FULLAWAY COUNTS TEN POINTS

ST. JOSEPH, Mo., May 8.—(Special Telegram)—Omaha high school's track and field team this afternoon won the sixteenth annual meet of the Missouri Valley Intercollegiate Athletic Association, scoring forty-six points.

W. Fullaway, who scored ten points, led his team in scoring of points. C. Moriarty scored ten. Barrett, Castle, St. Joseph Central star sprinter and jumper, was high man of the meet, registering thirteen points.

Kansas City (Kan.) High school won the relay race, for which a cup was given by St. Joseph Central. The team's time was 2:17. St. Joseph Central finished second, Omaha third and Kansas City Manual fourth. Lincoln did not take part in this event.

Fullaway, in winning the pole vault, came near to establishing a new record for the event. He cleared eleven feet two and a half inches, under the record made last year at Lincoln by L. Wain, Kansas City Manual. Fullaway tried at eleven feet four inches for the record, but fell short.

Ames Track Team Beaten by Tigers

AMES, Ia., May 8.—(Special Telegram)—Ames' unbalanced track team went down to defeat before the Tigers' well trained, uniform team this afternoon.

Ames' team, which was unexpectedly strong on the track and unexpectedly weak on the field, Simpson, record-making Missouri Valley hurdler, who was but six inches behind Kelly, the Californian who won the high hurdles in the Pennsylvania meet, was defeated by Packer of Ames in the high.

Ames' best efforts were in the high and Simpson took the low with Packer third man.

a trip to the state farm and inspection of buildings on the city campus, and the track and field meet. Omaha has succeeded in carrying off first honors in the track and field meet for the last three years.

The seven members of the Missouri Valley conference, Missouri, Drake, Ames, Kansas, Washington, Kansas Aggies and Nebraska, will be represented at the Missouri Valley tennis tournament next Friday and Saturday, at which Nebraska will play a powerful team.

Nebraska gets its only chance against Minnesota in track athletics when the Huskers go to Minneapolis for the annual dual meet between the two schools.

Minnesota is credited with a powerful team this year, with Watson, the star twinner, the best distance man in the middle west. The Gophers have already defeated Iowa, while Nebraska has shown in its earlier meets that it is woefully weak. Reed's youngsters are not expected to reverse their vital season form on a strange track.

After the Minnesota meet the Huskers will send a team to Columbia, Mo., for the Missouri Valley conference meet and the following week will send two or three of the best men to Chicago to take part in the western conference meet.

Reed likes the looks of his freshmen squad and expects great things of Owens, the little sprinter, and Brian O'Brien, a weight man.

NEW PUNCH IDEA IS GONE

No Longer Does the Press Agent Tell of Corkscrew Wallup His Man in Practicing.

FUGS APE EACH OTHER NOW

NEW YORK, May 8.—What has become of the "new punch" idea that was so popular with the press agent years ago? Do the boxers of today entirely lack the ingenuity to discover some new wrinkle, or has the sport reached that stage of development where there is nothing more to be learned?

Kid McCoy, with his mysterious corkscrew wallop, and Fitzsimmons, with his deft shift for the solar plexus, started the ball rolling. In their day every boxer in training for a bout was supposed to be secretly working on some entirely new method for getting quick results.

That is, anything out of ordinary seldom came to light when the men entered the ring made no difference. The same story proved to be just as popular the next time they fought.

Of late years this old favorite has gone out of fashion. Instead of trying something new, present day boxers try to ape the methods made famous by the old-time stars and according to the old generation of ring followers, with no great success.

JENNINGS WAS LUCKY FIND

Jumped Into Louisville Lineup with-out Any Experience and Made Good Right Off the Bat.

CONSIDERED GREATEST OF ALL

NEW YORK, May 8.—Back in the summer of 1911, a young chap with carmine-colored hair and a face sickled all over with polka dots, was catching for a base ball team representing Leighton, Pa., where he had signed that spring.

In the month of June, a certain base ball fan, in fact, he was a director of one of the clubs in a small Pennsylvania state league, sent a tip to Jack Chapman of the Louisville club of the American association concerning this young catcher, stating that if he would sign him, in less than a month he would prove the equal of the best player Chapman had on his lineup.

Jack Chapman, who had been in the game for some time, was not at all sure of the value of the tip, but he was not averse to making a try of it.

He signed Jennings, and he was not disappointed. Jennings made good right off the bat, and he was considered the greatest of all.

NEW YORK GETTING COCKY

Pug Experts Expect Coffey or Reich Gothamites, to Trim Up Champ Willard.

WHITE HOPE TERM IS PASSE

NEW YORK, May 8.—"White hopes" are no longer known by that dubious term, but have become "challengers for the title." During Jack Johnson's regime boxing followers had little sympathy to waste on the various budding hopes.

Thereafter he was made the butt of jokers, who never stopped to think that it takes years of practice to turn out a perfect fighting machine.

After the fight with Willard, the heavyweight class has become Willard's victory at Havana. One instance of it is the general interest now being shown in Jim Coffey and Al Reich.

Coffey in particular is expected to develop into a fighting man of the first class. This big Irish youth has many strong points while his faults are few and of no great importance.

King Albert Saves Life of a Soldier

(Correspondence of The Associated Press.) PARIS, April 25.—A wounded soldier in the Nates hospital tells how King Albert saved the life of a French officer.

During a furious bayonet charge a lieutenant ventured too far into the German lines and was brought down by a rifle shot. He was grievously wounded and evidently was thought by the Germans to be dead.

On regaining consciousness he saw two Belgian officers beside him, one with a lantern and the other dressing his wound. They picked him up carefully and carried him to a motor car in waiting in the road.
