

BRIEF CITY NEWS

Have Most Print B.—Now Reopen Press... Today's Complete Movie Program... classified section today, and appears in The Bee EXCLUSIVELY.

One of the Prettiest Spots in Omaha is the court house lawn, directly opposite the Bee Building.

The State Bank of Omaha pays a per cent on time deposits and on savings accounts.

Gas Range Demonstration.—This week a special demonstration of A. B. gas ranges is being held at Milton Rogers & Sons.

Music for Library.—Three volumes of vocal and instrumental music have been donated to the public library.

Burlington Officials Go West.—General Manager Hildreth and Assistant General Manager Groves of the Burlington have gone west on a tour of inspection of the company lines in Nebraska.

Bernstein Addresses Menorah Society.—Prof. Nathan Bernstein delivered an address on "The Jew as an American Citizen."

Man Thought to Be Dying Would Give Evidence for Suit

Believing that he is dying in Clarkson hospital of a chronic disease, Carl F. Storz, 20 years old, son of Charles Storz, has filed an application in district court, asking that his testimony be taken immediately in his suit against the Travelers' Insurance company.

Private Autos May Tour Yellowstone

Realizing the importance of Omaha as a point from which tourists start, the Wylie Way company that makes a specialty of handling parties through Yellowstone park is opening an office in this city.

General Tourist Agent Hays of the Wylie Way company is in the city and is enthusiastic over the outlook for business during the coming season.

After August 1, according to orders issued by the government, privately owned touring cars and automobiles will be allowed in the park, but not any that will carry people for pay.

Although Caruso has been obliged to leave America earlier than usual this season because of a long deferred engagement at Monte Carlo, it is a consolation to many that he has left his voice behind him in the shape of some new Victor records and that two of these new numbers have just been issued.

GOOD RAINS IN GRAIN BELT BRING ALL PRICES DOWN

Reports of fairly good rains over a greater portion of the wheat and corn belt resulted in all grains declining on the Omaha Grain exchange.

Decatur Men Here to Talk on Navigation

Five business men from Decatur, Neb., conferred with the navigation committee of the Commercial club Tuesday evening with regard to the establishment of a river barge line between Decatur and this city.

MAKES 31 Feet Like 18. "I suffered with kidney ailment for two years," writes Mrs. M. A. Bridges, Robinson, Miss., "and commenced taking Foley Kidney Pills about ten months ago. I am now able to do all my work without fatigue. I am now 61 years of age and feel like a 18-year-old girl."

SLATE MAKERS GETTING FEVERISH

Knights of Luther Put Out Cards Giving the Religion of the Fourteen Nominates.

ZIMMAN SAYS HE IS A POOR MAN

The slatemakers are getting spring feverish in the concoction of all sorts of combinations. The Knights of Luther cards bear the names of the fourteen candidates, with reference to the religion of these candidates or their families.

Another card is headed, "German-American Nonpartisan League," and carries the names of Dahman, Hummel, Kugel, Withnell, Butler, Jardine and Drexel.

Some with Blanks. Many other tickets are out, some having blank spaces for those who wish to fill in two or three names.

Harry B. Zimman takes exception to an attack made by an administration speaker, who declared at a meeting that Zimman started not many years as a grocery clerk, worked for the city nine years at \$10 a month, and after he retired from office was rated at \$76.00 by a commercial agency.

The fact is that when I left the public service I was a poor man and I am a poor man today. The statement made by this city hall man is a lie and I stand ready to prove that it is a lie," says Mr. Zimman.

The Nonpareil Athletic club, which announced an administration meeting for Thursday evening on Vinton street, has postponed that event.

A. L. Sutton, Thomas Hollister, L. L. Melvaine and the anti-candidates will speak Friday evening at Magnolia hall, Twenty-fourth and Ames avenue. The anti has arranged another schedule of street meetings for this evening.

All Kansas City is Watching the Omaha Auditorium Deal

Even the Kansas City Commercial club is watching the movement in Omaha for the purchase of the Auditorium, the bond issue for which is to come up at the election May 4.

Commissioner Forsee has the following to say in his letter. "My attention has been called to the fact that Omaha is facing the question of raising its Auditorium. An article in one of the Omaha papers yesterday stated you were very much interested in this proposition and that you were attempting to get the people of Omaha to purchase the Auditorium as city property."

"To us in Kansas City, who look upon Omaha with as much pride as we do upon our own city, it hardly seems right that you should be called upon to put forth such efforts. Public spirit should prompt almost a unanimous response to such a movement as that of a city owned Auditorium, especially when your citizens can acquire one worth \$300,000 for \$100,000."

