

WALSH IS PLAYED BY ROCKEFELLER

John D. Asserts Conclusions Drawn from Correspondence Altogether False.

METHODS ARE 'INDEFENSIBLE'

NEW YORK, April 25.—John D. Rockefeller, Jr. gave out a statement yesterday in reference to the correspondence between himself and L. M. Bowers, chairman of the Colorado Fuel and Iron company, which was made public yesterday by Frank P. Walsh, chairman of the United States Commission on Industrial Relations.

Mr. Rockefeller characterizes as false the conclusions which Mr. Walsh drew from the correspondence. Proceedings indefensible. Mr. Rockefeller asserts that Mr. Walsh had drawn inferences without ascertaining whether they were correct, a "proceeding, which is wholly indefensible."

He said further that he would be glad to appear to give additional testimony before the commission at any time, "for we are desirous that the public shall have all the facts."

The statement follows: "On February 13, soon after the hearings in New York of the United States Commission on Industrial Relations, I felt called upon in justice to myself to point out to the public a gross misstatement concerning my evidence, which had been given out by Frank P. Walsh, chairman of the commission. Mr. Walsh today makes another long statement containing many misrepresentations and unwarranted inferences."

Entitled to Facts. "The public is entitled to the facts concerning the allegations, which Mr. Walsh makes, but it is impossible to assemble all the data in time for the Sunday morning papers. I am preparing a statement which will be available for publication on Monday morning."

In reference to Mr. Walsh's announcement of his intention to call my associates and myself to give further information in regard to the Colorado strike, I need hardly say that we shall be glad to appear at any time, for we are desirous that the public shall have all the facts.

Waive Legal Rights. "To that end, we have already testified with great fullness, have waived all our legal rights, and have supplied the commission without any subpoena duces tecum all the information, which has been asked for, including a mass of private correspondence."

Mr. Walsh has taken that correspondence as drawn from it, without ascertaining whether his inferences are correct, has made statements and announced conclusions, which are false. Such a proceeding I submit is wholly indefensible on the part of the chairman of the body holding a commission from the government of the United States."

QUINBY WOULD ABOLISH SENATE

(Continued from Page One.) wooden Indians saw to it that these men were not investigated."

"I went down to the senate on a campaign for a tax reform amendment to these constitutions. But, of course, I was up against the famous sixteen wooden Indians on that."

"Another of the crimes of the legislature was the defeat of the constitutional convention. The legislature has repeatedly refused the demand for a constitutional convention, and in this session the bill was stopped by the sixteen wooden Indians. It never got out of the sifting committee. The sifting committee was made up of seven men, five of whom were of the wooden Indians. I tried to bring it out by moving on the floor of the senate that it be brought out, in spite of the sifting committee's ruling. But against the solid nineteen were against me and the bill died in the committee."

House of Better Type. Senator Quinby characterized the house members as a higher type than the senate members. He declared also that aside from a few progressive measures affecting largely Omaha, the legislature had done nothing at all worth while.

"It is a shame," he said, "that 122 men should get together once in two years and spend sixty days and more and do nothing but pass one or two bills that when sited right down are simply to the interest of some one or two men in a given section of the state who hope to gain some special favor through their passage. But we are out of the bills passed at the last session were of this character."

PLEADS FOR WORLD MEET OF JEWS TO AID BRETHREN

NEW YORK, April 25.—A plea for a world congress of Jews to aid their brethren now engaged in the European war was made here tonight by Louis Marshall at a gathering of leading Jews affiliated with Jewish organizations for the sixth annual Kahliliah, or community. Mr. Marshall said the Jews of America should form the nucleus of such a congress.

YOU WILL FEEL

So much better and younger! Your general health will improve! You will enjoy good nourishing food again if you will try this standard stomach tonic. The blood, the brain, the heart, brain and lungs will get the nutrition they have been crying for. Your skin will clear up. Backache and rheumatic twinges will disappear. In such cases reliable physicians recommend and use GOLD MEDAL Hearton Oil Capsules. They are a standard world-wide remedy prepared in Holland for over two hundred years by a special process, combining healing antiseptic oils with tissue building herbs. This is a natural home remedy, which can be tried for very little money. Therefore until you have tried the only way to tell the pure, original article, imported from every month from Holland, is by buying GOLD MEDAL. There are counterfeits, but none other genuine. Your druggist can get GOLD MEDAL if you insist. They are carefully tested by United States Government chemists before being admitted into this country. Therefore be safe and refuse a cheap imitation, as they may be harmful. Imported only through the American Office of the Genuine Hearton Oil, 112 E. 11th St., New York City. 50c and \$1.00. Money refunded if they do not help you.—Advertisement.

