

"Tiz" for Aching, Sore, Tired Feet

"TIZ" for tender, puffed-up, burning, calloused feet and corns.

People who are forced to stand on their feet all day know what sore, tender, sweaty, burning feet mean. They use "TIZ" and "TIZ" cures their feet right up. It keeps feet in perfect condition. "TIZ" is the only remedy in the world that draws out all the poisonous exudations which puff up the feet and cause tender, sore, tired, aching feet. It instantly stops the pain in corns, callouses and bunions. It's simply glorious. Ah! how comfortable your feet feel after using "TIZ." You'll never limp or draw up your face in pain. Your shoes won't tighten and hurt your feet.

Get a 25 cent box of "TIZ" now from any druggist, department or general store. Just think! a whole year's foot comfort for only 25 cents.

is the perfect fuel for Spring as well as Winter use.

It kindles quickly and can readily be regulated for a light or heavy fire, as desired.

By trying a ton or so now, you can test its virtues under varying conditions and thus be enabled to compare it with the fuel you have been using.

There was never a fuel that had so many features of excellence as VULCAN COKE—it is free from smoke, clinkers, soot and offensive odors and has very little ash.

It effectively takes the place of hard coal and is 20% cheaper.

Hundreds of satisfied fuel users are finding this out every month. VULCAN consumers never return to anthracite.

Nebraska SCHOOL LAW BODY PATS SELF ON BACK

Commission Thinks It Did Well in Getting Five of Six Things Recommended Made Law.

WHAT LOST IS UNIMPORTANT

(From a Staff Correspondent.) LINCOLN, Neb., April 13.—(Special.)—Members of the State School Law Revision commission are not downcast over the amount of school legislation that they got through the legislature. They assert that five out of six of the important recommendations of the commission were enacted into law. The bulky H. F. 107, containing the revision, was salvaged for its important recommendations and these went through separately. What was lost was unimportant and designed largely as corrective.

The one measure of importance that was lost was the bill providing for the non-partisan appointment of county superintendents. Members attribute its defeat to an attempt made, not so much to have it passed, but to have a non-partisan ticket as to have it appointed by a board of five chosen by the various school boards of the county. The former might have gone through. The latter had no chance. The measure of importance that did go through was in number. First, the county unit bill, which was much amended from its original form, but which, according to one member of the commission, does that which it was originally designed to do, namely, to distribute railroad taxes equally throughout the districts of the western counties.

Added the West. The bill for the reappropriation of state school moneys aids the western part of the state; the bill for consolidated rural schools, providing state aid of from \$100 to \$200, according to the number of rooms, is designed for the benefit of the smaller districts of the eastern part of the state. The bill for the more effective organization of rural high schools with state aid on the same plan is designed for the central counties. The vocational training bill anticipates national aid and lets all children over a certain age, regardless of other requirements, enjoy the benefits of these courses.

North Platte Span Bids Are All Rejected

(From a Staff Correspondent.) LINCOLN, April 13.—(Special.)—On the advice of the attorney general, following the refusal of the Canton Bridge company of Canton, O., to sign the contract awarded to it as low bidder on the North Platte bridge, State Engineer Johnson has rejected all old bids and advertised for new ones. The refusal of the Canton company to sign after it had secured the contract was due, according to the company, to the fact that the state refused to agree to protect it on its patents. The contract price for which the Canton company offered to build the bridge was \$4,975. The bridge is to be on the Lincoln Highway, where it crosses the Platte river near North Platte.

GRAND ISLAND SUGAR FACTORY WILL CONTINUE

GRAND ISLAND, Neb., April 13.—(Special.)—It is announced here that the American Beet Sugar company will rebuild the local beet sugar factory. The announcement was made at a banquet of the company to its agent and regular employees, among whom were several who have been connected with the company for over twenty years. It was at one time feared that the local plant, on account of the gradual reduction of the tariff contained in the present tariff law would eliminate the institution from Grand Island's industries. The year and the prospects that four large sugar producing counties of that continent will not be able to meet their former production for several years, has changed the outlook materially. Other speakers and invited guests at the banquet were Secretary Connors of the Commercial club and Mayor Ryan.

THREE GRAND ISLAND BUILDINGS CONDEMNED

GRAND ISLAND, Neb., April 13.—(Special.)—State Fire Commissioner Ridgely was in the city today and condemned five old buildings in the business section of the city. Three are near the public library and one at the rear of a hospital. In no case was the condemnation a hardship on the owners and general approval is expressed over the condemnation. Other buildings were placed on the doubtful list. The condemned buildings were first viewed by the mayor, chief of police and secretary of the Commercial club, at the solicitation of the commission.

WALTER COMBS PLEADS GUILTY TO SHOOTING

(From a Staff Correspondent.) LINCOLN, April 13.—(Special.)—Walter Combs, charged with complicity in the shooting of Officer Frank Rock last November, pleaded guilty in district court this afternoon and was given a sentence of from one to ten years. Combs was one of a gang of toughs who had been committing burglaries around Lincoln for a year or more. Three other men—Tom Carr, Arthur Carter and Frank Condon, members of the gang—are already serving terms in the penitentiary.