"Knowing Omaha and its citizens as well as I do, I hardly feel that your bond issue will not carry, and for that reason I am going to congratulate Omaha on having a public Auditorium."

Strengtheners Sore Back. Helps Kidneys. Take six drops of Sloan's Liniment four times a day and apply to small of back. It kills the pain. All druggists.

HOWELL STARTS LONG DRIVE

U. S. District Attorney Must Be in Chicago Friday Morning—Is a Novice at the Wheel.

HE SCORNS SMOOTH RAILROADS

Yesterday morning a big automobile was seen gliding rapidly across the Douglas street bridge eastbound. At the wheel was a man with stern set features and a faraway look in his eyes.

The man was Frank S. Howell, United States attorney. The look in his eyes was about 200 miles away, that is to say, Chicago.

Government business demands the presence of Mr. Howell in Chicago Friday. True, gentle reader, there are several fairly reliable railroads running trains daily from here thither, but Mr. Howell scorned their rapid, smooth, luxurious trains. For Mr. Howell became an auto bug about two months ago, and now is never quite happy unless he is driving his car.

But 22.4 miles in two days! "Some speed, Frank," his friends are apostrophizing.

Certain suspicious persons there are who suggest that it will be easy enough for the United States attorney to leave his car at some obscure garage in, say Clinton, take the train from there to Chicago and back, and then drive triumphantly into Omaha in the car and look wise when friends gaze upon him as the demon motorist.

Jealousy and envy probably instigate such remarks. They are really not worth listening to. Make your own bets.

Saunders Not to Go Back to Water Board Position

Unless his present determination is changed, State Senator Charles L. Saunders will not go back to his position as office manager for the water board, which he had held since the city's acquisition of the plant. The senator relinquished the place January 1 to go to Lincoln for the legislative session, as he had done two years before, but he has now told friends that he was going to devote himself to his own private business. He expects to leave in a few days to bring his mother home from Washington, where she has been spending the winter with her daughter, Mrs. Russell Harrison.

Old Con Game of Wire Tapping is Nipped

That a band of expert con men have been successfully operating the old wire tapping game in Omaha hotels is the belief of County Attorney Magney, who is preparing an information which will be filed against J. W. Williams, alias Fowler, for obtaining money under false pretenses.

Williams is charged with conducting a wire tapping game for the purpose of tricking Charles J. Carlson, a farmer from Oakland, Neb., out of a considerable sum of money. It is alleged that Williams last January informed Carlson he had a sure way to win bets on a horse race by tapping a wire running into a pool room. Carlson was permitted to win a few small bets to assure him that the method was successful. Upon his satisfaction he was sent home to Oakland to get \$1,000 to make the big killing. Carlson did so and dropped the wand.

A hint of the operation was dropped a few days ago by another intended victim and Magney got on his trail. Williams was arrested this morning by Detectives Donohue and Haverly.

WARDEN FENTON OF STATE PEN TELLS OF BALL TEAM

Warden W. T. Fenton of the Nebraska state penitentiary was a visitor at the city jail Wednesday morning. Warden Fenton declared that a base ball league had been formed in the little city of which he is the head. The prisoners play a number of games a week, in which a great deal of interest is taken by their fellows. A careful compilation of the standing and averages of the teams and players is being kept by the "fans."

Suit of Water Board Against Packers is in Federal Court

Judge T. C. Minger has begun the hearing in federal court of the suit of the Omaha Water board and the City of Omaha against the City of South Omaha, the Union Stock Yards company and the Armour, Swift, Cudahy and Omaha packing companies.

Plaintiffs seek to enjoin the effect of South Omaha from putting into effect a certain ordinance which was passed granting to the Union Stock Yards company the right to lay water mains in the streets and alleys of South Omaha.

Several years ago just after the City of Omaha took over the water works, the Water board proceeded to boost the price of water supplied to the packing houses and stock yards to a figure which was prohibitive. The packing houses and the Union Stock Yards company thereupon built a water plant of their own with mains, reservoir, pipes, etc., thus getting their water supply at a lower rate than that which the Water board sought to collect and at the same time depriving the Water board of its business.

The suit was filed January 28, 1912.

Cast Selected for High School Play

After a good deal of hard work on the part of Coach Mills and Miss Jessie Towner the majority of the leading characters in the play "Richard Carvel" to be given by the senior class of the high school have been chosen and a rehearsal of the first act was held Tuesday evening.

Harriet Sherman has been selected to take the leading part of the girls which is "Dorothy Manners of Maryland" and Paul Fiothos is to take the part of Richard Carvel. Both of the characters are exceptionally good for the parts that the coach has chosen for them and the first rehearsal went off in grand style.