SAMSON SEEKS SOME SINGERS

For His Chorus, King Ak Is Sorely in Need of Men Who Have Voices that Can Be Heard.

ORDER FOR TRYOUT ISSUED

A distress call for singers, real choruses, is going out from Gus Renze, Ak-Sar-Ben artist, who wants to get up a good chorus of voices for the various stunts in Ak-Sar-Ben's big road show for this year. The seating capacity of the Den has been increased by about one-third, so that it is estimated it will take 200 lusty voices to give volume to fill the room.

"I could sing rings around that bunch, if I'd only been asked," has frequently been said by timid members in years gone by. Khosh on that note this year. "You are asked right now. Don't be bashful, step right up and push the loud pedal. If there is music in your makeup, we'll extract it; if not, we will let you give the college yell: 'Samson, Samson, we're his men, we're the Knights of Ak-Sar-Ben,' or wrestle the bear," says Renze.

Charles Gardner, Henry Dunn and Billy Lawrence have adopted a unique method of lung expansion by holding a funnel between their teeth when speaking their autos after dark. Oscar Lieben sprained his ankle recently directing an imaginary chorus in front of a mirror. The song rehearsals will begin shortly after May 1, and as none but members are allowed at the Den, it will be necessary to push name and filing fee over the counter at Dad Weaver's office, Seventeenth and Douglas streets, at once to be among the eligibles.

Announcements of rehearsal dates will be made next Sunday. A regular meeting of the board of governors is to be held Monday evening at the Hotel Fontainebleau.

GIBSON BOOSTERS ENDORSE THE 'INS'

(Continued from Page One.) have had the front page many times and that is what I want, good or bad. "Simon was wrong when he said the News spent \$25,000 trying to corrupt me. The News spent \$27,000 to get a weakling to commit a crime. The paper has done nothing for Omaha but take money out of the pockets of the people and send it to St. Paul. I want somebody to dispute that statement."

Metcalfe a Prohibitionist. "Who is the man you should buy chips in this game? Metcalfe is a prohibitionist. If they fool with me I will tell some things before the week is over. I see that fair women are going to help the anti and if they do I will tell them some stories that will send them back home."

"The question is, do I make good during business hours? Do I deliver the goods? I think I know something of city affairs after nine years' experience. I am proud of my record."

"I can guarantee Simon to you all. If you cut Simon you will elect Zimman. I ask no quarter nor will I give any quarter, for I'm going to the wire with these zazabos."

Friend of Pardons. "When I give a pardon to a boy or a girl for a father I look up to my Maker and give thanks for having been given a kind and generous heart. What would Zimman do if he were elected mayor? You could strike a match anywhere within 400 yards of the city hall and he would blow up."

"If elected we promise to use our efforts to defeat prohibition, which will be the big issue in this state."

Edward Simon caught the crowd with his forceful talk and fine voice. "I think you are going to have an opportunity to see me often after the fourth of May, so I thought I would let you measure me this afternoon, from my shoes to my head. I expect the opposition will resort to all sorts of questionable tactics and tricks to place their men in power," he said in opening.

Cannot Be Bought. "The organ of the anti spent \$25,000 to find that Jim Dahlman and the other commissioners are incorruptible and on the square. This paper will resort to all sorts of dirty politics in an attempt to tell you that we are not on the square. This paper now pretends to be for the people. This paper has given Omaha a black eye, but it is now convinced that the man whom you elected three years ago for mayor cannot be bought."

He declared that one of the anti had an opportunity as councilman and mayor for nine years to show he was for the people; that in 1908 Zimman as councilman cast the only vote against a raise from 2 1/2 cents to 3 cents per hour for the street sweepers.

Other Commissioners Speak. Commissioners Butler, McGovern, Hummel and Kugel spoke briefly of the workings of their departments. Mr. Kugel asserted that his brother-in-law, C. Y. Warfield, authorized the announcement that his name had been used by the anti on their list of committeemen without authority, and that Warfield was for the administration ticket.