Hastings to Hold Fete

HASTINGS, Neb., April 13.—(Special.)—The Hastings schools will hold a May fete at Chautauque park May 6 and 7, with Miss Katharine Kohl as May queen.

Nebraska Plaintiffs, Lawyers and Witnesses Die During Litigation

ASHLAND, Neb., April 13.—(Special.)—In the case of William B. Lucas, et al., against the Ashland Light, Mill and Power company, involving the rights of the defendant company to maintain and operate a dam across Wahoo creek, one mile north of Ashland, from which is derived the power to operate the lighting and water systems of the city and in which testimony has been taken at Wahoo and arguments heard before Judge J. B. Haper of Pawnee, City of Lincoln during the last three weeks, a remarkable coincidence is the large number of deaths that have occurred since its beginning among those connected with this case. The suit was first docketed in the fall term of the Saunders county district court for 1907 at Wahoo, since which time nine persons related to the case have died. Of the plaintiffs, William B. Lucas, William Fickert and George A. Derlath; of attorneys for the defense, H. Gilleson and George W. Simpson of Wahoo and Judge J. S. Smith of Lincoln, and of the witnesses, J. R. Hayward of Ashland, P. J. Hall of Memphis and Fred Eberhardt of Wahoo, are all deceased.

The suit has been to the state supreme court since, when the plaintiffs, farmers along Wahoo creek, who claim their lands annually overflowed because of the mill dam, sought an injunction to prevent the defendant company from maintaining the dam. This was denied, but the court ruled that plaintiffs might maintain actions for damages. The rights of the defendant company have been the subject of litigation annually since 1885. The latest suit arises from the allegation of the plaintiffs that the mill dam has been raised two feet higher than defendant should be allowed to maintain it, a decision on which is expected this week.

ASK OMAHA ATTORNEY CITED FOR CONTEMPT

HASTINGS, Neb., April 13.—(Special.)—John T. Culivan today filed a motion in district court asking that Attorney Daniel J. Johnston of Omaha be cited for contempt of court for having photographed the Indian cryptogram offered in evidence in the John O'Connor will case. The cryptogram is said to throw some light on the mysterious life of O'Connor. The court is asked for an order compelling the photographer to deliver the negatives.

Funeral of Elmer Heffley

GENEVA, Neb., April 13.—(Special.)—James Elmer Heffley, aged 34 years, eldest son of Mrs. Emma White of Sebastopol, Cal., was buried from the Methodist church in Geneva Monday at 2 o'clock, the Rev. Mr. Austin officiating. Mr. Heffley was born near Shickley, Neb., but for several years has been at Thompson Falls, Mont.; employed by the Electric Power company, where on April 7 he was shot in resisting a holdup. He was a member of the Knights of Pythias lodge at Ogden, Utah, and was cared for by brother knights at Thompson Falls and the funeral here has been at Thompson Falls, Cal. He leaves a mother and younger brother in California. A brother, Harry Heffley of Drinkwater, Cal.; a sister, Mrs. Cleve Hater of Geneva.

Nebraska Notes from Beatrice and Gage County

BEATRICE, Neb., April 13.—(Special.)—Mayor Adam McMullen and the new city council of Wymore were inducted into office Monday evening. One of Mayor McMullen's first official acts was to order all card tables out of the cigar stores and pool halls of Wymore. In addressing the council he stated that the people had voted the town "dry" and he proposed to see that the law was enforced relative to the sale or giving away of intoxicating liquors. Ira L. Ryan, a pioneer of this city and for many years engaged in the furniture business here, died Monday evening aged 80 years. The body will be taken to Springfield, Ill., Wednesday for interment.

John L. Clark and Mrs. Mary Larabee, both of Haddam, Kan., were married Monday in this city by Rev. B. F. Galtner of the Methodist church. They will make their home at Virginia. Preliminary steps were taken Monday evening for organizing the Gage County Testing association. Owners of more than 200 dairy cows have already agreed to become members. It is the intention to have an expert keep an accurate check on the milk producers to determine whether they are a paying proposition. The expert will be paid by the Gage county association, and he will devote about two weeks each month in gathering the necessary data.

Bryan Defender Fined in Court

(From a Staff Correspondent.) LINCOLN, Neb., April 13.—(Special.)—J. H. Allen, who says he will succeed James Malone as chief of police of Lincoln in the event of the election of Charles W. Bryan to the city commission and a leading democratic politician, was in the police court this afternoon charged with disturbing the peace at the Lindell hotel. Landlord R. W. Johnston was the complaining witness. It developed that Allen has been in the habit of puncturing the atmosphere around the lobby of the hotel defending Mr. Bryan. Mr. Johnston asked him to desist, and when he refused a police officer was called. Allen was fined \$10 and costs and appealed to the district court.

Damage Case Appealed

(From a Staff Correspondent.) LINCOLN, April 13.—(Special.)—The case of Andrew P. Johnson against the Charles W. Gindole company was appealed to the supreme court today from Douglas county. The plaintiff sued for \$25,000 for injuries received while in the employ of the defendant company. The verdict was for the defendant and the plaintiff appeals.