The remainder of the characters that have been picked are as follows: Paddy Sawin—Margaret Hoffman, the second lead among the girls. Betty—Geraldine Johnson. Mrs. Manners—Lena Linsey. Jane—Quito Eddy. Lionel Carvel—Phillip Chase. Lord Comyn—Porter Allan. Captain Lewis—Arthur Shrum. Mr. Manners—Phillip Gilmore.

The play is to be given on May 28 on the east side just four weeks in which to work it up, but Mills says that with the material he has on hand it will be an easy matter to be ready on time.

ST. LOUIS EDITOR TO TALK BEFORE KNIFE AND FORK CLUB

Paul W. Brown, editor of the St. Louis Republic, author and traveler, will speak before the Omaha Knife and Fork club at the Rome hotel this evening on "How Uncle Sam Regulates His Own Business." The occasion will be the third annual dinner of the club.

Comb Sage Tea Into Gray Hair

Ladies! Try this! Darkens beautifully and nobody can tell—Brings back its gloss and thickness.

Common garden sage brewed into a heavy tea, with sulphur and alcohol added, will turn gray, streaked and faded hair beautifully dark and luxuriant. Remove every bit of dandruff, stop itching and falling hair. Mixing the Sage Tea and Sulphur resin at home, though, is troublesome. An easier way is to get the ready-to-use tonic, costing about 50 cents a large bottle, at drug stores, known as "Weyth's Sage and Sulphur Compound," thus avoiding a lot of fuss.

While wispy, gray, faded hair is not infrequently a sign of old age, it is also a sign of weakness and lack of vitality. By darkening your hair with Weyth's Sage and Sulphur, no one can tell, because it does it so naturally, so evenly. You just dampen a sponge or soft brush with it and draw this through your hair, taking one small strand at a time; by morning all gray hairs have disappeared. After another application or two your hair becomes beautifully dark, glossy, soft and luxuriant and you appear years younger.—Advertisement.

Lincoln Demos Trip Into Omaha, Then Fly Back to Capital

Governor J. H. Morrhead and a number of prominent democrats of the state were registered at the Paxton hotel Tuesday night. They left the same night or early Wednesday morning, and the purpose of their gathering here was not disclosed.

Among them were Colonel Blaher of Lincoln, Judge Alberts of Grand Island, ex-Senator Ollie of Ord, Senator Allen of Madison and Legislators Phil Kohl and E. E. Plack.

KNIGHTS OF COLUMBUS SEND CHECK FOR GARDEN CLUB

The Omaha council of the Knights of Columbus at the regular meeting held Tuesday night, voted \$100 to assist in defraying the expenses incident to the Omaha garden club. The order, which is

Special Federal Grand Jury is to Be Called Here Soon

Catholic, desires to give this sum to help in this work because of the large number of Catholic school children who might be benefited. The check was sent to Thomas Fry who is a member of the school board and of the Garden club.

Such a large number of federal prisoners have been bound over to the grand jury and are now in jail that it has been practically decided to call a special grand jury to consider their cases, in view of the fact that the next regular grand jury will not sit until next September.

The new "dope" law and the law making it a federal offense to rob box cars containing interstate shipments have brought and are continually bringing such an extraordinary mass of business into the criminal branch of the federal court that the usual grand jury sittings are not sufficient.

Edward King, accused of having more than a grain of morphine in his possession, was bound over to the grand jury Wednesday after a hearing before United States Commissioner Daniel, and was taken to the Hall county jail at Grand Island.

FOOD INSPECTOR ROUNDS UP DELINQUENT GROCERS

Sophias F. Neble, Jr., former deputy county attorney, is now energetically operating in Omaha as State Food Inspector. Mr. Neble is making the rounds of the butcher shops and grocers of the city and those who are not keeping a clean establishment had best beware, as Sophias will hand them into court. Before Justice of the Peace Ed Lester the following men were fined \$10 and costs each as the result of his recent activities: E. J. Carvel, butcher, 1066 South Twentieth street; F. Frisch, grocer, 1923 South Twentieth street; M. Davidson, grocer, 238 South Twentieth street, and E. Karsch, butcher, 1310 Vinton street. All pleaded guilty with the exception of the latter, according to Mr. Neble.

Blatz is the most popular BEER? Because it has a taste and individuality that cannot be equalled. Because it is brewed so carefully and under such sanitary conditions that it is absolutely pure. Because it is so nourishing, so appetizing and so uniformly good that it is enjoyed by every member of the family. Because every user is constantly singing its praises and will use no other. Always the same Good, Old BLATZ. These arguments cannot be gainsaid—Blatz Company OMAHA, NEB. Phone Douglas 6962 802-810 DOUGLAS ST.
