Operating Company is Unable to Meet Bills and Court Appoints Mudge and Dickinson.

STOCK DROPS TEN POINTS

CHICAGO, April 20 .- The Chicago, Rock Island & Pacific Railway company was placed in the hands of receivers in Judge Carpenter's branch of the United States district court here today. The stock dropped 10 points on the New York Stock ex-

The company admitted its inability to meet more than \$5,000,000 in short term notes and other obligatinns due between now and May 1. and the court appointed H. U. Mudge, president of the company, and Jacob M. Dickinson, former secretary of war, receivers.

Application for the receivership was made by the American Steel Foundries company, which has a claim of \$17,000 against the defendant. A. C. Ridgeway, vice president of the company, and W. F. Dickinson, its general attorney, appeared in court. Answering the petition Mr. Ridgeway stated that a receivership was the best means of protecting creditors, bond and stock holders and collaters! interests.

The railroad company owned % per cent of the stock of the railway company, which actually operated the road. It has been in the hands of a receiver appointed in New York for a considerable period.

Rock Island Company Disappears. Inquiry of the legal department of the road as to the present status of the Rock Island company which in turn owned all of the stock of the railroad company, elicited the reply:

"It seems to have disappeared. Its only asset was the callroad company, the stock of which dropped to \$1 or so, and its fate can be imagined with such assets. The bill filed by the minority stockholders seeking an injunction, alleged that the radway's debts aggregated \$358,-000,000. It was stated further that the stock of the company which sold in 1903

Gave Out Statement.

Mr. Barnes' counsel placed only one witness upon the stand. He was John Mc-Grath, Colonel Roosevelt's private secretary. He testified that he gave out the statement complained of to newspaper reporters at Oyster Bay. A partial list of sixty-eight newspapers in which the statement appeared was then read and counse for the defendant conceded that the statement had appeared in them. They also conceded that a detailed statement of the circulations of each of the newspapers entioned was correct.

The case of the plaintift was rested after counsel for both sides had delivered their opening addresses to the jury and one witness heard.
