

BIG VANCOUVER BRIDGE IS BURNED

Great Connaught Viaduct at Cambie Street Destroyed by Blaze of Incendiary Origin.

ANOTHER STRUCTURE DAMAGED

VANCOUVER, B. C., April 29.—Fires believed to be of incendiary origin started nearly simultaneously early today in the Cambie and Granville street bridges, connecting the business and residence portions of this city. Car service was demoralized.

Some police officials admitted a theory that the fires were part of a plot of incendiaries to burn the city. Aside from the bridges, however, no attempts at arson were discovered, so far as could be learned.

Thousands of persons blocked on their way to work watched the flames surmount the wood and tar pavement of the great Connaught bridge at Cambie street. The damage here is estimated at \$300,000. The frame of the bridge is steel. The flames gradually burned themselves out. The fire at the Granville street bridge, a mile from the Connaught bridge, also was in the pavement. It was extinguished in a few minutes.

Over 25,000 People Suffer from Typhus Scourge in Serbia

NEW YORK, April 29.—The Rockefeller Foundation War Relief commission made public tonight a report on destitution and disease in Serbia, in which it was stated that on March 10 probably from 25,000 to 30,000 persons were suffering from typhus in Serbia and that this and other epidemics were "swiftly enveloping the entire nation."

The report was transmitted from Berlin. Cholera was at that time expected with the arrival of warm weather and no preparations had been made to combat it, the report said. Probably 300,000 persons were destitute. Neither the Serbian government, absorbed in the war, nor the people themselves were able to control the situation, which the commission described as not only a "menace to the health of the Serbian people, but of the whole world."

PIMPLES ON FACE ITCHED AND BURNED

Also on Neck. Painful, Large and Very Red. Lost Many Nights' Sleep. Used Cuticura. Face and Neck Free From All Pimples.

317 Hughes St., Dayton, Ohio.—"My wife had pimples on her face and neck ever since she was a little girl. Her face would get so sore at times that she could hardly wash it. It was a very painful condition which caused the loss of many nights' sleep. The pimples were large in size and very red. They would itch and burn so she would scratch and pick at them until they would bleed. The breaking out was so thick that I couldn't put my finger on her face without touching at least two of the pimples. I sent for a sample of Cuticura Soap and Ointment which she applied and she got instant relief. I immediately purchased two more boxes of Cuticura Soap and one box of Cuticura Ointment. When this supply was used up her face and neck were clear and free from all pimples." (Signed) Mrs. C. L. Brown, Oct. 5, 1914.
