GRAIN AND PRODUCE MARKET

Wheat is strong, Selling from One to Two Cents Higher, with Corn and Oats Unchanged.

WHEAT MOVEMENT HOLDS UP

OMAHA, April 12, 1915.

Wheat was strong today, selling from 1 to 2 cents higher.

Corn was unchanged to ¼c higher, and oats were unchanged.

The receipts of corn were good, ninety-three cars being reported. While wheat and oats were light, there was a fair demand for all cereals on the list.

The movement of wheat to primary markets keeps up to good proportions as compared with last year, the total last week being 2,841,000 bu., compared with 2,922,00 bu. the week before and 2,963,000 bu. for the corresponding time last year.

Those in the importing countries of Europe and who are managing the purchase of breadstuffs from America, Argentina and other exporting nations, are attempting to convey the idea to the United States especially, that the crop prospects in England, Germany and other countries depending upon the United States largely for supplies, are above the normal. This is the case especially with Germany.

Europe normally raises a majority of the world's wheat, but experts say after careful investigation that the crop shrinkage from the loss of acreage and otherwise will be great this year.

Clearances were: Wheat and flour equal to 1,420,000 bushels; corn, 3,000 bushels, oats, 251,000 bushels.

Liverpool close: Wheat and corn not quoted.

Primary wheat receipts were 501,000 bushels and shipments 210,000 bushels, against receipts of 528,000 bushels and shipments of 392,000 bushels last year.

Primary corn receipts were 820,000 bushels and shipments 485,000 bushels, against receipts of 538,000 bushels and shipments of 605,000 bushels last year.

Primary oats receipts were 649,000 bushels and shipments 682,000 bushels, against receipts of 600,000 bushels and shipments of 897,000 bushels last year.

CHICAGO GRAIN AND PROVISIONS

Features of the Trading and Closing Prices on Board of Trade.

CHICAGO, April 12.—Bulls had the advantage today. Exporters were buying new crop futures and it was apparent that cargoes of the old crop would soon be moving freely over the great lakes. The market closed unsettled, but ¾@¾c above Saturday night's level. Corn finished ¼c off to ⅛@¼c up, oats down ¼c to ¼@¾c and provisions varying from 10c decline to a shade advance. Knowledge that the last sea raiders were out for the present seemed to have considerable effect on sentiment favoring higher prices for wheat, the idea being that shipments would be safe and the insurance risks less. The rumor was in a message confirmed by eastern orders to purchase here, especially the July delivery, in which fully nine-tenths of the business was centered. Higher prices at Liverpool with reports that the amount of wheat on ocean passage had fallen off to a marked extent helped further to encourage a speculative advance.

Vessel agents here were in receipt of word that the Straits of Mackinaw had become free of ice and that the way was open for grain fleets to start from Duluth, Chicago and other ports.

Corn advanced at first with wheat, but country offerings grew larger and there were reports that an important industry had stopped buying at St. Louis. On the other hand, Chicago stocks and visible supply gave evidence that a heavy movement was in progress. Holders of oats unloaded rather freely after corn turned weak. Preliously sellers were scarce, despite favorable weather for seeding.

Higher prices for hogs failed to sustain an advance in provisions. On the bulge packers turned to the selling side.
