopeful in tone. Business showing slight improvement.

Large cities in Iowa: Conditions are steady with a tendency toward improvement.

St. Louis: Business conditions stand at highest point since May, 1914.

Kansas City: Present and immediate outlook good for material improvement.

San Francisco: Business people are in better spirits. Present and immediate outlook better and steadily improving.

Los Angeles: Conditions are improving. Maine the Exception.

"Of the seven New England districts reporting none show a decline in business conditions while three districts show improvement. Maine is the only portion reporting real depression.

"General business conditions throughout the middle Atlantic states show improvement only in two districts—Reading, Pa., and Maryland—being excepted.

"The south, as a whole, reports a decided improvement in business. The present outlook and the basic conditions are good. Confidence has been restored.

"Many sections in the north central states report conditions as normal and many show a definite improvement in business conditions; while those states which were benefited by a large harvest and high prices during the last season have been unusually prosperous. The outlook for the present season is equally bright, the crop conditions being excellent.

"A large portion of this section reports no depression, while some of those sections previously reporting depressions are now benefiting. The supplying of war orders continues and some factories are working twenty-four hours a day, and conditions generally are better than they have been since May, 1914. The lines that show the greatest activity are stock, harness, machine, tools, iron and steel business, machinery, rubber, automobiles,

wholesale mercantile trade, building stones, packing grain, knitting and shoe mills, cement, drugs, hardware, clothing, boots and shoes and enamel.

Greatest Depression.
"The greatest depression is in coal, vehicles, dry goods, home furnishings, mining, railroad construction and equipment material, stove foundry, lumber, glass, general merchandise, retail lines, real estate and breweries."

Captures Six Young Wolves.
AVOCA, Neb., April 8.—(Special.)—John Weaver, a farmer living southwest of town, captured and killed six young wolves in his hay meadow Tuesday afternoon. He happened to see the mother come out of the hole. He commenced digging and soon unearthed a family of six.

"STAR—The Pocket-Piece of Geniality"

Men Who Chew Are Men Who DO

THE men of the navy who "draw a defensive line of steel" along our coasts have ever, in peace and war, found enjoyment in tobacco.

And the best "navy" plug, STAR Chewing Tobacco, appeals alike to the "tar" and the officer.

And STAR is a capital G-O-O-D tobacco, fat with extra long, chewing leaf of the mellowest variety, with a taste that lasts. In each thick STAR plug there are 16 full, chewable ounces.

A pure food commission and a board of weights and measures couldn't improve on STAR'S unvarying standard of honest weight, quality and absolute cleanliness of preparation.

Here's what American men think of STAR:
The pound STAR plugs chewed in one year, if placed end to end, would stretch from Portland, Maine, clear over to Seattle, Washington, down to San Francisco, across to Key West and end at Atlantic City, N. J.