The administration campaign committee announces these meetings for tonight: Washington hall, under the auspices of Creighton students and alumni; Quinby's hall, Sixteenth and Comins streets; Holm's hall, Twenty-fourth and Burdette streets.

Hundreds Go Mad in The Battle Trenches

GENEVA, Switzerland (Via Paris), April 25.—Dr. Scherer of Lucerne returned to Geneva today from a visit to the war asylum at Oberwiesenthal, near Munich, Bavaria. "I never realized the depth of the war horrors," said Dr. Scherer, "until I saw there hundreds of men, mostly young, who had gone mad in the trenches. Some lay quietly, oblivious to their surroundings, others with burning eyes watched every movement of the visitors and attendants."

ITALY ASKS STILL MORE OF AUSTRIA

Vienna Makes Further Concessions, but Quirinal Not Satisfied and Rattles Sword.

TWO MILLIONS AWAIT ORDER

ROME (Via Paris), April 25.—The council of ministers, which was to have held this afternoon to discuss the international situation, was postponed. This was interpreted to mean that Baron Zonnino, minister of foreign affairs, contrary to expectation, was not ready to communicate anything definite to his colleagues regarding the negotiations with Germany and Austria.

It is reported that Austria has made further concessions in the endeavor to preserve Italian neutrality, but it is said that these are not satisfactory to Italy.

Great Excitement Belongs. It is stated that Baron Zonnino is obdurate in the demands representing a minimum of what Italy expects. Great excitement reigns here and in Vienna, and in Berlin over the negotiations.

Frederic Salandra and Baron Zonnino frequently see King Victor Emmanuel and discuss the matter after interviews with Prince Buelow, the German ambassador in Rome and Baron de Macchio, the Austrian ambassador.

Italy's military preparations already are nearly perfect and they are daily becoming more complete.

High Praise Given Canadian Soldiers in Flanders Fight

OTTAWA, Ont., April 25.—Praise for the Canadian troops in the fighting of this week is contained in a cable message received today by General Hughes, minister of militia, from Lord Brook, staff officer to Field Marshal French, which read: "Hearty congratulations on magnificent behavior of Canadian troops."

The severity of the fighting in which the Canadian first expeditionary division has been engaged is indicated by a preliminary casualty list which reached General Hughes tonight.

An incomplete list of casualties to officers in the two days' engagements shows that thirty-one officers were wounded and one killed—Major J. MacLaren Brandoman.

From this, it is calculated that the casualty list of non-commissioned officers and men will contain between 600 and 800 names. The reports state that the Canadians were engaged in severe fighting through Sunday, April 24—and that the fighting is still going on.

The Canadian heavy battery of 4.7 inch guns which was lost on Thursday or Friday and afterward retaken by the Canadians, was not located behind the lines of Canadian infantry, but behind the French lines, immediately to the left of the Canadians' rear. The French were driven from their position by asphyxiating bombs.

Allies' Aircraft Fly Over Smyrna

PARIS, April 25.—Allies' aeroplanes are showing great activity over Smyrna, says a special dispatch from Saloniki. A French aviator recently dropped two bombs at Fort Kastor, killing several soldiers, another sank a German ship lying in port, and a third struck the railway station.

FIGHTING DAUGHTERS WANT DISARMAMENT

WASHINGTON, April 25.—A single session today concluded the twenty-fourth continental congress of the Daughters of the American Revolution, which has been meeting here this week.

The report of the peace committee of the congress presented today by Miss Janet Richards of this city, urged international disarmament and the establishment of an international police and an international court.

Your Sick Child Is Constipated! Look at Tongue

No matter what ails your child, a gentle, thorough laxative should always be the first treatment given. If your little one is out-of-sorts, half-sick, isn't resting, acting and acting naturally—look, Mother! see if tongue is coated. This is a sure sign that its little stomach, liver and bowels are clogged with waste. When cross, irritable, feverish, stomach sour, breath bad or has stomach-ache, diarrhoea, sore throat, fall of cold, give a teaspoonful of "California Syrup of Figs," and in a few hours all the constipated, undigested food and sour bile gently moves out of its little bowels without griping, and you have a well, playful child again.

