

HOWELL ON STAND FOR WATER BOARD

Would Stop the Stock Yards from Operating Its Own Water Plant.

PACKING HOUSES INTERESTED

R. B. Howell, general manager for the water district, was on the witness stand for a short time in federal court, where the injunction suit of the Water board against the City of South Omaha, the Stock Yards company and the packing houses is being tried.

The Water board is seeking an injunction preventing the city of South Omaha from putting into effect the ordinance by which it gave the defendants the right to lay water mains through the city's streets.

Mr. Howell gave way to Stanley J. Bonowitz, South Omaha engineer, who answered questions regarding the city's streets and the defendants' properties and to City Clerk Wheeler of South Omaha, who identified copies of the ordinance in question. Mr. Howell will take the stand for a more extended examination after these details are fixed.

Burlington Man is Elected President of Jobbing Grocers

John Egan of Burlington, Ia., was elected president of the Iowa and Nebraska Wholesale Grocers' association at its final session of the annual convention at Hotel Fontenelle. H. B. Granger of Lincoln was chosen vice president for Nebraska and George E. Lachy of Waterloo was made vice president for Iowa.

Lads to Get Money for Dandelions at Both Ends of Game

Fighting dandelions in the special prize competition and warfare against the yellow pests started recently by Mrs. Arthur C. Smith is proving profitable to the boys in a business way as well as in connection with the contest.

They are playing boys ways from the middle, as the saying goes, and are collecting 20 cents a bushel from home owners for digging the dandelions as well as getting credit for their work toward winning Mrs. Smith's \$10 prize. They have earned many dollars in that way and at the same time are all the nearer to winning the other money.

Officer Wade Finds Nebuchadnezzar is Returned to Earth

Those who doubt the belief of reincarnation have but to journey to the confines of the city jail where safely ensconced behind iron bars is Nebuchadnezzar, the first green grass eater of history. Neb has come back to this terrestrial globe and taken unto himself the name of John Andrews, but still has a taste for sword that shows no abating. Neb was arrested at Twenty-eighth and Dorcas streets, where he was down on all fours consuming large quantities of embryonic hay.

CHICAGO MAYOR PROCLAIMS STRAW HATS ARE ALL O. K.

C. L. Patterson, special agent for the Union Pacific, is back from Chicago and there he noted yesterday that a large number of the men of the city were wearing straw hats. Said Mr. Patterson: "It has been the custom to wait until June 1 before donning straw hats in Chicago, but Wednesday morning the mayor issued a proclamation authorizing the wearing of such hats at any time, regardless of all former precedents. The result was that before night straw hats on the street were as numerous as in late summer."

NORTH LAWN OF COURT HOUSE TO BE LIGHTED

Plans for a lighting system for the approaches and grounds on the north side of the court house, prepared by John Latenser, architect, were approved by the county board, which will advertise for bids for granite and red bronze shafts and glass globes, which will be required.

Commissioner Lynch, chairman of the building committee, was advised by Mr. Latenser that the probable cost of the proposed electrical system would exceed \$5,000.

RAILROADERS REPORT CROP PROSPECTS GREAT

Union Pacific officials who have returned from out in the state assert that there has never been a time in the history of Nebraska when at this season of the year the outlook for a heavy wheat crop was as good as now.

Planting for corn is progressing rapidly and many fields have been planted. The oat crop is coming up and indications are for a big yield.

Told that There Was No Cure for Him.

"After suffering for over twenty years with indigestion and having some of the best doctors here tell me there was no cure for me, I think it only right to tell you for the sake of other sufferers as there has never been a time that a 25 cent bottle of Chamberlain's Tablets not only relieved me but cured me within two months although I am a man of 62 years," writes J. G. Groble, Houston, Texas. Obtainable everywhere.—Advertisement.

FINDS TRIBE OF BLACK JEWS

Dr. Jacques Faitlovitch Lectures on Them at Temple Israel Last Evening.

THE LOST TRIBE OF ISRAEL

How he found a tribe of 100,000 "black Jews," or Falashas, in Abyssinia, who had evidently been driven out of the "Promised Land" by the fall of the first temple and the invasion of the Assyrians 2,500 years ago, was told Thursday evening at 8 o'clock at Temple Israel by Dr. Jacques Faitlovitch of Paris, a French-Jewish archaeologist, who has done much scientific work and writing about the nation of Hebrews in Africa.

Driven from Palestine. "My discovery of the black Jews, who are of pure Jewish blood, and not negroes, but only dark-skinned because of the torrid climate, was only incidental to my scientific work in Africa," Dr. Faitlovitch said this morning at Hotel Loyal, where he met Rabbi Cohn. "I had heard rumors of a tribe of Jews in Africa, but there had been no scientific establishment of the fact of their existence."

"While in Abyssinia in 1904, I came upon the tribe, which is still living quite apart from Mohammedans and Christians and has preserved its racial characteristics, religion and traditions ever since being driven out of Palestine twenty-five centuries ago."

Lost Tribe of Israel. "They are evidently the storied 'lost tribes' of Israel, direct descendants of the original Israelites of Palestine. They have a fairly complete history of the Jewish race, up to the time of their migration, and they firmly believe when I discovered them that they were the sole survivors of the Hebrew race. They are the nearest approach of any to the Jews of Biblical times."

"I had a hard time convincing them that I was a Jew. Now the other Jews of the world have provided schools and places of worship for them, in order to advance their civilization and protect them from missionary efforts of Mohammedans and Christians. Mentally, morally and physically the Falashas are superior to other tribes in Africa. I have translated their literature into Hebrew and French and find it contains the same stories of the creation, the 'good' and other early history that the Bible does. The Falashas are strict monotheists, although surrounded by polytheism."

NAME OF ALBRIGHT HAS BEEN CHANGED

South Side Section of South Omaha is Henceforth Maple Avenue District.

TO PLANT TREES THIS EVENING

That the idea of a Greater Omaha might be further accentuated, the members of the Southside Improvement club of South Omaha at their regular meeting Wednesday at the Madison street school passed a resolution abolishing the name of Albright, by which their community has been known in the past, and substituted in its stead Maple Avenue. The southside district of the Magic City will henceforth be known as the "Maple Avenue District" in the same way as the Sherman Avenue District is known to the people of Omaha.

Whence the Name. The particular name was given to the new street, which runs along Railroad avenue from W street to the county line, in recognition of the action of the city council of South Omaha in ordering 150 maple trees bought by the city and planted along the avenue.

Wednesday night the entire membership of the club was on the new Maple avenue with spades and shovels, and before night 150 holes had been dug for the trees were planted last evening.

JUDGE BRITT GIVES OLD OFFENDER USUAL SENTENCE

Fred St. Peter was arrested at Eighth and Webster streets Wednesday on complaint of Mrs. A. Rube, 28 North Tenth street, who stated that St. Peter had assaulted her little daughter and acted in a disorderly manner. The fellow, who is an old offender and has received numerous ninety-day sentences on similar charges, was given the above amount once more by Judge Britt.

Y. W. C. A. Lassies Sell Candies at Carnival

Sweets made by the sweet will be sold at the gymnastic carnival and folk dancing affair to be given by the gymnasium girls of the Young Women's Christian association in the Auditorium next Tuesday evening.

Read The Bee's "Business Chances" and get into your own business.

The Business Girls' club members will offer these for sale at moderate prices the confectionery products of their skill. There will be nougat and "divinity" and fudge and fondat and cream candies. One young woman is taking of a confectionery concoction of hers much celebrated, made of dates, stuffed with nuts and the whole covered with chocolate.
