NIPPONESE STIR UP REBELLION IN CHINA

Sun Yat Sen Believed to Be Acting with Japan in Revolt Against Yuan Shi Kai.

MANY TRAITORS ARE EXECUTED

PEKING, April 18 .- Considering the fact that the Japanese gave assistance to Dr Sun Tat Sen in his rebellion against President Yuan Shi Kai and that Dr. Sun retired to Tokio after the revolt was put down, the report is credited in offi-cial circles here that Hung-Hutze bands from south Manchuria, led by Japanese, are now marauding on the Shantung peninsula in the vicinity of Tsing Tau. with banners inscribed "vanguard of the army against Yuan Shi Kal."

The Chinese government lodged another protest with Tokio Saturday recarding the reported movement of Japanese troops in Shantung, and also, it is inderstood, alleging that Japanese troops prevented Chinese troops from pursuing bonds of brigands near Tsime, in neutral territory north of Tsing Tau.

Chinese government reports are said to confirm the newspaper accounts of an alleged agreement between Dr. Sun and Japanese agents for Japanese- support with money and arms and men for another revolution.

Numerous executions in several centers, including Peking, of emissaries of Dr. Sun are now taking place, the law in China not being sufficiently advanced to give these men fair trials. Little beyond the denunciation of alleged offenders by detectives is necessary to bring about

"Respecting the fact that Frank was not present in the court room when the verdict was rendered (his presence having been waived by his counsel, but without his knowledge or consent), the Georcourt held that because Frank shortly after the verdict, was made fully aware of the fact, and he then made a motion for a new trial upon over 100 had that motion heard by both the trial court and the supreme court, he could judicated against him, move to set aside the verdict as a nullity because of his absence when the verdict was rendered. Dissenting Opinion.
Justice Holmes bas his dissent largely on the ground that the finding of the state supreme court on the existence of mob violence at a trial is not binding on the United States supreme court, as was held by the majority. He said he saw no reason for adopting a sterner rule in criminal appeals than in civil appeals and held where questions of law and fact were intermingled in civil cases, as