GERMANS POUR FRESH ARMIES INTO FLANDERS

(Continued from Page One.) trench, promises to be one of the bitterest and bloodiest of the war. Telegrams from Holland tonight tell not only of the movement of German reinforcements to the front, but of long trains of dead and wounded which are passing to the rear—a condition of affairs which also must exist in the rear of the allied army. The outcome of this battle is awaited with the utmost eagerness.

MONEY MAY BE MADE IN GARDENS

Omaha Boys and Girls Are Making Large Profits in Tilling Some of the Vacant Lots.

WORK ALONG BUSINESS LINES

Gardening is a serious business with many of the school children enrolled in the Garden club movement, according to City Club Leader Dale, and the youngsters are going about it in a business-like way.

Harry Dewey, 12-year-old son of County Clerk Frank Dewey, has two gardens, 40x60 feet each, at his home, 452 North Thirty-ninth street, and already has peas and beans so far advanced that he will be able to market them at fancy prices several weeks ahead of the average gardener.

Young Dewey, who attends Central Park school, cleared \$5 last year in a gardening partnership with his brother, William. This season, his third as a gardener, he also has started a big garden, 100x130 feet, at Forty-second and Taylor streets, as his entry in the school garden competition. City Club Leader Dale says the boy has the best garden in that part of the city now, and if frost does no damage, it will give him a nice profit from early vegetables.

Another business-like gardener is Rhea Hartmeyer of Monmouth Park school, Dale asserts. She grew five crops of beans last summer and took prizes for gardening. She is saving prize money and garden profits with which to buy a lawn mower. She lives at 3222 Manderson street.

Three hundred and sixty-three boys and girls of twenty-eight schools have enrolled in the garden clubs, and the sixteen schools not yet heard from, including big ones like Mason, Farnam and Howard Kennedy, are expected to raise the total to over 500.

Five Thousand More Men Added to Idle List in Windy City

CHICAGO, April 25.—Five thousand more men were added to the list of 125,000 unemployed in Chicago today, when practically all of the eighty big lumber yards in the city closed, pending settlement of the carpenters' strike. The question of the lumber men was due chiefly to a lack of demand for their wares.

SPONSORS OF PRIMARY OBJECT TO ITS APPEAL

HURON, S. D., April 25.—(Special.)—The act of the Byrnes-Norbeck administration in repealing the primary law, enacted by a direct vote of the people, has stirred up the prominent leaders of the state administration of 1907 and 1908, who were the original progressives in this state, and responsible for the adoption of the initiative and referendum into the South Dakota state constitution.

Father Robert W. Halre of Aberdeen, Governor Andrew E. Lee of Vermilion, Senator L. N. Crill of Elk Point, Senator James A. Grant of Clark, H. J. Loucks of Watertown and others have addressed a joint communication to R. O. Richards of this place, urging him to press forward for the freedom of the ballot and supremacy of the people by making a thorough test of the state administration's act in our state courts, and federal courts, if necessary.

BRANTWOOD POSTMASTER REGAINS HEALTH BY MEANS OF AKOZ

Carl R. Sorenson, Formerly of Twin Cities, Relieved of Neuralgia, Rheumatism and Kidney Trouble.

Carl R. Sorenson, postmaster at Brantwood, Wis., and manager of the general store in that town, who is also a prominent Mason, Elk and Woodman, with many friends in the Twin Cities, where he was formerly in business, has at last found relief from rheumatism and kidney trouble of 3 years' standing by using Akoz, the new California medicinal mineral.

"I would not be without Akoz," said Mr. Sorenson, "I suffered several years with rheumatism and kidney trouble. I saw Akoz advertised and bought a treatment. I can praise Akoz very highly as I am feeling greatly improved in every way."

"I was also troubled with neuralgia of the head before I took Akoz. I have had no pains of late at all. I can and will recommend Akoz to all my friends as I am very much pleased with the results. I am an Akoz booster."

Many others are reporting most gratifying results after using Akoz for rheumatism, stomach, kidney, bladder, and liver trouble, diabetes, Bright's, catarrh, eczema, piles, congestion and other ailments. Akoz is a natural, mineral, harmless and pleasant to take. It is not a patent medicine or compounded with drugs. Akoz is now being introduced in Omaha at Sherman & McConnell's 14th and Dodge streets store. Visit phone or write the Akoz man for further particulars regarding this advertisement.