Nebraska State Normal Board Holds a Meeting

(From a Staff Correspondent.) LINCOLN, April 13.—(Special.)—The State Normal board met at the state house Monday morning. The morning was spent by the board in signing vouchers that have accumulated since the last meeting. This afternoon the board took up the regular routine work, and of the appointing the proceeds of the 36 of the 1-11 levy among the four normal schools of the state. The house attempted to make this division itself, specifying the amounts to go to the various schools. The senate, however, rejected this plan and made the appropriation a blanket one. The amount that the levy will raise is estimated at about \$70,000. The levy last time raised \$72,000. However, the natural increase in the assessment rolls will probably bring it up to the higher figure. All members of the board were present, including J. H. Viele of Norfolk, A. L. Caviness of Fairbury, T. J. Majors of Fort, J. R. Gettys of University Place, Dan Morris of Kearney, State Treasurer Hall and State Superintendent Thomas.

SUPERIOR LICENSE ELECTION DID NOT PASS ON ISSUE

SUPERIOR, Neb., April 13.—(Special.)—The dry forces of Superior hope to continue Superior as a dry town in spite of the thirty-six majority for the wet last Tuesday. The question was submitted on a "for license" or "against license" placed at the head of the ticket, and their attorney holds the same as the Kearney attorneys do, that no specific license was stipulated, and the election is invalid, and that all they will have to do is to serve an injunction on the council and it will be up to them to call another election or not.

Spring Medicine

Hood's Sarsaparilla, the Great Blood Purifier, is the Best. Spring sickness comes in some degree to every man, woman and child in our climate. It is that run-down condition of the system that results from impure, impoverished, devitalized blood. It is marked by loss of appetite and that tired feeling, and in many cases by some form of eruption. The best way to treat spring sickness is to take Hood's Sarsaparilla. This old reliable family medicine purifies, enriches and revitalizes the blood. It is an all-the-year-round alternative and tonic, and is absolutely the best Spring medicine. Get your blood in good condition at once—now. Delay may be dangerous. Ask your druggist for Hood's Sarsaparilla, and insist on having it, for nothing else can take its place.—Advertisement.

HUDSON 1550 The Light Six As It Will Be 7-Passenger Phaeton 3-Passenger Roadster We Buy Cars To Compare with the Hudson We buy about every new model which seems good enough for others to buy. We take them apart. We compare their road service with Hudsons. Hudson engineers know the good things developed anywhere. Any feature we omit is left out for good reason. Each car has some unique feature—differences on which to base claims. But practically all those features have been refused or discarded, or bettered in Hudson cars. Even Extra Weight Extra weight is featured as a virtue in some Light Sixes. The truth is that every needless pound is expense. You pay for it daily in fuel and tires. An extra of 450 pounds is the weight of three adults, to be carried constantly. It is the lightest of its type. But lightness requires skillful designing, costly materials, aluminum, special steels, etc. It also requires time. Four years were spent in attaining the refinement you see in this Hudson. Those are the real reasons why other Light Sixes are heavier than Hudsons. Is Hudson Right? Nearly every motor car buyer seeks lightness today. He is weary of overtax. And he wants all the lightness he can get without sacrificing strength. HUDSON MOTOR CAR CO., Detroit, Mich. The Hudson service which goes with Hudson cars will surprise you in its extent and completeness. Let us explain it. 2563-67 Farnam St., Guy L. Smith. HUDSON Light Six Sold by

Hupmobile CAR OF THE AMERICAN FAMILY Ask the Woman Who Drives One woman who drives a Hupmobile, spoke for all others when she said: "I feel when I am driving the Hupmobile as though I were a part of the car—or as though it were a part of me." She meant, of course, that the Hupmobile responded immediately to every impulse or direction she gave it. She meant that it is always as easily and completely under her control as her own movements. She meant that she always feels safe and sure and secure, because she always knows exactly what the Hupmobile will do under any and all circumstances. A woman knows, for instance, that the Hupmobile motor will not stall—and because it can not, therefore it's safest. She knows the turning radius of the Hupmobile is remarkably small for a car of its length. That makes it easy to handle. With a wheelbase of 119 inches, the Hupmobile will circle in a 40-foot street. The motor is so flexible that she gets along with a minimum of gear shifting. The steering is so easy that a child can guide the car almost without effort. The driving seat is made with a scientific regard for her comfort—with a high, restful back, and the seat cushion tilted at precisely the right angle. She gives no thought to emergencies which might require repairs, because she knows that repairs are so few and far between that they can safely be forgotten. The Hupmobile is always a source of pleasure to the woman who drives—or the woman who rides. That's why in every Hupmobile home there's a woman who is a Hupmobile enthusiast. Let us give the Hupmobile merit-test at your convenience. W. L. Huffman Auto Co. OMAHA Distributors for Nebraska, So. Dakota and Western Iowa. \$1200 f.o.b. Detroit 5-pass.
