HOGS—Fresh receipts only amounted to about 117 cars, or 7,500 head, but with the fifteen cars held over from yesterday, buyers had a pretty fair assortment to pick from. The total for the five days this week is 50,763, a gain of more than 6,000 over a week ago and 12,600 heavier than a year ago. Receipts for the week to date are the heaviest since four weeks ago. to date are the heaviest since four weeks ago.

Trade opened out in very fair shape, and under the influence of stronger prices at other points, shippers made their purchases at prices that were anyway a nickei higher. Most of the shipping hogs sold around \$7.4097.45.

Fackers started out in good season buying hogs at fully be higher prices. Sellers were playing for the full strength of the market, and things did not move very rapidly, so that when packers auddenly shut off all buying there were still between forty and fifty loads unsold. The next filler blds were sharply lower than early, and as sellers announced their intention of getting a nickel advance, or carrying their holdings till Saturday, things soon came to a complete standatill, with everyone playing a waiting game.
