'BAD MAN,' FLEEING JAIL, IS CAPTURED

Paroled Convict, Dashing for Liberty from Tekamah Bastille, Surrenders 'Alive.'

SAID WOULD GET HIM DEAD

TEKAMAH, Neb., April 13.—(Special Telegram.)—Bert Rickert, paroled convict from the state penitentiary, who escaped from the county jail Sunday night, was surrounded by a posse late tonight in a swamp near the Missouri river and captured.

Expect Death Battle. Rickert did not make good his threat, uttered when last arrested, that he would never again be taken alive. He yielded without a fight. Sheriff Rann Stanfield and his posse, made up of men from Tekamah and nearby towns, expected a battle to the death, and when once they had their victim surrounded, proceeded cautiously.

Arrested on Burglary Charge. Rickert, with Bryan Folk, broke into a clothing store, it is alleged, some time ago, and shortly after was arrested at the home of his stepfather, living near Arizona, this county.

He broke jail Sunday night about 7:30. Another prisoner went for some coal, and as F. M. Stanfield, father of Sheriff Stanfield, unlocked the jail door to let him in, Bert Rickert gave a quick jerk on the door, throwing Stanfield down, and made good his escape.

Give Up Job Overnight. The sheriff and marshal, with a number of deputies, were soon on the trail, but night coming on, abandoned. The hunt was resumed this morning and continued till he was taken tonight.

Rickert served time in the state industrial school at Kearney, also at the state penitentiary, from which institution he is on parole at the present time. He once escaped from the industrial school but was retaken.

Prize Court Delays Cases Involving American Cargoes

LONDON, April 13.—Sitting in the prize court today Sir Samuel T. Evans, judge of the court, denied immediate trial to the Norwegian steamers Fridland, Kim, Alfred Nobel and Bjorterne-Bjornson, and fixed the hearing of the cases for June 7. The court room was crowded with attorneys representing the ship owners and American firms having goods on board the vessels, which have been held since November last. American packers had nearly \$5,000,000 worth of provisions on these vessels.

The lawyers pleaded for an immediate trial, arguing that the ship owners would be bankrupted by the continued delay, but the court acted on the plea of the crown-counsel for further time to investigate.

RUSS PEOPLE SEE WAR A 'GODSEND'

Families of Soldiers Get Bigger Pay Than in Peace and Conflict is Deemed Divinely Arranged.

ECONOMIC BLESSING TO ALL

PETROGRAD (via London), April 13.—The opinion was expressed today by Pierre L. Mark, Russian minister of finance, that, economically considered, the war has been a blessing to the people of this country. Discussing the financial and social aspects of the conflict in an interview with the Associated Press, M. Mark said:

"Notwithstanding the depressing and paralyzing effect of the war, the Russian peasant class is more prosperous than at any previous time in the history of the country. It is not difficult to account for this unusual prosperity. By virtue of the allowance made by the government to the families of soldiers, which exceeds the earning power of the soldiers, the total income of these families is greater than in times of peace. Thus the people are beginning to regard the war as a peculiar sort of godsend which is putting money into their pockets."

"It is not necessary to invent theories to explain why the Russian people should be more prosperous, for the actual fact is that this prosperity is everywhere noticeable. Before the war the average yearly savings deposited amounted to from thirty to forty million rubles (\$15,000,000 to \$20,000,000), while in the month of January alone about sixty million rubles (\$30,000,000), was deposited."
